Geoff,

I believe the cost is \$188 per sign. You will need to accompany the account center with the resolution stating we are authorized to install this on the specified section of roadway and we will need the ceremony date if there is one so we can coordinate installation. **Public Works will accept the funds for this project.** William and Patricia are best suited to assist you further with this and similar requests. I copied them so they are aware.

William and Patricia,

Please add anything I missed.

Good afternoon,

I know this is the end of the workday and a Holiday weekend is upon us. Can you please help? Please tell us the typical cost of the honorary signs and that Public Works will accept the funding for this Honorary sign request. We can then attach the message from you to the CIF paperwork that must be filed by the Monday noon deadline. If you can provide it tomorrow, that would be great of very early on Monday. Please feel free to call me on my cell phone (502) 836-2719. Time is of the essence and thank you.

Geoff – you may want to reach out to Mr Hines now to start lining things up, since the administration want the sign(s) installed before the end of the year. The CIF will also have to pass Council before then to provide the funding. And since Monday is the last new business deadline, it seems the CIF needs to be filed then too.

Assuming both the resolution and the CIF follow the normal course, they will be heard in committees the week of Dec 5th, and the Council on Thursday December 15.

I'm not sure what Appropriations requires to be submitted with a CIF. I've copied Sonya and LaTonya who may be able to assist. I also added Jason Fowler, who will be handling the resolution piece of the request.

Usually the cost is about \$186 per sign.

Pat and Wanda -
Honorary signs are usually placed at intersections. It reads like you want this one in the center of a block. Is that correct? Please advise on the precise location.

If Public Works needs to use an intersection, please let us know which you prefer (Witherspoon and Brook or Witherspoon and Floyd).

Also - how do you want the sign to read? EG - George E Fischer Way?

Geoff -
The CIF paperwork to fund the sign will need to be generated by your office and put into Granicus. No legislation needed for that. I'm not sure how much lead time PW needs.

Wanda and Council Member Mulvihill,

I have received the item in Granicus. Once the language of the draft is confirmed, I will upload and approve.

I reiterate that though I have not specified where the funds will come from in the Resolution, the sign provided to the family for a keepsake must not be paid for from public funds. See Sec. III.

Thanks!

I have attached a draft of the Resolution for review. If the language of the draft is satisfactory, I would ask that the item be initiated in Granicus and delegated to myself so that I may upload the language and approve.

Because the second sign will not be installed, it is my understanding that the family will have to cover the \$188 cost.

Thanks!
