Jeff -

Here is my reworded Description/project.....I will be bringing copies with me today. I will send an updated budget when I get into the office. Call if you need anything else.

1. \$10,000 Community Interactive Learning Website about Suffrage History. Public purpose is to educate students and everyday citizens about women's suffrage. OFW is one of 3 Primary Leaders to educate and build activities leading up to the 100th Anniversary in 2020 of women winning the right to vote.
2. \$3,000 Eviction Diversion Program. OFW is a member of a coalition of housing advocates that are working to try and keep people from being evicted, both through their landlord sending notices and through the courts providing handouts listing legal and housing services to people being evicted. This is a pilot project with Alltrade Properties. Public purpose is to create a system that keeps people housed by working with them to stabilize them which will prevent them from becoming homeless which costs many times more than the amount they are being evicted for.

3. \$3,500 Gen WOW Girls Mentoring Program. OFW is partnering with Muhammad Ali Center, Metro United Way, and JCPS to bring this model program to Louisville. It has shown overwhelming success where it has been implemented. JCPS is providing 20 girls from 20 public schools, and we were part of recruiting the women mentors. Public purpose is to build equity for girls and women by providing mentoring opportunities that will lead to building their confidence, understanding the corporate, non-profit, and governing structures that will guide them to choosing fields of interest. It also aims to equip them to advocate for equal pay for equal work for themselves and systemic changes for institutions that don't provide equal pay for equal work.
4. \$10,000 OFW Annual Summit/Event. OFW is in the process of planning a spring event we want to be the first of an annual event. We want to bring in to-level presenters in order to have an event that is always exciting, relevant, inspirational and that women, and men, look forward to. The goal would be to always have a local component to the topic at hand, though the speakers might be more nationally focused. Public purpose is to identify those areas locally where women still lag behind and advocate for change. The summit will focus both internally to metro government as well as local businesses and non-profits. An outcome might be advocating for policy change and legislative change based on what we learned by bringing presenters in to share their successful programs and how they might be implemented in Louisville to close the gender disparity gap.
5. \$2,500 Short Changing Women Study. OFW, in partnership with the UofL Women's Center needs to conduct a county-wide study/survey to determine the current status of women's pay. This will include hiring a data analyst to help create the survey instruments, developing target areas, including in all 26 Metro Council Districts, and then analyze the results. Public purpose is to get a more accurate picture where there are gaps and begin to create programs that help businesses, and government create a plan that can accomplish pay equity with a period of time that is doable and not a hardship. The lack of equal pay for equal work is a leading factor in the long-term financial and physical health of women. It helps our community's bottom line in many ways when women are paid equally which reduces the likelihood that they will need public services in the future.

Tina –

See below the comments from our CPA lady, LaTonya. This is the email I thought we might need but agreed with you we didn't.

***Missing supporting documentation from the Office for Women providing the estimated/proposed cost and the purpose of the request along with acceptance of the funds from District 26.***

I need something from you to specifically address this.

- Jeff

**Subject:** District 26 - 10/3/18 Appropriations Committee Comments - O-361-18  
**Importance:** High

Good afternoon,

Please correct the issues in red font type below and submit the corrected/revised documents to us by email as soon as possible. Thanks.

**33. O-361-18**      ***AN ORDINANCE APPROPRIATING \$10,000 FROM DISTRICT 26  
NEIGHBORHOOD DEVELOPMENT FUNDS TO OFFICE FOR WOMEN.***  
**Sponsors:**      Primary Brent Ackerson (D-26)

**Attachments:**      O-361-18 V.1 092718 D26 NDF to Office for Women.pdf

O-361-18 OFW.pdf

***Comments: The appropriation will be used to expand the Office of Women's role in Louisville by partnering with MUW, JCPS and Ali Center for a robust mentoring program; with many housing organizations and judges to reduce homelessness through eviction prevention; with Louisville Human Trafficking Task Force and U of L to more strongly advocate its elimination; with the non-partisan League of Women Voters to celebrate Women's Equality Day annually and to be a lead partner in the 2020 Centennial Celebration of the 19<sup>th</sup> Amendment, and etc.***

***Missing supporting documentation from the Office for Women providing the estimated/proposed cost and the purpose of the request along with acceptance of the funds from District 26.***

***NDF Agency Request Form:***

*The NDF Agency Request Form has \$26,000 recorded as the appropriation amount at the top of the form; however, Council member Ackerson is the only sponsor that signed the form for \$10,000. The \$26,000 appropriated amount should equal to the sponsored amount of \$10,000 that corresponds to the Council members' signature of sponsorship amount on the form.*

***NDF Interagency Checklist:***

*Missing Interagency Name and Program/Project Name at the top of the checklist.*

Thank you,

LaTonya
