SECTION 3 – AGENCY DETAILS

Describe Agency's Vision, Mission and Services:

The American Red Cross exists to alleviate human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors. We fulfill this mission by helping people affected by disasters in communities all across the United States. The American Red Cross was founded in 1881 by Clara Barton, and the Louisville Area Chapter opened its doors in 1917. Since its founding, the American Red Cross has been the nation's premier emergency response organization. In addition to its renowned domestic disaster preparedness and response activities, the Red Cross distinguishes itself by offering compassionate services in four other areas: educational programs that promote health and safety; support and comfort for military members and their families; the collection, processing, and distribution of lifesaving blood and blood products; and international humanitarian service programs. On a global scale, we mobilize the power of the world's largest humanitarian network, made up of 186 Red Cross and Red Crescent national societies. Across the country, over 500 chapters comprise the American Red Cross network, multiplying our organizational presence in order to guarantee that help and hope are on the scene wherever and whenever needed.

Through our chapter network, we respond to emergencies in local communities every eight minutes. When disaster strikes, we provide food, shelter, direct financial assistance, emotional support, and casework for longer-term recovery. In preparation for disasters, we provide a series of preparedness education classes as well as health and safety courses on life-saving techniques; identify facilities and partners with the capacity to provide disaster-related mass care services; address community issues and the needs of special populations; and train a corps of disaster volunteers. Year-round, more than 500,000 nationally. volunteers work side-by-side with Red Cross staff to ensure that community members in need receive the care and comfort they deserve. In the Kentucky Region, we maintain 3,200 volunteers to aid in our efforts.

SECTION 5 – PROGRAM/PROJECT NARRATIVE

A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

Our Home Fire Campaign (HFC) seeks to educate the public, and more specifically, those in distressed communities about fire safety, planning, and education. Our signature event, Sound the Alarm, Save a Life, targets these neighborhoods by installing smoke alarms, free of charge. Our partnership proposal to Metro Louisville in the amount of \$25,000, helps fund our Home Fire Campaign and Sound the Alarm, Save a Life. For the past two decades, the number of people in the U.S. who are killed or injured due to home fires each year has remained relatively unchanged. In a recent survey, we found the majority of respondents were dangerously misinformed about home fire preparedness and how to react during an emergency. To address this preventable tragedy, the Red Cross launched the Home Fire Campaign in 2015. Through our neighborhood canvassing, in home fire safety education, and our Pillowcase Project, where we teach children in classrooms about fire safety. The Red Cross has made fire safety education a top priority for the community. We offer civic participation and volunteering through community canvassing. Our teams of 500 volunteers go door-to-door meeting with families, particularly in vulnerable communities, to complete home-safety checklists and help them develop disaster plans. Our Home Fire Campaign aims to keep people healthy by reducing death and injury. The total cost for treating fire injuries and burns amounts to \$1.3 billion each year. Further, lost productivity due to injuries leads to an additional \$6.2 billion in losses. This initiative strategically focuses on the Russell and Portland neighborhoods of Louisville. On May 12, 2018, the Red Cross will go out into the community to install 1,000 smoke alarms, free of charge, and educate the public on fire safety. We will also install alarms throughout the year during events like the Mayor's Give a Day. Last fiscal year 2017, we installed over 2,000 alarms in Metro Louisville and plan to exceed that number this year.

B: Describe specifically how the funding will be spent including identification of funding to sub grantee(s):

The \$25,000 would go towards purchasing 1,666 smoke alarms and materials for our signature Sound the Alarm event, and future installs.

Last year, the Red Cross provided almost \$150,000 to Louisville residents after a home fire, helping 770 clients in 288 home fires. That is almost 1 home fire per day in the Metro area. Each smoke alarm unit costs \$11 and materials such as education pamphlets, screws and ladders cost \$4 per alarm, allowing us to purchase 1,666 alarms towards our 10,000 alarms installed goal, but also our goal of 1,000 smoke alarms for Sound the Alarm. In Fiscal Year 2017, the Kentucky Region surpassed its goal of 10,000 alarms by installing almost 18,000.

Our program works by creating local partnerships within the community at large. The Red Cross partners with local fire departments, such as Louisville Fire Department, to educate the community on fire safety. We engage the local community through education and volunteering as well. Lastly, we work within local and social media platforms to help promote the Home Fire Campaign and Sound the Alarm, Save a Life.

E: Describe the program's benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

While the results of our programs can be quantified, they may be best described through the stories of neighbors we are trying to save through the Home Fire Campaign:

In April of 2017, two weeks after a large scale home fire campaign event in the Okolona neighborhood of Louisville, a family of nine averted tragedy due to working smoke alarms that the Red Cross had installed. While the home burnt to the ground, the smoke alarms allowed the family to escape, including the small children at home. This program saves lives and as of date, 38 lives in Kentucky have been saved due to working smoke alarms installed from the Red Cross. All smoke alarms installed and homes visited are tracked, as well as demographic information, to ensure we are supporting the areas with greatest need. We also identify homes affected by fires after receiving our support. We then disseminate information to each region, including management and staff, who then supply that info to funders, donors, volunteers, board members, and media. We collect surveys throughout the year from volunteers, disaster clients, training participants and community partners. These surveys help us assess the quality of our services. Smoke alarms installed during the Home Fire Campaign and the Sound the Alarm event are tracked based on two factors. First, we will track the 1,000 homes where alarms are installed by having clients sign a document stating we have educated the household and installed the alarm. This information is then placed into our internal database, where we disseminate as stated above. Secondly, we track post-installation metrics, due to each alarm possessing a 10-year lithium battery. Our internal management system lets the Red Cross know when each alarm is set to expire, and our plan is to recanvass those neighborhoods at the end of that 10 year period and complete reinstalls.

Home fire deaths and injuries are tracked on a national level by the National Fire Protection Association (NFPA). The NFPA collects this data from fire departments across the country. Used for many years, this methodology has been time-tested and proven as relatively accurate. We will use this information to assess where our Home Fire Campaign is needed most in the communities served and the affects it has on the number of deaths and injuries due to home fires. We will report on the number of smoke alarms installed, families "saved" and students trained via internal tracking. ■

F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this program/project specifically.

The American Red Cross works with many social service groups, schools, religious organizations, volunteers, government, and local first responders to ensure preparedness and recovery in the case of a home fire. From our local homeless shelters and food pantries, to police and fire, hospitals and corporations; we all have an active role in the recovery process to support our friends and neighbors after the devastation of a home fire. Our goal is to know these partners and have these resources identified well before they are needed. One way we do this is by engaging the community in our Home Fire Campaigns. We recruit volunteers from all around the community to install smoke alarms and teach home fire education and planning. By actively engaging the community, we promote growth and sustainability to neighborhoods as they increase the ability to become more autonomous through fire safety education. It is truly, neighbors helping neighbors.

The Red Cross works in partnership with the Louisville Fire Department, as well as other fire departments contained in the 88 small home rule cities within Jefferson County. With these partnerships, we can best prioritize what area locations would best served in fighting homes fires.

In order to help us with our Home Fire Campaign and Sound the Alarm, the Red Cross Kentucky Region has brought on multiple funders to partner with for this initiative. All funders who support Sound the Alarm, support our Home Fire Campaign. Almost Family, MainSource Bank, Louisville Water Company, MSD, PNC Bank, and Passport Health Plan have all come on board to generously support our local efforts as sponsors of the event.

TEMPLATE – SMOKE ALARMS PURCHASE ORDER AND VENDOR STATEMENT

For use in lieu of invoices and budget actuals

Instructions:

The American Red Cross purchases the smoke alarms for the home fire campaign at a steep discount from a national supplier. Those purchases are made two or three times a year therefore it is not possible to provide a vendor generated invoice stating which regions or communities received xxxx number of smoke alarms. Additionally, due to confidentiality agreements with the vendor, we are unable to release any invoice at all from the vendor which would display the unit cost of a single smoke alarm. Below are two internal templates that region fundraisers may use to support donor requests for documentation.

- 1. The Purchase Order – can be provided to a potential donor if it is required as part of the Ask. Simply multiply the number of smoke alarms by \$11 to arrive at the total cost. There is also a space for a signature from your regional disaster officer/regional executive/local disaster personnel.**
- 2. Vendor Statement – can be used for stewardship purposes. You can show the donor the number of smoke alarms that were installed. There is a signature line that can be signed by your regional disaster officer/regional executive/or local disaster personnel.**

Please do not sign or agree to any arrangements that require us to deliver a third-party vendor invoice. It will not be available either before or after the funding is received.

**AMERICAN RED CROSS
Purchase Order**

The American Red Cross, through its National Headquarters in Washington, D.C. is providing each of its Regions throughout the country with smoke alarms, including 10-year batteries, which they purchase at a bulk rate. Each Red Cross region or state needs to work closely with community partners to secure the much-needed funds to support those efforts associated with the smoke alarms and their installations across the state.

Ms. Hinson,

We have worked with the Red Cross Sound the Alarm program in the past and plan to be a part of their next event currently planned for May. Our role is to accompany their teams of volunteers while they canvas a targeted area. These events essentially mirror our existing program of choosing an area and knocking on doors testing smoke alarms, which we replace free of charge if there is not protection in the home. They do a good job of reaching some hard to reach people so we are not opposed to them pursuing the grant. If you need further info, please let me know.

The overtime pay is a result of several open FTE positions in the transportation program. As of February 28th, the Region has 23.38 open budgeted FTE positions. Of the open budgeted FTE positions, 9 are in the transportation program, 11.38 are in the FAST program, 2 are in Fundraising, and 1 is a community services caseworker. Benefits are a function of salaries. However, the YTD favorable variance percentage is slightly higher in benefits than in salaries due to overtime, as overtime results in a lower benefit amount than does straight time. At the current run rate, the Region is trending to a \$181,000 favorable variance for FY17.

Dear Taxpayer:

This is in response to your May 31, 2016, request for information regarding your tax-exempt status. You have represented that you are a chapter, branch or auxiliary of the American National Red Cross.

Our records indicate that in December 1938, the American National Red Cross was held to be exempt from Federal income tax under section 101(6) of the Internal Revenue Act of 1938, which now corresponds to section 501(c)(3) of the Internal Revenue Code. In a subsequent determination, the American Red Cross was classified as a publicly supported organization described in sections 509(a)(1) and 170(b)(1)(a)(vi) of the Code.

Even though the American National Red Cross was issued an individual ruling, this ruling covers its chapters, branches, and auxiliaries.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Doris Kenwright, Operation Mgr.

Independent Auditors' Report

The Board of Governors
The American National Red Cross:

We have audited the accompanying consolidated financial statements of The American National Red Cross (the Organization), which comprise the consolidated statement of financial position as of June 30, 2017, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The American National Red Cross as of June 30, 2017, and the changes in their net assets, their functional expenses and their cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Report on Summarized Comparative Information

We have previously audited The American National Red Cross 2016 consolidated financial statements, and expressed an unmodified audit opinion on those consolidated financial statements in our report dated October 27, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental information included in the accompanying Schedule is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

(1) Summary of Significant Accounting Policies

Organization and Basis of Presentation: The American National Red Cross (the Organization) was established by an Act of the United States Congress on January 5, 1905 for the primary purposes of furnishing volunteer aid to the sick and wounded of the Armed Forces in time of war and to carry on a system of national and international relief in time of peace to mitigate the suffering caused by fire, famine, floods and other great natural calamities. The mission of the Organization has expanded since that time to help people prevent, prepare for, and respond to emergencies.

The accompanying consolidated financial statements present the consolidated financial position and changes in net assets, functional expenses and cash flows of the Organization. The Organization has national and international programs that are conducted by its headquarters, biomedical services, and chartered local chapters. Also included in the consolidated financial statements are the net assets and operations of Boardman Indemnity Ltd., a 100% owned captive insurance subsidiary, ARC Receivables Company, LLC, a wholly owned bankruptcy-remote special purpose entity, and Delta Blood Bank, LLC, a wholly owned blood bank. All significant intra-organizational accounts and transactions have been eliminated.

Program activities include services to the Armed Forces, biomedical services, community services, disaster services, health and safety services, and international relief and development services. Biomedical services include activities associated with the collection, processing, testing, and distribution of whole blood and components at 36 local blood services region operations, three national testing laboratories, a biomedical research facility, and related national support functions.

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to any donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed restrictions on their use that may be met either by actions of the Organization or the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed or other legal restrictions requiring that the principal be maintained permanently by the Organization. Generally, the donors permit the Organization to use all or part of the income earned for either general or donor-specified purposes.

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

The consolidated financial statements are presented with certain prior year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's consolidated financial statements for the year ended June 30, 2016 from which the summarized information was derived.

(a) Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements. Estimates and assumptions may also affect disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses. Actual results could differ from management's estimates.

(b) Cash Equivalents

The Organization considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents consist of money market mutual funds and overnight investments of approximately \$114 million and \$64 million as of June 30, 2017 and 2016, respectively.

(c) Investments

Investments are reported at fair value except for certain alternative investment funds that, as a practical expedient, are reported at estimated fair value utilizing net asset values. Net asset value, in some instances may not equal the fair value. The Organization does not intend to sell any of the funds at an amount different from net asset value per share at June 30, 2017. The Organization reviews and evaluates the net asset values provided by the general partners and fund managers and agrees with the valuation methods and assumptions used in determining net asset values of these funds.

Investment income classified as operating revenue consists of interest and dividend income on investments and any gains approved for use in operations (note 4). All other realized and unrealized gains or losses are classified as nonoperating activities and are available to support operations in future years and to offset potential market declines.

Investments classified as current are available for operations in the next fiscal year.

(d) Derivative Financial Instruments

The Organization makes use of derivative financial instruments in order to create or mitigate certain risks. Derivative financial instruments are recorded at fair value (note 4). Derivatives in an asset and liability position are offset against each other and reported net in investments in the statement of financial position.

(e) Endowment Fund

The Organization has maintained a national endowment fund since 1905. From 1910 until June 30, 2015, any gift to the American Red Cross National Headquarters from a will, trust or similar instrument

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

(with summarized information for the year ended June 30, 2016)

that did not direct the use of the funds was deposited into the Endowment Fund, recorded as permanently restricted to be kept and invested in perpetuity and, accordingly, reported as permanently restricted net assets. In fiscal year 2015, the Organization adopted a new policy that gifts to the American Red Cross National Headquarters from a will, trust or similar instrument dated on or after July 1, 2015 without a direction to the application or purpose of the funds shall be allocated at the discretion of senior management to where the need is greatest. Such amounts will be reported as increases to unrestricted net assets. All gifts to the American Red Cross National Headquarters that are designated to be permanently restricted shall continue to be deposited into the Endowment Fund regardless of the date of the gift instrument.

(f) Inventories

Inventories of supplies purchased for use in program and supporting services are valued using the average cost method. Whole blood and its components are valued at the lower of average cost or market.

(g) Land, Buildings, and Other Property

Purchases of land, buildings, and other property having a unit cost per established guidelines and a useful life of three or more years are capitalized at cost. Donated assets are capitalized at the estimated fair value at date of receipt. Interest expense incurred during a period of construction, less related interest income earned on proceeds of tax-exempt borrowings, is capitalized.

Property under capital leases is amortized over the lease term. Any gain or loss on the sale of land, buildings and other property is reported as other revenues on the consolidated statement of activities.

Application development costs incurred to develop internal-use software are capitalized and amortized over the expected useful life of the software application. Activities that are considered application development include design of software configuration and interfaces, coding, installation of hardware, and testing. All other expenses incurred to develop internal-use software are expensed as incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

<u>Class of property</u>	<u>Useful life in years</u>
Buildings	45
Building improvements	10
Equipment and software	3-15

(h) Long-Lived Assets

Long-lived assets, such as land, building and other property, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances require a long-lived asset be tested for possible impairment, the

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

(with summarized information for the year ended June 30, 2016)

Organization first compares undiscounted cash flows expected to be generated by an asset to the carrying value of the asset. If the carrying value of the long-lived asset is not recoverable on an undiscounted cash flow basis, an impairment loss is recognized to the extent that the carrying value exceeds its fair value. Fair value is determined through various valuation techniques including discounted cash flow models, quoted market values and third-party independent appraisals, as considered necessary.

(i) Property and Casualty Insurance

The Organization maintains various insurance policies under which it assumes a portion of each insured loss. Assumed losses are retained by the Organization through its wholly owned insurance subsidiary, Boardman Indemnity, Ltd. (Boardman). The Organization also purchases insurance to supplement the coverage by Boardman. The liabilities for outstanding losses and incurred but not reported claims have been determined based on actuarial studies and are reported as other liabilities in the consolidated statement of financial position, and were approximately \$83 million and \$91 million as of June 30, 2017 and 2016, respectively.

(j) Revenue Recognition

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period received or promised. Contributions receivable due beyond one year are stated at net present value of the estimated cash flows using a risk-adjusted rate. Conditional contributions are recorded when the conditions have been substantially met. Contributions are considered to be unrestricted unless specifically restricted by the donor for time or purpose.

The Organization reports contributions in the temporarily or permanently restricted net asset class if they are received with donor stipulations as to their use and/or time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are released and reclassified to unrestricted net assets in the consolidated statement of activities.

Donor-restricted contributions are initially reported in the temporarily restricted net asset class, even if it is anticipated such restrictions will be met in the current reporting period.

Products and services revenue, which arises principally from sales of whole blood and components and health and safety course fees, is generally recognized upon shipment of the product or delivery of the services to the customer.

Revenues from grants and contracts, including those from federal agencies, are generally reported as unrestricted contract revenue and are recognized as qualifying expenses are incurred under the agreement.

Gains and losses on investments and other assets and liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

(with summarized information for the year ended June 30, 2016)

(k) Contributed Services and Materials

Contributed services reflect the important impact volunteers have in delivering the Organization's mission. Contributed services are reported at fair value in the financial statements for voluntary donations of services when those services (1) create or enhance nonfinancial assets or (2) require specialized skills provided by individuals possessing those skills and are services which would be typically purchased if not provided by donation.

The Organization engages more than 283,000 volunteers. A small percentage of these volunteers meet the above criteria and are reported in contributed services. Contributed services for the year ended June 30, 2017 includes the services of approximately 13,100 volunteers. The Organization recorded contributed services revenue and related expense of approximately \$40 million and \$36 million, for the year ended June 30, 2017 and 2016, respectively. Of the \$40 million and \$36 million recorded in 2017 and 2016, respectively, \$31 million related to volunteer efforts in support of disaster services and services to the Armed Forces.

Contributed materials are recorded at their fair value at the date of the gift. Gifts of long-lived assets are recorded as restricted support. This restriction is released ratably over the useful life of the asset.

(l) Income Taxes

The American National Red Cross is a not-for-profit organization incorporated by the U.S. Congress through the issuance of a federal charter. The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except on net income derived from unrelated business activities. At June 30, 2017 and 2016, the Organization has determined that no income taxes are due for such activities. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements. Management annually reviews its tax positions and has determined that there are no material uncertain tax positions that require recognition in the consolidated financial statements.

(m) Accounts Receivable Securitization

The Organization has an accounts receivable securitization program that is accounted under Accounting Standards Update (ASU) No. 2009-16, *Transfers and Servicing (Topic 860): Accounting for Transfers of Financial Assets* (note 11).

(n) Adoption of Recently Issued Accounting Pronouncements

In fiscal year 2017, the Organization early adopted the provision related to the fair value disclosure exemption provided to nonpublic business entities of ASU 2016-01, *Recognition and Measurement of Financial Assets and Financial Liabilities*. For nonpublic business entities, the ASU eliminates the requirement under ASC 825, *Financial Instruments*, to disclose the fair values of financial assets and financial liabilities measured in the financial statements at amortized cost.

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

Assets held for sale were as follows at June 30, 2017 and 2016 (in thousands):

	2017	2016
Land	\$ 8,482	12,601
Buildings and improvements	36,145	68,702
Total cost of assets held for sale	44,627	81,303
Less accumulated depreciation and amortization	(18,549)	(30,641)
Assets held for sale, net	\$ 26,078	50,662

These assets have been segregated from land, buildings, and other property and presented as assets held for sale within the accompanying consolidated financial statements. The Organization identified these assets as not critical to supporting its primary mission as part of ongoing assessment procedures. The Organization then evaluated the identified assets using the criteria for classification as held for sale included in ASU 205 2014-08, Topic 360, *Property, Plant, and Equipment*. Certain assets or portions of assets identified were determined to meet the criteria and have been classified as such. The carrying value of these assets has been compared to the current appraised values less cost to sell and determined not to be impaired. During fiscal year ended June 30, 2017, the gain on the buildings and improvements assets held for sale was approximately \$63M, which is included in other revenue on consolidated statement of activities.

(4) Investments and Fair Value Measurements

The Organization applies the provisions of ASC 820, *Fair Value Measurements and Disclosures*, for fair value measurements of investments that are recognized and disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that requires the Organization to maximize the use of observable inputs when measuring fair value. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Organization's market assumptions. The three levels of the fair value hierarchy are as follows:

- Level 1 – Quoted prices for identical assets or liabilities in active markets.
- Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; or market – corroborated inputs.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In certain cases, the inputs to measure fair value may result in an asset or liability falling into more than one level of the fair value hierarchy. In such cases, the determination of the classification of an asset or liability within the fair value hierarchy is based on the least determinate input that is significant to the fair value measurement.

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

For the years ended June 30, 2017 and 2016, there were no transfers between levels.

The Organization's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

The following table represents investments that are measured at fair value on a recurring basis at June 30, 2017 (in thousands):

	<u>June 30, 2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Measured at NAV(1)</u>

(1) Certain investments are measured at fair value using NAV as a practical expedient and have not been classified in the fair value hierarchy. The NAV amounts have been presented to permit reconciliation of the fair value hierarchy to the amounts presented in the consolidated statement of financial position.

The Organization used quoted prices in principal active markets for identical assets as of the valuation date (Level 1) to value certain cash equivalents at June 30, 2017 and 2016.

For the valuation of certain cash equivalents, U.S. government and sovereign securities, and fixed income and equity commingled funds at June 30, 2017 and 2016, the Organization used significant other

observable inputs, particularly dealer market prices for comparable investments as of the valuation date (Level 2). The Level 2 commingled funds have a readily determinable fair value.

For the most part, the valuation of hedge funds, private equity and debt funds, real estate and real assets funds, at June 30, 2017 and 2016, are reported at estimated fair value utilizing the net asset values provided by fund managers as a practical expedient. In a few instances, additional supplemental information provided by the fund manager has been utilized to evaluate fund values and level the investments. Reported fund values utilize significant unobservable inputs; management reviews and evaluates the values provided by fund managers and general partners and agrees with the valuation methods and assumptions used in determining the reported fair values of the alternative investments.

The following table presents the Organization's activity for investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended June 30, 2017 and 2016 (in thousands):

- (a) **Hedge Fund Investments.** Hedge fund strategies include: relative value, event driven, and arbitrage strategies. Underlying hedge fund holdings can consist of the full spectrum of global equity and fixed income instruments. Positions may be long and short; leverage may also be used. Some funds may invest in side pockets, which are a separate share class and are not available for redemption until the investment is liquidated by the manager.
- (b) **Non-Marketable Investment Strategies.** Private equity and debt strategies include: leveraged buyout, growth equity, venture capital, and distressed debt. Real estate and real assets strategies include: natural resources (such as oil and gas or minerals and mining) and timber. Nonmarketable funds do not permit redemptions; capital is returned to investors at the discretion of the investment manager and in accordance with limited partnership terms. Interim distributions of interest and dividends can be made; however, capital and realized gains are generally distributed when underlying investments are liquidated. Funds are able to recall distributions. It is expected that the majority of the nonmarketable investments will be liquidated over the next ten years.
- (c) Represents funds redeemed and received since the June 30, 2017 reporting date. Also represents expected redemptions related to audit holdbacks, where funds retain a portion of requested redemptions until the fund's annual audit is complete in order to accommodate potential final NAV adjustments.

The Organization transacts in a variety of derivative instruments, including swaps and options, for investment and hedging purposes, in order to create or mitigate certain exposures. Each instrument's primary underlying exposure is equities, commodities, interest rates, or currencies. Such contracts involve, to varying degrees, risks of loss from the possible inability of counterparties to meet the terms of their contracts. In the case of over-the-counter derivatives, collateralization and daily marks-to-market mitigate counterparty risk. The Organization also invests in highly liquid, exchange-traded contracts to achieve exposure to U.S. Treasury securities; these contracts are also marked-to-market daily, with daily exchanges of variation margin, but do not require collateralization per se. Foreign exchange derivatives can be used to facilitate trade purchases and sales as well as for hedging purposes.

For the valuation of the Organization's derivative contracts at June 30, 2017, the Organization used significant other observable inputs as of the valuation date (Level 2), including prices of instruments with similar maturities and characteristics, interest rate yield curves, measures of interest rate volatility and various market indices. The value was determined and adjusted to reflect nonperformance risk of both the counterparty and the Organization.

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is at least reasonably possible that changes in these risks could materially affect the estimated fair value of investments reported in the consolidated statement of financial position as of June 30, 2017. However, the diversification of the Organization's invested assets among these various asset classes is management's strategy to mitigate the impact of any dramatic change on any one asset class.

Certain bonds are subject to redemption prior to the maturity at the option of the Organization. The repayment terms of the variable rate debt generally require monthly payments of interest and annual principal reduction. The registered owners of the bonds and notes with demand repayment rights may demand repurchase of the bonds and notes for an amount equal to the principal plus accrued interest. Letters of credit or standby credit facilities have been established with multiple banks in the aggregate

amount of \$11 million and \$61 million for fiscal years 2017 and 2016, respectively, to provide liquidity in the event other funding is not available for repurchasing. As of June 30, 2017, the maturity dates for these liquidity facilities are in calendar year 2018. Approximately \$10 million of the debt with demand repayment rights bears interest at flexible rates with flexible rate periods of any duration up to 270 days. The remaining debt with demand repayment rights is remarketed on a weekly basis bearing interest rates that are reset weekly.

Certain of the Organization's debt agreements include covenants that require the Organization to maintain certain levels of financial ratios. The Organization was in compliance with its covenant requirements as of and for the year ended June 30, 2017.

Scheduled maturities and sinking fund requirements of the debt and credit agreements as of June 30, 2017 are as follows (in thousands):

Interest expense was approximately \$30 million and \$32 million for the years ended June 30, 2017 and 2016, respectively, which is included in contractual services on the statement of functional expenses.

(a) Bank Lines of Credit

The Organization maintained several committed and uncommitted lines of credit with various banks for its working capital requirements. As of June 30, 2017, there were \$100 million borrowings outstanding under lines of credit and there were no borrowings outstanding under lines of credit as of June 30, 2016. The Organization had unused lines of credit outstanding of approximately \$275 million at both June 30, 2017 and June 30, 2016. The amounts available to be borrowed on the lines of credit are subject to the limitations of the Organization's debt covenants.

(b) Interest Rate Swap Agreements

The Organization held variable rate debt of approximately \$172 million and \$119 million at June 30, 2017 and 2016, respectively. Interest rate swap agreements are used by the Organization to mitigate the risk of changes in interest rates associated with variable interest rate indebtedness. Under such arrangements, a portion of variable rate indebtedness is converted to fixed rates based on a notional principal amount. The interest rate swap agreements are derivative instruments that are recognized at fair value and recorded on the statement of financial position. At June 30, 2017, the aggregate notional principal amount under the interest rate swap agreements, with maturity dates ranging from calendar year 2017 through 2021, totaled \$62 million. At June 30, 2016, the aggregate notional principal amount under the interest rate swap agreements, with maturity dates ranging from calendar year 2016 through 2021, totaled \$80 million. The estimated fair value of the interest rate swap

agreements was a liability of approximately \$2.9 million and \$5.7 million, respectively, and is included in other liabilities in the accompanying consolidated statements of financial position as of June 30, 2017 and 2016.

The change in fair value on these interest rate swap agreements was a gain of approximately \$2.8 million and \$0.1 million for the years ended June 30, 2017 and 2016, respectively, and is included in nonoperating gains in the consolidated statements of activities.

For the valuation of the interest rate swaps at June 30, 2017 and 2016, the Organization used significant other observable inputs as of the valuation date (Level 2), including prices of instruments with similar maturities and characteristics, interest rate yield curves and measures of interest rate volatility. The value was determined and adjusted to reflect nonperformance risk of both the counterparty and the Organization. See note 4 for definitions of Levels 1, 2 and 3.

(c) Letters of Credit

The Organization had unused letters of credit outstanding of approximately \$55 million at June 30, 2017 and 2016.

(6) Leases

The Organization leases certain buildings and equipment for use in its operations. The following summarizes minimum future rental payments under operating leases for the fiscal years ending June 30 (in thousands):

2018	\$	25,571
2019		17,623
2020		12,799
2021		10,621
2022		9,095
Thereafter		51,710
Total minimum lease payments		\$ 127,419

Total rent expense was approximately \$45 million for both of the years ended June 30, 2017 and 2016, respectively, and is included in contractual services on the consolidated statement of functional expenses.

Future minimum rental payments to be received by the Organization for office space leased at the National Headquarters building as of June 30, 2017, are as follows (in thousands):

(7) Net Assets

Unrestricted net assets (deficit) are comprised of the following at June 30, 2017 and 2016 (in thousands):

	<u>2017</u>	<u>2016</u>
Unrestricted net assets (deficit)	\$ (249,785)	(424,452)
Add back (deduct) long term assets and liabilities:		
Pension and postretirement liabilities	783,698	1,106,822
Other long-term liabilities	568,343	618,054

Unrestricted net assets available for operations	\$ <u>326,897</u>	<u>522,417</u>

The organization monitors cash and investment reserve requirements across the entire enterprise to ensure service delivery can be performed. Management actively manages short- and long-term cash needs against all available liquidity from cash, investments and fair value of land, building, and equipment held for sale. As a result, it continues to have positive mission-related operating net assets, even though the Organization has pension-related and other long-term liabilities.

Temporarily restricted net assets are available for the following purposes or periods at June 30, 2017 and 2016 (in thousands):

	<u>2017</u>	<u>2016</u>
Disaster services	\$ 9,562	11,237
International relief and development services	118,325	153,073
Buildings and equipment	5,289	5,665
Endowment inflation adjustment reserve	218,235	207,264
Endowment assets available for future appropriation	170,180	129,858

Time restricted	<u>74,787</u>	<u>74,691</u>
Total temporarily restricted net assets	\$ <u>608,304</u>	<u>602,314</u>

Permanently restricted net assets at June 30, 2017 and 2016 consist primarily of endowed contributions, the income from which is available principally to fund general operations. Other permanently restricted net assets consist of beneficial interests in perpetual trusts and other split interest agreements (note 9).

(8) Endowments

Effective January 23, 2008, the District of Columbia enacted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the provisions of which apply to endowment funds existing on or established after that date. Based on its interpretation of the provisions of UPMIFA, the Organization is required to act prudently when making decisions to spend or accumulate donor restricted endowment assets and in doing so to consider a number of factors including the duration and preservation of its donor restricted endowment funds. The Organization classifies as permanently restricted net assets the original value of gifts donated to be held in perpetuity. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

The Organization has adopted and the Governing Board has approved the Statement of Investment Policies and Objectives for the endowment fund. This policy has identified an appropriate risk posture for the fund, stated expectations and objectives for the fund, provides asset allocation guidelines and establishes criteria to monitor and evaluate the performance results of the fund's managers.

To satisfy its long term rate of return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

The Organization makes distributions from income earned on the endowment fund for current operations using the total return method. In establishing this method, the Organization considered the long-term expected return on its funds. To the extent that distributions exceed net investment income, they are made from accumulated gains. The Board of Governors approves the spending rate, calculated as a percentage of the five-year calendar trailing average fair value of the endowment fund at the beginning of each fiscal year.

A spending rate of approximately 3.8% for both years 2017 and 2016 of the trailing five-year market value was applied to each unit of the endowment fund and resulted in total distributions of approximately \$37 million and \$36 million for the years ended June 30, 2017 and 2016, respectively. Approximately \$37 million and \$29 million of the amounts represent utilization of accumulated realized gains, for the years ended June 30, 2017 and 2016, respectively. A one-time annual spending rate of 15% of the trailing five-year market value has been approved for 2018.

Net asset classification by type of endowment as of June 30, 2017, is as follows (in thousands):

	<u>Unrestricted</u>	<u>Temporarily restricted</u>	<u>Permanently restricted</u>	<u>Total</u>

(9) Split Interest Agreements

The Organization is a beneficiary of split interest agreements in the form of charitable gift annuities, perpetual trusts held by third parties, charitable remainder trusts and pooled income funds. The value of split interest agreements is measured as the Organization's share of fair value of the assets. Of the \$255 million and \$244 million in assets under these agreements as of June 30, 2017 and 2016, respectively, which are included in other assets on the consolidated statement of financial position, \$39 million and \$38 million, respectively, are charitable gift annuities and the remainder are assets for which the Organization is not the trustee. Liabilities associated with these agreements are \$29 million and \$27 million for the years ended June 30, 2017 and 2016, respectively, of which \$4 million and \$3 million is included in other current liabilities and \$25 million and \$24 million is included in other noncurrent liabilities on the consolidated statement of financial position, respectively.

(10) Benefit Plans

(a) The Retirement System of the American National Red Cross and The American Red Cross Life and Health Benefit Plan

Before July 1, 2009, employees of the American Red Cross, including employees of participating local chapters, were covered by the Retirement System of the American National Red Cross (the Plan) after one year of employment and completion of 1,000 hours of service during any consecutive 12 month period. Effective July 1, 2009, the Plan was closed to employees hired after June 30, 2009.

Subject to provisions contained in collective bargaining agreements where applicable, the Plan was frozen on December 31, 2012 (the freeze date). Employees who were participating in the Plan as of that date keep vested benefits earned, but stop earning additional pension benefits.

THE AMERICAN NATIONAL RED CROSS

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

Prior to the freeze date, the benefit formula was based on years of service and the employees' final average compensation. Final average compensation was calculated using the highest consecutive 48 months of the last 120 months of service before the earlier of retirement or the freeze date.

For funding purposes under the Plan, normal pension costs are determined by the projected unit credit method and are funded currently. The Plan provides a defined benefit pension, funded entirely by the employer. Prior to July 1, 2005, voluntary after-tax contributions could be made by active members to fund an optional annuity benefit. The Organization's funding policy is set to comply with the funding requirements established under the Pension Protection Act of 2006 and to meet the requirements of ERISA. During fiscal year 2017, the Organization contributed above the requirement amount for the Plan Year.

The Organization offered a lump sum special election window from September 1 through October 14, 2016. This option was made available to former employees who terminated their employment prior to July 1, 2016, were vested in the Plan and were not receiving monthly payments. The special election window provided the participants the option to cash out their retirement benefit or take an immediate annuity, which was actuarially reduced for early commencement. Special election window payments totaling approximately \$106 million were made upon submission of election forms starting in November 2016.

The American Red Cross purchased annuities, totaling approximately \$327.5 million effective June 18, 2017, for certain retirees. Those retirees, who as of July 1, 2016, have been receiving monthly pension payments of \$500 or less, are included in such annuity purchase.

The Organization also provides medical and dental benefits to eligible retirees and their eligible dependents under The American Red Cross Life and Health Benefits Plan. Generally, retirees and the Organization each pay a portion of the premium costs. The medical and dental plans pay a stated percentage of expenses reduced by deductibles and other coverages. The Organization has the right to modify cost-sharing provisions at any time. In addition, life insurance benefits of \$5,000 are provided with no contributions required from the retirees. The Organization's postretirement benefit plans are unfunded.

Effective January 1, 2009, the Organization eliminated plan coverage (retiree medical and life benefits) for all future retirees that did not meet certain eligibility conditions as of that date. In addition, the plan was amended to transition Medicare eligible retirees to a private fee-for-service plan and to change the premium supplement tables and indexing effective July 1, 2009. Beginning in calendar year 2011, most Medicare eligible retirees were offered a Healthcare Reimbursement Account (HRA) to utilize in purchasing individual coverage through an external exchange program through Aon Hewitt Retiree Exchange. Plans can vary from Medicare Advantage, Part D Prescription Drug and Medicare Supplement Plans.

Notes to Consolidated Financial Statements

June 30, 2017

(with summarized information for the year ended June 30, 2016)

The accumulated benefit obligation for the pension plan was approximately \$2.5 billion and \$3 billion as of June 30, 2017 and 2016, respectively.

The weighted average assumptions used to determine benefit obligations for 2017 and 2016 were as follows:

	Pension benefits		Postretirement benefits	
	2017	2016	2017	2016
Discount rate	4.22%	4.20%	3.70%	3.50%
Rate of compensation increase	5.00	5.00	—	—

The weighted average assumptions used to determine net benefit cost for 2017 and 2016 were as follows:

	Pension benefits		Postretirement benefits	
	2017	2016	2017	2016
Discount rate	4.20%	5.01%	3.50%	4.45%
Expected return on plan assets	6.50	6.50	—	—
Rate of compensation increase	5.00	5.00	—	—

The expected rate of return assumption on Plan assets was determined by considering current economic and market conditions and by reviewing asset class allocations, historical return analysis and forward looking capital market expectations. Asset class allocations were established by considering each class' risk premium commensurate for the level of risk, duration that matches the Plan's liabilities, and incremental diversification benefits. Historical returns and forward looking capital market expectations were gathered from, and compared among the Plan's investment managers, and a sampling of the consultant community.

For measurement purposes, approximately a 7.3% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal year 2017. The rate was assumed to decrease gradually to 5% through 2025 and remain at that level thereafter. An 7.6% annual rate of increase in the per capita cost of covered health care benefits was assumed for fiscal year 2016. The rate was assumed to decrease gradually to 5% through 2023 and remain at that level thereafter.

The Organization has investment guidelines for the Retirement System (the Plan) assets. The overall objective of the guidelines is to ensure the Plan assets provide capital growth over an extended period of time, while also considering market risks and ensuring that the portfolio income and liquidity are appropriate to meet the Plan benefit payments and other expenses. The Plan investments are required to be diversified by asset class and within each asset class such that no single investment would have a disproportionate impact on the total portfolio. The Plan asset allocation is reviewed each year with current market assumptions to re-align the asset mix with the long-term investment goals for the Plan. (See Note 4 for descriptions of the methodologies used to value Plan assets, except for the equity interest in the par annuity and guaranteed accumulation fund which are valued based on significant unobservable inputs including discounted cash flow analysis, comparable analysis, or third party appraisals. On behalf of the Plan, the Organization transacts in a variety of derivative instruments, including swaps and options, for investment and hedging purposes, in order to create or mitigate certain exposures. Each instrument's primary underlying exposure is interest rates, equities, commodities, or currencies. Such contracts involve, to varying degrees, risks of loss from the possible inability of counterparties to meet the terms of their contracts. In the case of over-the counter derivatives, collateralization and daily marks-to-market mitigate counterparty risk. The Organization also invests in highly liquid, exchange-traded contracts to achieve exposure to U.S. Treasury securities; these contracts are also marked-to-market daily, with daily exchanges of variation margin, but do not require collateralization per se. Foreign exchange derivatives can be used to facilitate trade purchases and sales as well as for hedging purposes.

The Plan may use derivatives to hedge interest rate exposure for a portion of its pension liabilities. The liabilities are valued via a "discount rate" of investment grade corporate bonds. Uncertainty of future discount rates adds variability to Plan valuations and future cash flows. During the first part of fiscal year ended June 30, 2017, the Plan used interest rate swaption agreements, which are

over-the-counter derivative instruments, to manage interest rate exposure; during the later portion of the year, the Plan used exchange traded U.S. Treasury futures to manage interest rate exposure. Management of interest rate exposure may change over time based upon a variety of factors, such as market conditions, perceived investment opportunities and risks, and investment goals and objectives.

The following table lists the notional/contractual amount of derivatives by contract type included in pension plan assets at June 30, 2017 and 2016 (in thousands):

For the valuation of the Plan's derivative contracts at June 30, 2017, the Plan used significant other observable inputs as of the valuation date (Level 2), including prices of instruments with similar maturities and characteristics, interest rate yield curves, measures of interest rate volatility and various market indices. The value was determined and adjusted to reflect nonperformance risk of both the counterparty and the Plan.

(b) American National Red Cross Savings Plan – 401(k) Plan

The Organization sponsors the American Red Cross Savings Plan (the Savings Plan), a defined contribution plan. In general, employees are eligible to participate upon hire and vest in employer contributions on a three year cliff schedule. Employer contributions include Red Cross Match only. There were \$32.5 million and \$32.1 million in Red Cross employer contributions to the Savings Plan in 2017 and 2016, respectively.

For the 2017 calendar year, contribution limits were based on a maximum annual compensation of \$270,000, and a maximum Red Cross match of \$10,800 (\$270,000 X 4%). Also, \$18,000 the maximum pre-tax contribution for those under age 50 in 2017. Those eligible for age 50 and over catch-up could have contributed an additional unmatched pre-tax amount of \$6,000 in 2017. After-tax contribution were also available. As of June 30, 2017, there were 10 target retirement date and 6 core investment options that an employee could choose from along with a self-managed brokerage account option.

(11) Receivables Securitization Program

The Organization has an asset securitization program. The program is structured to sell the eligible biomedical hospital account receivables, without legal recourse, to a third party investor, through a wholly owned bankruptcy-remote special purpose entity that is consolidated for financial reporting purposes. The Organization continues servicing the sold receivables. Proceeds received under the securitization program are treated as secured borrowings. The maximum amount of the agreement is \$125 million for years ended June 30, 2017 and 2016 and the total cost of the program approximates the 30 day Libor plus 1%. At June 30, 2017 and 2016, the amount of outstanding borrowings under the securitization program was \$113 million and \$110 million, respectively, and is included in other current liabilities on the statement of financial position.

(12) Commitments and Contingencies

(a) Litigation

The Organization is a defendant in a number of lawsuits incidental to its operations. In the opinion of management, the outcome of such lawsuits will not have a materially adverse effect on the Organization's financial position.

(b) Government Grants

Costs charged to the federal government under cost-reimbursement grants and contracts are subject to government audit. Therefore, all such costs are subject to adjustment. Management believes that adjustments, if any, would not have a significant effect on the consolidated financial statements.

(13) Subsequent Events

The Organization has evaluated subsequent events through the date the consolidated financial statements were issued, October 6, 2017.

Notes to Schedule

Year ended June 30, 2017

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The American National Red Cross (the Organization) has a core of 264 chartered local chapters organized in 60 regional groupings known as the chapter network (the Network). Each regional grouping services a specific geographical area. The accompanying Schedule of Operating Revenue and Expenses (Schedule) reflects program activities that have a day to day impact in the specific geographic area as well as support provided to national humanitarian services or other communities. Revenues reported include \$527,218 raised by the region for use in disaster response and recovery needs of victims affected by the Louisiana Flooding and Hurricane Matthew.

Program activities for regional operations include services to the Armed Forces, domestic disaster relief, activities in support of biomedical services, health and safety services, community services, and activities in support of international relief and development services. This schedule does not reflect the full operations of biomedical services or international relief and development services, but rather the support activities associated with these two programs that are performed by chartered chapters. In addition, the Schedule does not present the consolidated changes in operating revenues and expenses of the Organization and may not be indicative of the operating revenues and expenses that would have been achieved if the regional grouping operated as an unaffiliated organization.

The chartered chapters and regional groupings are managed as one network; funds are raised for the Network and are used where needed. At different times, certain chapters may generate more funds than needed or need more funds than generated. Accordingly, the Network works as a support function to ensure that each community has the necessary funds to support the Organization's programs that are vital to each community. Funds are used according to the wishes of the donor. Additional funds are used to serve the needs of the community where they were raised; any excess is used to support needs in other communities and national disaster relief operations as well as the greater humanitarian effort across the Organization. Support from the Network received by chapters or regional groupings are reported, when applicable, as support from American National Red Cross chapter network on the Schedule. Excess amounts provided by the chapter or regional grouping are reported, when applicable, as national disaster relief and humanitarian services on the Schedule.

The excess in operating revenues and expenses reported on the Schedule are reported in total and do not include classifications of net assets, revenues, gains, and losses based on the existence or absence of donor-imposed restriction.

(b) Contributed Services and Materials

Contributed services reflect the important impact volunteers have in delivering the Organization's mission. Contributed services are reported at fair value when those services (1) create or enhance nonfinancial assets or (2) require specialized skills provided by individuals possessing those skills and are services which would typically be purchased if not provided by donation.

THE AMERICAN NATIONAL RED CROSS – Kentucky Region

Notes to Schedule

Year ended June 30, 2017

The Organization engages approximately 283,000 volunteers. A small percentage of these volunteers meet the above criteria and are reported in contributed services. Contributed services in the region includes the services of 197 volunteers. The region recorded contributed services revenue and related expense of \$383,650, primarily reflecting volunteer efforts in support of disaster services and services to the Armed Forces.

Contributed materials are recorded at fair value at the date of the gift.

2.2 *Number.*

- (a) The Board shall fix by resolution from time to time the number of members constituting the Entire Board, provided that, as required by the Congressional Charter: (i) as of March 31, 2009 and thereafter, there shall be no fewer than 12 and no more than 25 members; and (ii) as of March 31, 2012 and thereafter, there shall be no fewer than 12 and no more than 20 members constituting the Entire Board (the "*Board Size Limitation*").
- (b) The Board shall adopt a resolution setting forth a summary of the procedures designed to reduce the number of members constituting the Entire Board in order to effect compliance with the Board Size Limitation, which procedures may be amended from time to time by the Board (such procedures, the "*Board Size Transition Procedures*").

2.3 *Independence of Governors; Compensation; Code of Business Ethics and Conduct.*

- (a) General. Subject to Section 2.3(b), all members of the Board shall be persons determined by the Board to be independent. In order to determine that a person is independent pursuant to this Section 2.3, the Board shall make an affirmative determination that a person has no material relationship with the Corporation, with any Chartered Unit, or with any consolidated subsidiary of the Corporation (each, a "*Corporate Unit*"), and that the person is free of any other relationship (with a Corporate Unit or otherwise) that would interfere with the exercise of independent judgment of such person. In making this determination, the Board shall consider all relevant facts and circumstances, including commercial, charitable, and familial relationships that exist between the person and a Corporate Unit, or between entities with which the person is affiliated and a Corporate Unit. All members of the Board shall provide to the Corporation all information requested to assist the Board in making its determination. The Board may, from time to time, adopt categorical standards to guide its determination of materiality. In addition, a person is not independent for purposes of this Section 2.3 if:

- (i) the person is, or has been within the last three years, an employee of a Corporate Unit, or an immediate family member is, or has been within the last three years, an officer of a Corporate Unit; *provided, however*, that employment, on an interim basis, as chief executive officer or other officer of a Corporate Unit shall not disqualify a person from being considered independent following that employment;
- (ii) the person has received, or has an immediate family member who has received, within the last 12-month period any direct compensation from any Corporate Unit; *provided, however*, that employment, on an interim basis, as chief executive officer or other officer of a Corporate Unit shall not disqualify a person from being considered independent following that employment;
- (iii) (A) the person or an immediate family member is a current partner of a firm that is the Corporation's external auditor; (B) the person is a current employee of such a firm; (C) the person has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the person or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Corporation's audit within that time;
- (iv) the person or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Corporation's present officers serves or served on that company's compensation committee;
- (v) the person is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, a Corporate Unit for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, it being understood that for purposes of this Section 2.3(a)(v), (A) both the payments and the consolidated gross revenues to be measured shall be those reported in the last completed fiscal year, (B) the look-back provision for this test applies solely to the financial relationship between the Corporate Unit and such person's or immediate family member's current employer (*i.e.*, former employment of such person or immediate family member need not be considered for this Section 2.3(a)(v)), and (C) charitable contributions to the Corporation or to any Chartered Unit shall not be considered "payments"; or
- (vi) such person is serving in any capacity with a Chartered Unit (other than as a volunteer, except as a volunteer in a management or governance position).

- (b) Independence of each of Chairman and Chief Executive Officer. Service by a person as the Chairman or as the Chief Executive Officer, or service by a person as the Chairman and Chief Executive Officer, shall not disqualify such person from serving as a member of the Board under Section 2.3(a) if the Board determines that such person is otherwise independent for purposes of Section 2.3(a) without taking into account such person's service as the Chairman and/or the Chief Executive Officer, in each case notwithstanding anything to the contrary in Section 2.3(a).
- (c) Compensation; Reimbursement of Expenses. No member of the Board shall be entitled to receive from the Corporation compensation for service on the Board, any committee of the Board, any Board-appointed committee or body, or any advisory council to the Board. Members of the Board shall be entitled to receive from the Corporation reimbursement for the reasonable expenses, including reasonable travel expenses, incurred by such governor in attending meetings of the Board, meetings of committees of the Board of which such governor is a member, meetings of Board-appointed committees or bodies of which such governor is a member, meetings of advisory councils of the Board of which such governor is a member, and such other events and activities at which attendance by such governor is authorized by the Board or is otherwise consistent with the policies, procedures and practices established by the Board from time to time. Reimbursement guidelines for Board member expenses shall be approved and kept by the Secretary consistent with Corporate Policies and Regulations.
- (d) Code of Business Ethics and Conduct. All members of the Board shall meet the standards of conduct set forth in the Red Cross' Code of Business Ethics and Conduct, and shall annually execute a Certification of Commitment to the Code of Business Ethics and Conduct.

2.4 *Appointment and Election.*

- (a) Chairman.
 - (i) General. The Board, in accordance with the procedures provided in this Section 2.4(a), shall recommend to the President of the United States an individual to serve as Chairman. If such recommendation is approved by the President of the United States, the President shall appoint such individual to serve as Chairman. The Chairman shall be a member of the Board.
 - (ii) Recommendations to Fill a Vacancy or an Anticipated Vacancy. In the event of (A) a vacancy in the office of the Chairman, including a vacancy resulting from the resignation, death, disability or removal by the President of the United States of the Chairman, or (B) an anticipated vacancy, including an anticipated vacancy resulting from an anticipated resignation or the expiration of the term of the then-serving Chairman, the

Governance and Board Development Committee shall consider candidates to fill such vacancy or anticipated vacancy and submit its recommendation to the Board at least six months prior to an anticipated vacancy or otherwise as reasonably practicable under the circumstances. If the then-serving Chairman is eligible to serve another term of office, the Governance and Board Development Committee may decide to recommend to the Board that the then-serving Chairman serve another term of office as Chairman without considering other candidates. If the recommendation of the Governance and Board Development Committee is approved by the Board, the Board shall recommend to the President of the United States the appointment of such individual to serve as Chairman.

(b) Members of the Board Other than the Chairman.

- (i) General. Members of the Board other than the Chairman shall be elected at each annual meeting of the Corporation in accordance with the procedures provided in this Section 2.4(b).
- (ii) Nominations by the Board. The Governance and Board Development Committee shall consider persons for election to the Board and shall submit its recommended candidates to the Board. If the recommendations of the Governance and Board Development Committee are approved by the Board, the Board shall nominate such candidates to stand for election as governors by the Chartered Units entitled to vote at the annual meeting of the Corporation. The names of such nominees shall be made available to the Chartered Units not later than 30 days prior to the date of the annual meeting at which such nominees shall stand for election to the Board, unless it is not reasonably practicable in the circumstances for the names of the nominees to be made available not later than 30 days prior to the date of such annual meeting. In the case of such impracticability the names of such nominees shall be made available to the Chartered Units as far in advance of the annual meeting as is reasonably practicable in the circumstances, which in no event will be later than ten days prior to the date of the annual meeting at which such nominees shall stand for election to the Board.
- (iii) Nominations by Petition. (A) Twenty-five percent or more of the Chartered Units may nominate persons to stand for election as governors at the next annual meeting of the Corporation only if timely written notice of such Chartered Units' intent to make such nomination is provided, either by personal delivery or by mail, postage prepaid, to the Secretary. To be timely, the Chartered Units' notice (the "*Petition for Nomination*") must be delivered to or mailed and received by the Secretary after the names of the Board's nominees for governor are made available to the Chartered Units in accordance with Section 2.4(b)(ii), but not later than

the later of (1) the twentieth day prior to the annual meeting of the Corporation at which such Board nominees will stand for election or (2) the fifth day after the names of the Board's nominees for governor are made available to the Chartered Units in accordance with Section 2.4(b)(ii).

(B) Each Petition for Nomination shall set forth (1) the name and address of each Chartered Unit which intends to make the nomination, (2) the name and address of the person or persons proposed to be nominated and sufficient information about each person to enable the Board to make a reasonable determination that, subject to such diligence and analysis that the Board (or the Governance and Board Development Committee) performs with respect to persons nominated by the Board to stand for election as governors, such person shall meet the independence standards adopted by the Board and such other standards adopted by the Board (or the Governance and Board Development Committee) in considering persons for election to the Board generally, (3) a representation of each Chartered Unit which intends to make the nomination that (a) at least one of its delegates will be present at the annual meeting of the Corporation (or deemed present in accordance with Section 6.1(a) at such annual meeting) and (b) its governing board has duly authorized the Petition for Nomination, and (4) the executed written consent of each nominee to serve as a member of the Board if so elected.

(C) The chair of the annual meeting may refuse to acknowledge or accept the nomination of any person not made in compliance with the procedures and standards set forth in Section 2.4(b)(iii), and only such persons who, as determined by the Board (or the Governance and Board Development Committee), are nominated in accordance with such procedures and who satisfy the independence standards adopted by the Board and such other standards adopted by the Board (or the Governance and Board Development Committee) in considering persons for election to the Board generally shall be eligible to stand for election as nominees and to serve as members of the Board.

- (iv) Vacancies and Newly Created Board Positions. Vacancies in any Board position other than the Chairman and in any newly created Board position may be filled by a vote of the remaining members of the Board pursuant to this Section 2.4(b)(iv). Vacancies on the Board resulting from death, disability, resignation, removal or other cause and newly-created Board positions shall only be filled by the Board by the affirmative vote of a majority of the remaining governors then in office, even though those remaining governors constitute less than a quorum of the Board, or by a sole remaining governor. Any governor appointed in accordance with this Section 2.4(b)(iv) to fill a vacancy (other than resulting from a newly-

created Board position) shall hold office until the next annual meeting of the Corporation unless the Board determines to appoint such governor to serve the remainder of the term of office of such vacancy. In the event the Board creates a new Board position, the new position shall be assigned to one of the three staggered groups of members of the Board consistent with Section 2.5(a)(ii), and any governor appointed in accordance with this Section 2.4(b)(iv) to fill a newly-created Board position shall hold office until the annual meeting of the Corporation at which the term of office of that staggered group of members of the Board expires (e.g., the next annual meeting, the second annual meeting or the third annual meeting of the Corporation following the appointment of such governor). A vacancy on the Board shall not affect the powers, authority or responsibilities of the Board.

- (v) Chief Executive Officer. The Chief Executive Officer may be appointed as a member of the Board of Governors upon approval by the Board. If the Chief Executive Officer serves as a member of the Board, he or she shall have full voting rights and other privileges of the Board. The Chief Executive Officer shall not be permitted to serve as a member of any committee of the Board unless the charter of such committee so provides. If the Chief Executive Officer serves as a member of the Board, termination of the Chief Executive Officer's employment with the Corporation as Chief Executive Officer for any reason, whether voluntary or involuntary, shall immediately terminate the Chief Executive Officer's membership on the Board. This Section 2.4(b)(v) does not apply to a person who serves as the Chairman and the Chief Executive Officer.

2.5 *Term of Office; Removal.*

(a) Term of Office.

- (i) General. The term of office of each member of the Board shall be three years, except that (A) the terms of office of members of the Board elected to the Board before March 31, 2012 may be less than three years in order to implement the Board Size Transition Procedures and Section 2.5(a)(ii); and (B) any member of the Board elected by the Board to fill a vacancy in a Board position arising before the expiration of its term may, as determined by the Board pursuant to Section 2.4(b)(iv), serve for the remainder of that term or until the next annual meeting of the Corporation.
- (ii) Terms of Office to be Staggered. The terms of office of members of the Board (other than the Chairman) shall be staggered such that, by March 31, 2012, and thereafter, one-third of the Entire Board (or as near to one-third as practicable) shall be elected at each successive annual meeting of the Corporation with the term of office of each member of the Board

elected at an annual meeting expiring at the third annual meeting following the annual meeting at which such member was elected.

(iii) Term Limits. No person may serve as a member of the Board for more than three consecutive terms of office (regardless of the number of years comprising each term of office, except that the term of office of a governor who is appointed to the Board to fill a vacancy or a newly-created Board position pursuant to Section 2.4(b)(iv) shall not constitute a term of office for purposes of this Section 2.5(a)(iii) if such term of office is less than 18 months) and such person shall not be eligible for reelection to the Board before the second annual meeting of the Corporation following the annual meeting at which such person's third consecutive term of office expired. Notwithstanding the preceding sentence, in the event such person's third consecutive term of office expired prior to an annual meeting because such person resigned from the Board, such person shall not be eligible for reelection to the Board before the third annual meeting of the Corporation following the date on which such person's third consecutive term of office expired. Notwithstanding anything to the contrary contained in these Bylaws, a person may serve as Chairman for more than three consecutive terms and if the Chief Executive Officer serves as a member of the Board, he or she may serve as a member of the Board for more than three consecutive terms.

(b) Resignations; Removal. Any governor other than the Chairman may at any time resign by giving written notice to the Board or the Chairman. Such resignation shall take effect at the time specified in such notice or, if the time be not specified therein, upon receipt thereof, and unless otherwise specified therein, no acceptance of such resignation shall be necessary to make it effective. The Board may remove any governor other than the Chairman, and may request that the President of the United States remove the Chairman, for conduct deemed by the Board to be detrimental to the Board or to the Corporation. Any governor so removed shall not be eligible for subsequent election or appointment to the Board.

2.6 *Meetings*.

(a) Regular Meetings. The organizational meeting of the Board, for the purpose of organization or otherwise, shall be the first meeting of the Board held after the annual meeting of the Corporation, on such date and at such time and place as shall be fixed from time to time pursuant to resolution of the Board (the "*Organizational Meeting*"). Other regular meetings of the Board may be held at such times and at such places as the Board shall from time to time determine, although regular meetings of the Board shall be held in Washington, D.C. unless otherwise determined by the Board or specified in a notice of the regular meeting.

(b) Special Meetings. Special meetings of the Board may be held at such times and at such places whenever called by the Board, by the Chairman, or by the Secretary

upon the written direction of any three governors, with special meetings of the Board being held in Washington, D.C. unless specified in the notice of the special meeting. Reasonable notice thereof shall be given by the person or persons calling the meeting.

- (c) Notice of Meetings; Waiver. Notice of regular meetings of the Board or of any adjourned meeting thereof need not be given. Notice of each special meeting of the Board shall be given to each governor (i) by first class mail at least five days before, or by overnight delivery service at least two days before, the day on which the meeting is to be held, in either case addressed to such governor at the governor's residence or usual place of business or (ii) by telecopy, facsimile or by electronic transmission, in either case addressed to such governor at the governor's residence or usual place of business, or shall be given personally or by telephone, in each case not later than the day before the meeting is to be held, or on such shorter notice as the person or persons calling such meeting may deem necessary or appropriate in the circumstances; *provided, however*, notice need not be given to any governor who shall, either before or after the meeting, submit a waiver of such notice or who shall attend such meeting without objecting, prior to or at its commencement (or promptly upon arrival), the lack of notice to such governor, or who shall attend such meeting and vote on or assent to an action taken at such meeting. Unless otherwise required by these Bylaws, every such notice shall state the time and place but need not state the purpose of the meeting.
- (d) Participation in Meetings by Means of Communications Equipment. Members of the Board, or any committee or other body designated by the Board, may participate in a meeting of the Board or of such committee or other body by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this Section 2.6(d) shall constitute presence in person at such meeting.
- (e) Action Without Meeting. Any action required or permitted to be taken at any meeting of the Board or of any committee or other body designated by the Board may be taken without a meeting if all members of the Board, committee, or other body, as the case may be, consent thereto in writing, or by electronic transmission and the writing or writings or electronic transmission or transmissions are filed with the minutes of the proceedings of the Board, committee, or other body. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.
- (f) Quorum and Manner of Acting. A majority of the Entire Board shall constitute a quorum for the transaction of business at any meeting of the Board, and the vote of a majority of the governors present at any meeting at which a quorum is present shall be the act of the Board. In the event a quorum shall not be present at any meeting of the Board, the governors or a majority of the governors present

may adjourn the meeting from time to time until a quorum shall be present. At any adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally called.

- (g) Proxies. Voting by proxy is not allowed at any meeting of the Board or of any committee or other body designated by the Board.

- 2.7** *Rules and Regulations*. The Board may adopt such rules and regulations not inconsistent with applicable laws, the Congressional Charter or these Bylaws for the conduct of its meetings and overseeing the management of the business and affairs of the Corporation.

Section 3—Committees of the Board of Governors

- 3.1** *Establishment of Committees of the Board of Governors*. The Board may designate one or more committees that shall have such name or names as may be determined from time to time by the Board. Subject to Section 2.4(b)(v), each committee shall consist of one or more members of the Board, and the Board shall designate a chair and vice-chair of each committee from among the committee's members. The Board may designate one or more governors as alternate members of any committee who may replace any absent or disqualified member at any meeting of the committee. Any such committee, to the extent provided in a resolution of the Board or a charter of a committee adopted by the Board, shall have and may exercise all the powers and authority of the Board in directing, and of overseeing the management of the business and affairs of, the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it; *provided, however*, no such committee, including the Executive Committee and other standing committees of the Board, shall have the power or authority in reference to the following matters:

- (a) the recommendation to the President of the United States of an individual to serve as Chairman;
- (b) the removal of any member of the Board;
- (c) the filling of vacancies on the Board;

- (g) the appointment, removal or reassignment (or the concurrence in the appointment, removal or reassignment) of any officer of the Corporation, except that vacancies in established positions may be filled by the Executive Committee subject to ratification by the Board;
- (h) the amendment or repeal of these Bylaws or the adoption of new bylaws;
- (i) the amendment, alteration, repeal, or taking of any action inconsistent with any resolution or action of the Board when the resolution or action of the Board provides by its terms that it shall not be amended, altered or repealed by action of a committee of the Board;
- (j) the sale, lease, exchange or transfer of all or substantially all of the Corporation's property and assets;
- (k) the approval of the annual budget of the Corporation; and
- (l) the dissolution of the Corporation or a revocation of a dissolution.

The Board may, from time to time, establish, eliminate and modify the power and authority of any committee of the Board; change the size of a committee; and add, remove or replace the chair or member of any committee.

3.2 *Standing Committees of the Board.* The Board shall have the following standing committees whose members shall initially be appointed by the Board at the Organizational Meeting upon the recommendation of the Governance and Board Development Committee:

- (a) Executive Committee: The Executive Committee may exercise all powers, and have such authority and responsibilities, of the Board when the Board is not in session except as specified in Section 3.1. The Executive Committee shall be composed of at least six but not more than ten members, with such specified number of members as the Board shall fix by resolution from time to time, consisting of the Chairman, the chairs of each of the standing committees of the Board, and other members of the Board appointed to the Committee by the Board. The Chairman shall be the chair of the Executive Committee.
- (b) Audit and Risk Management Committee. The Audit and Risk Management Committee shall have the purpose, authority and responsibilities as shall be set forth in these Bylaws, the Audit and Risk Management Committee Charter adopted by the Board, and by resolution of the Board. The Quality and Regulatory Compliance Subcommittee shall be composed of at least three but not more than four members, with such specified number of members as the Audit and Risk Management Committee shall fix by resolution from time to time.

- (c) Compensation and Management Development Committee. 3.3 *Certain Rules Applicable to All Committees of the Board.*

- (a) Meetings; Notice; Waiver. or at its commencement (or promptly upon arrival), the lack of notice to such governor, or who shall attend such meeting and vote on or assent to an action taken at such meeting. Unless otherwise required by these Bylaws, every such notice shall state the time and place but need not state the purpose of the meeting. Any special meeting of any committee of the Board shall be a legal meeting without any notice thereof having been given, if all the members of such committee shall be present at the meeting and no member shall object to the lack of notice to such member. Section 6— Annual Meetings and National Conventions

6.1 Annual Meetings. The annual meeting of the Corporation is the annual meeting of delegates of the Chartered Units for the election of members of the Board and for the transaction of such other business as may properly come before the annual meeting. This meeting shall be held on such date and at such hour as shall be determined by the Board. Any previously scheduled annual meeting of the Corporation may be postponed by action of the Board taken prior to the time previously scheduled for such annual meeting of the Corporation. The Board may prescribe such rules, regulations and procedures with respect to and covering such matters affecting notice of, and the conduct and proceedings of, annual meetings of the Corporation, and to do all such acts and things as are determined by the Board to be necessary or advisable with respect thereto; *provided, however,* that unless otherwise determined by the Board, the Board shall be required to provide to Chartered Units reasonable notice of the time, place and manner of the annual meeting of the Corporation, and Chartered Units shall in turn provide notice to their respective delegates.

(a) **Place of Annual Meetings.** All annual meetings of the Corporation shall be held at such place as may be fixed from time to time by the Board. Notwithstanding the foregoing, the Board is authorized to determine that the annual meeting shall not be held at any place, but may instead be held by means of remote communication. If authorized by the Board, and subject to such guidelines as the Board may adopt, delegates of Chartered Units not physically present at an annual meeting of the Corporation may, by means of remote communication, participate in an annual meeting and be deemed present and vote at such meeting whether such meeting is held at a designated place or solely by means of remote communication, provided that (i) the Corporation implements reasonable measures to verify that each person deemed present and permitted to vote at the annual meeting by means of remote communication is a delegate of a Chartered Unit, (ii) the Corporation implements reasonable measures to provide such delegates a reasonable opportunity to participate in the annual meeting and to vote on matters submitted to the delegates of the Chartered Units, including an opportunity to read or hear the proceedings of the meeting substantially concurrently with such proceedings, and (iii) if any delegate of a Chartered Unit votes or takes other action at the meeting by means of remote communication, a record of such vote or other action is maintained by the Corporation, subject in each case to Section 6.1(b)(i).

(b) ***Voting at Annual Meetings.***

- (i) **General.** In matters requiring a vote at the annual meeting of the Corporation, each Chartered Unit is entitled to at least one vote, and voting on all matters may be conducted by mail, telephone, telegram, cablegram, electronic mail, or any other means of electronic or telephone transmission, provided that (A) the person voting shall state, or submit information from which it can be determined, that the method of voting chosen was authorized by such person, and (B) and such means of voting shall have been determined by the Board or the chair of the annual meeting to be advisable for such annual meeting.
- (ii) **Establishment of Number of Votes; Voting.** Each Chartered Unit shall be entitled to appoint or designate such number of persons to serve as its voting delegates to the annual meeting of the Corporation as is equal to the number of votes the Chartered Unit is entitled to cast at the annual meeting. The Board, upon the recommendation of the Governance and Board Development Committee, shall determine on an equitable basis the number of votes that each Chartered Unit is entitled to cast, taking into consideration the size of the membership of the Chartered Units, the populations served, and such other factors as may be determined by the Board. The Board shall review the allocation of votes at least every five years. Determinations by the Board of the number of votes that each Chartered Unit is entitled to cast shall be final, conclusive and binding on the Chartered Units. No person shall be deemed to be a delegate of a Chartered Unit unless such person is registered by the Chartered Unit as a delegate of such Chartered Unit in accordance with such procedures as the Corporation may adopt. Each such person so registered by the Chartered Unit as a delegate of such Chartered Unit shall be entitled to one vote for the election of members of the Board and for the transaction of such other business as may properly come before the annual meeting. At each annual meeting of the Corporation and except as otherwise required by these Bylaws or by resolution of the Board, the vote of a majority of the delegates who are entitled to vote at an annual meeting and who are present (or deemed present) at an annual meeting at which a quorum is present at or prior to the time such annual meeting is convened shall be an act of the delegates of the Chartered Units and of the Chartered Units themselves; *provided, however*, that, with the exception of a vote by the delegates of the Chartered Units with respect to the election of members of the Board, the authorization, adoption or approval of any matter or proposal that comes before the annual meeting of the Corporation shall not be binding on the Corporation or on the Board, but shall be considered a recommendation of the Chartered Units for consideration by the Board.

- (iii) Quorum. A quorum shall be considered present at any annual meeting of the Corporation if one-tenth of the total delegates registered by the Chartered Units for such annual meeting are present (or deemed present) at or prior to the time such annual meeting is convened in accordance with such guidelines as the Board may adopt pursuant to Section 6.1(a). In the case of an in-person annual meeting held at such place as may be fixed by the Board, a quorum shall be considered present if one-tenth of the total delegates registered by the Chartered Units for such annual meeting have evidenced their presence at or prior to the time such meeting is convened to the chair of the annual meeting or otherwise in accordance with such procedures as the Corporation may adopt. In the case of an annual meeting not held at any place, but instead held by means of remote communication such as a webinar or other form of web-conferencing using a web-based application, a quorum shall be considered present if one-tenth of the total delegates registered by the Chartered Units for such annual meeting have evidenced their presence at or prior to the time such meeting is convened by means of remote communication to the chair of the annual meeting or otherwise in accordance with such procedures as the Corporation may adopt.
 - (iv) Voting by Proxy. Voting by proxy is not allowed at any annual meeting of the Corporation.
 - (v) Other. For purposes of this Section 6(b), it is understood that if a Chartered Unit registers with the Corporation a number of delegates that is fewer than the maximum number of votes that the Chartered Unit has been determined by the Corporation to be entitled to cast, such action shall not affect the number of delegates who are so registered. If, at any annual meeting, there shall be less than a quorum present, the chair of the annual meeting may adjourn the meeting without further notice, from time to time until a quorum shall be present. At any adjourned meeting at which a quorum shall be present, any business may be transacted which might have been transacted at the meeting as originally notified.
- (c) ***Conduct of Annual Meetings.***
- (i) General. At each annual meeting of the Corporation, the Chairman or, in the absence of or at the request of the Chairman, such other member of the Board as shall be selected by the Chairman, shall act as chair of the annual meeting. The chair of the annual meeting shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts and things as are necessary or advisable for the proper conduct of the meeting. At any annual meeting of the Corporation, only such business shall be conducted as shall have been properly brought before the annual meeting, including the nomination and election of governors.

The Chairman may also appoint a vice chair of the annual meeting of the Corporation. The Secretary of the Corporation, or his or her designee, shall serve as the Secretary and Parliamentarian of the Annual Meeting and be responsible for maintaining appropriate records of the proceedings of the Annual Meeting.

(ii) Matters to be Considered.

(A) Upon Direction by the Board. For any matter to be properly brought before any annual meeting of the Corporation, the matter must be (1) specified in the notice of annual meeting given by or at the direction of the Board or (2) otherwise brought before the annual meeting by or at the direction by the Board or the chair of the annual meeting, (3) otherwise brought before the annual meeting in accordance with Section 2.4(b)(iii), or (4) otherwise brought before the annual meeting in accordance with such rules and procedures as are adopted by the Board or as are set forth in these Bylaws, including in Section 6.1(c)(ii)(B).

Any previously scheduled National Convention may be postponed by action of the Board taken prior to the time previously scheduled for such National Convention. The Board may prescribe such rules, regulations and procedures with respect to and covering such matters affecting notice of, and the conduct and proceedings of, National Conventions, and to do all such acts and things as are determined by the Board to be necessary or advisable with respect thereto; *provided, however*, that unless otherwise determined by the Board, the Board shall be required to provide to Chartered Units reasonable notice of the time, place and manner of the National Convention, and Chartered Units shall in turn provide notice to their respective delegates.

(b) Conduct of National Conventions. At each National Convention, the Chairman or, in the absence of or at the written request of the Chairman, such person as shall be selected by the Board, shall act as chair of the National Convention. The

order of business at each such National Convention shall be as determined by the chair of the meeting. The chair of the National Convention shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts and things as are necessary or advisable for the proper conduct of the National Convention. The Chairman may also appoint a vice chair of the National Convention.

Section 8—Chartered Units

- 8.1 *Nature of Chartered Units.*** Chartered Units are local units of the Corporation and shall not be constituted as legal entities separate from the Corporation. The Board specifically reserves to itself the power and authority regarding:
- (i) the manner in which the governing board of a Chartered Unit and a Chartered Unit's delegates to the annual meeting of the Corporation are elected by members of the Corporation, which in any event shall adhere to democratic principles of election and shall entitle each member to cast one vote without regard to the basis of financial or other type of contributions made by any such member; and
 - (ii) removing or restricting the right of a Chartered Unit's delegates to vote at an annual meeting of the Corporation.

8.4 *Funds.* All funds and property received by or coming into the custody or possession of any Chartered Unit or other local unit or division of the Corporation are the property of the Corporation to be expended or applied only for purposes authorized by the Congressional Charter, these Bylaws, by resolution of the Board or by policies and regulations prescribed by the Chief Executive Officer or his or her designee.

8.5 *Accounts of Chartered Units.* The accounts of each Chartered Unit shall be maintained and audited in accordance with such requirements as may be issued from time to time by the Board, the Audit and Risk Management Committee and the Chief Executive Officer or his or her designee. The Board delegates to the Chief Executive Officer or his or her designee the power and authority to set forth the requirements and the manner in which Chartered Unit financial information is provided and audited.

- 8.6 **Assessment.** The Board delegates to the Chief Executive Officer or his or her designee the discretion to approve a method for determining amounts to be assigned to each Chartered Unit as its assessment of the annual national operations financial requirements, and the Chief Executive Officer or his or her designee shall have the power and authority to implement and otherwise administer such methodology and assessment policies and programs.

Section 9—Funds of the Corporation

- 9.1 **Authority to Receive.** The Corporation may receive gifts, bequests, devises, legacies, donations, payments and funds for such purposes as are within the general scope of its corporate purposes and powers.
- 9.2 **Endowment Fund.** Whenever a gift is designated by the donor to be permanently retained, the gift shall be received and held in the Endowment Fund.
- 9.3 **General Fund.** Except as provided in Section 9.2, there shall be received and held in the general fund of the Corporation all sums received from any source, including
- (a) monetary contributions, gifts, and donations (except the portion thereof authorized by resolution of the Board or by policies and regulations prescribed by the Chief Executive Officer or his or her designee to be retained by the Chartered Units);
 - (b) receipts derived from the Endowment Fund unless a contrary use is designated; and
 - (c) all other income, receipts, and revenues of the Corporation.
- 9.4 **Deposit and Investment.** Except as otherwise provided in these Bylaws or by resolution of the Board, the funds of the Corporation shall be deposited in such banks or other financial institutions as may be designated by the Board or any committee thereof or any officer of the Corporation to whom power in respect of financial operations shall have been designated by the Board or any such committee or in these Bylaws shall select, and such of these funds as may not be required for current needs shall be invested in such manner as may be designated by the Board or any committee thereof or any officer of the Corporation to whom power in respect of financial operations shall have been designated by the Board or any such committee or in these Bylaws shall designate. The Board may prescribe suitable policies and regulations for the safekeeping of such securities.

Section 10—Indemnification

10.1 Indemnification. Provided that the provisions of this Section 10.1 and Section 10.2 are satisfied, as determined by the Corporation, the Corporation shall indemnify any person (each such person, an “*indemnitee*”) named or threatened to be named a party to a proceeding by reason of the fact that such person is or was:

- (a) a member of the Board, the Investment Committee, the Board of Trustees of the Endowment Fund, the Benefit Plan Administration Committee, the Benefit Plan Investment Committee or the governing body of (i) any Chartered Unit, (ii) the American Red Cross Retirement System, (iii) the American Red Cross Health and Life Benefits Plan, (iv) the American Red Cross Savings Plan, or (v) any other employee benefit plan or trust established, maintained or administered by the Corporation; or
- (b) an officer, employee, member of a Board appointed advisory council, or agent (including a volunteer) of the Corporation, any Chartered Unit, any subsidiary of the Corporation, or any of the foregoing.

Any right of an indemnitee to indemnification shall be a contract right and shall include the right to receive, prior to the conclusion of any proceeding, payment of any expenses incurred by the indemnitee in connection with such proceeding, consistent with the provisions of applicable law and the other provisions of this Section 10. Any person covered under this Section 10 shall be indemnified in full against all liabilities incurred in a proceeding. For purposes of this Section 10, “*proceeding*” means any threatened, pending, or completed action, suit or proceeding whether civil, criminal, administrative, or investigative (including any legislative investigations or inquiries) and whether formal or informal, “*liabilities*” means and includes the obligation to pay a judgment, settlement, penalty, fine (including an excise tax assessed with respect to an employee benefit plan), or reasonable expenses actually incurred with respect to a proceeding, including reasonable attorneys’ fees, and “*party*” means and includes an individual who was, is or is threatened to be made a named defendant or respondent in a proceeding.

10.2 Certain Conditions and Limitations.

- (a) Any person seeking indemnification shall notify the General Counsel in writing as soon as practicable after such person becomes aware that such person is threatened to be made involved in any manner (including, but not limited to, as a party or a witness) in a proceeding, but in any event no later than 20 days after the date such person has been notified through service of process or otherwise that such person is involved in any manner (including, but not limited to, as a party or a witness) in a proceeding and submit a request for indemnification, which request shall include (i) all documentation and information as is reasonably available to the indemnitee about the proceeding, including such documentation and information as is reasonably necessary to determine whether and to what

extent the indemnitee is entitled to indemnification, (ii) the indemnitee's agreement to representation, defense, and settlement in and of such proceeding by counsel selected and approved by the General Counsel, and (iii) the indemnitee's acknowledgement and agreement that all entitlement to indemnification shall be determined exclusively by the provisions of this Section 10 (the "*Indemnitee's Request*"). The General Counsel shall, promptly upon receipt of the Indemnitee's Request, advise the Board in writing of the Indemnitee's Request.

- (b) The determination of an indemnitee's entitlement to indemnification shall be made not later than 60 days after receipt of the Indemnitee's Request. An indemnitee's entitlement to indemnification under this Section 10, including whether an indemnitee met the standard of conduct set forth in Section 10.2(d), shall be determined in one of the following ways:
 - (i) by the Board by majority vote of a quorum consisting of members of the Board who are not and were not parties to the proceeding;
 - (ii) if a quorum cannot be obtained under immediately preceding clause (i), by majority vote of a committee duly designated by the Board (in which designation members of the Board who are or were parties may participate), consisting solely of two or more governors who are not and were not parties to the proceeding; or
 - (iii) by a written opinion of independent counsel (as defined below):
 - (A) selected by the Board or a committee designated by the Board in the manner prescribed in immediately preceding clauses (i) or (ii);
 - (B) if a quorum of the Board cannot be obtained under immediately preceding clause (i) and a committee cannot be designated by the Board under immediately preceding clause (ii), selected by majority vote of the Entire Board (in which selection members of the Board who are or were parties may participate); and
 - (C) to which the indemnitee does not reasonably object.

If the person or persons empowered under Section 10.2(b) to determine entitlement to indemnification shall not have been appointed or shall not have made a determination within 60 days after receipt by the General Counsel of the Indemnitee's Request, the indemnitee shall be deemed to be, and shall be, entitled to indemnification unless (i) the indemnitee misrepresented or failed to disclose a material fact in making the request for indemnification or in any of the supporting documentation or (ii) such indemnification is prohibited by law.

- (c) Authorization of indemnification and evaluation as to reasonableness of expenses shall be made in the same manner as the determination that indemnification is

permissible and authorized, except that if the determination is made by independent counsel, authorization of indemnification and evaluation as to reasonableness of expenses shall be made by those entitled under Section 10.2(b) to select independent counsel.

- (d) The Corporation shall not indemnify an indemnitee against liability incurred in a proceeding unless it is determined that the indemnitee:
 - (i) conducted himself or herself in good faith;
 - (ii) reasonably believed that his or her conduct was in the best interests of the Corporation, except that an indemnitee's conduct with respect to an employee benefit plan shall have been for a purpose the indemnitee reasonably believed to be in the interests of the participants in and beneficiaries of the plan;
 - (iii) in the case of any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful; and
 - (iv) did not conduct himself or herself with malice, dishonesty or recklessness.
- (e) The termination of a proceeding, or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, adversely affect the right of an indemnitee to indemnification or create a presumption that the indemnitee did not act in good faith and in a manner in which the indemnitee reasonably believed to be in or not opposed to the best interests of the Corporation or, with respect to any criminal proceeding, that the indemnitee had reasonable cause to believe that such conduct was unlawful.
- (f) The Corporation shall not indemnify an indemnitee:
 - (i) in connection with a proceeding by or in the right of the Corporation in which the indemnitee was adjudged liable to the Corporation, except as otherwise permitted in Section 10.2(g);
 - (ii) in connection with any proceeding charging improper personal benefit to the indemnitee, whether or not involving action in his or her official capacity, in which the indemnitee was adjudged liable on the basis that personal benefit was improperly received by such indemnitee; and
 - (iii) except for proceedings to enforce rights provided in this Section 10, in connection with any proceeding (or part thereof) initiated by such indemnitee (which shall not include counterclaims or crossclaims initiated by others) unless the Board has authorized or consented to such proceeding (or part thereof) by resolution.

- (g) Indemnification permitted under this Section 10.2 in connection with a proceeding by or in the right of the Corporation shall be limited to reasonable expenses incurred in connection with the proceeding.
- (h) All reasonable expenses (including reasonable attorneys' fees) incurred by or on behalf of an indemnitee in connection with any proceeding shall be advanced to the indemnitee by the Corporation within 20 days after the receipt by the Corporation of a statement or statements from the indemnitee requesting such advance or advances from time to time, whether prior to or after final disposition of such proceeding. Such statement or statements shall reasonably evidence the expenses incurred by the indemnitee and an irrevocable undertaking by or on behalf of the indemnitee to repay the amounts advanced if ultimately it should be determined that the indemnitee is not entitled to be indemnified against such expense pursuant to this Section 10. If it is subsequently determined that the indemnitee is not entitled to indemnification pursuant to this Section 10, the indemnitee shall repay to the Corporation any expenses so advanced.
- (i) For purposes of this Section 10.2, "*independent counsel*" means a law firm or a member of a law firm that neither presently is, nor in the past five years has been, retained to represent (i) the Corporation or the indemnitee in any matter material to either the Corporation or the indemnitee or (ii) any other party to the proceeding giving rise to a claim for indemnification under this Section 10. Notwithstanding the foregoing, the term "*independent counsel*" shall not preclude any person who, under the applicable standards of professional conduct then prevailing under the law of the District of Columbia, would have a conflict of interest in representing either the Corporation or the indemnitee in an action to determine the indemnitee's rights under this Section 10.

10.3 *Outside Positions.* In addition to the indemnification provided above, the Corporation, to the fullest extent of, and subject to the same conditions, limitations and procedures set forth in, the provisions of this Section 10, shall indemnify against all liabilities actually and reasonably incurred by such person any person who is or was an employee of the Corporation and who is or was involved in any manner (including, without limitation, as a party or a witness) or is threatened to be made so involved in any threatened, pending or completed proceeding by reason of the fact that such employee is or was serving as an officer or as a director of another corporation (or in a capacity equivalent to that of a director or officer for any partnership, joint venture, trust, limited liability company or other enterprise) at the written request of the Chief Executive Officer following a determination that service by the employee in such position serves an essential purpose of the Corporation and is advisable and in the best interests of the Corporation.

Section 11—Miscellaneous

- 11.1 *Amendments.*** These Bylaws may be amended, repealed, or changed at any regular or special meeting of the Board by the affirmative vote of a majority of the members of the Board present at any such meeting, provided that notice containing the general effect and intent of the proposed amendments has been given to all members of the Board at least 10 days prior to such meeting.
- 11.2 *Subject to Law and Congressional Charter.*** All powers, authority and responsibilities provided for in these Bylaws, whether or not explicitly so qualified, are qualified by the provisions of the Congressional Charter and applicable laws.
- 11.3 *Board Resolutions and Policies.*** The Board may from time to time adopt policies of the Corporation not inconsistent with the Congressional Charter or these Bylaws. These policies shall be part of the overall Corporate Policies and Regulations. The policies shall be set forth in Board resolutions or such other policy document and the official version shall be kept in the custody of the Secretary. The Chief Executive Officer, or his or her designee, shall communicate all statements of purpose adopted by the Board, including the Mission and Strategic Plan of the American Red Cross, throughout the Corporation.
- 11.4 *Management Policies and Regulations.*** The Board delegates to the Chief Executive Officer, or his or her designee, the authority to promulgate subordinate written directives, policies and regulations of the Corporation not inconsistent with the Congressional Charter, these Bylaws, or any other action, resolution, or policy of the Board. These Management Policies and Regulations shall be part of the overall Corporate Policies and Regulations.
- The Board delegates to the Chief Executive Officer, or his or her designee, the authority to develop processes and procedures to enforce Management Policies and Regulations and secure compliance with said policies and to take any remedial or corrective action deemed appropriate and not inconsistent with the Congressional Charter, these Bylaws, or any other action, resolution, or policy of the Board.
- 11.5 *Fiscal Year.*** The fiscal year of the Corporation, including for the avoidance of doubt the fiscal year of each Chartered Unit, shall commence and end on dates fixed from time to time by resolution of the Board.
- 11.5.1 *Corporate Policies and Regulations.*** The Corporation including each corporate department, unit and Chartered Unit and the officers, directors, employees, volunteers, agents, and representatives thereof shall comply fully with all applicable provisions of Corporate Policies and Regulations.

- 11.6 *Dissolution.*** All the assets and net earnings of the Corporation are irrevocably dedicated to charitable purposes and no interest therein shall ever inure to the benefit of any member of the Board, officer, member, or private person or entity. In the event of dissolution the corporate assets shall be transferred for charitable purposes to such entity as may be designated by the Congress of the United States.
- 11.7 *Seal.*** The corporate seal shall be in such form as the Board shall approve. The seal may be used by causing it or a facsimile thereof to be impressed or affixed or otherwise reproduced.

Section 12—Emergency Bylaw

- 12.1** This Emergency Bylaw shall automatically become effective and operative upon an Emergency and shall remain in effect until it is practical for a normally constituted Board to resume governing and directing, and of overseeing the management of the business and affairs of, the Corporation.
- 12.2** In the event this Emergency Bylaw shall become effective, the business of the Corporation shall continue to be governed and directed, and the management of the business and affairs of the Corporation shall continue to be overseen, by those members of the Board in office at the time an Emergency arises and who are available to act during the Emergency. If fewer than three such members of the Board are available to act, additional members of the Board, in whatever number necessary to constitute a Board of three governors, shall be selected automatically from the first available officers or employees in the order provided in the emergency succession list established by the Board and in effect at the time an Emergency arises.
- 12.3** For the purposes of Sections 12.2 and 12.4(c), a member of the Board shall be deemed unavailable to act if he or she shall fail to attend a Board meeting called in the manner provided in Section 12.4(a). This Section 12.3, however, shall not affect in any way the right of a governor in office at the time an Emergency arises to continue as a member of the Board.
- 12.4** The Board shall be governed by the following basic procedures and shall have the following specific powers and authority in addition to all other powers and authority which it would otherwise have:
- (a) meetings of the Board may be called by any governor, or by the first available officer or employee in the order provided in the emergency succession list referred to in Section 12.2, by mailing to all members of the Board written notice thereof at their residence or place of business at least two days before the meeting and by using other reasonably available means of communication in an effort to contact each member of the Board;

- (b) in all cases, three governors shall constitute a quorum, which may act by majority vote;
- (c) if the number of members of the Board who are available to act shall drop below three, additional members of the Board, in whatever number is necessary to constitute a Board of three governors, shall be selected automatically from the first available officers or employees in the order provided in the emergency succession list referred to in Section 12.2;
- (d) additional members of the Board, beyond the minimum number of three governors, but not more than three additional governors, may be elected from any officers or employees on the emergency succession list referred to in Section 12.2;
- (e) any members of the Board, other than a governor in office at the time an Emergency arises, may be removed by a majority vote of the Board;
- (f) the Board may establish any additional procedures and may amend any of the provisions of this Section 12 concerning the interim governance and directing, and oversight of the management and affairs of, the Corporation in an Emergency if it considers it to be in the best interests of the Corporation to do so, except that it may not change Sections 12.3 or 12.4(e) in any manner which excludes from participation any person who was a governor in office at the time an Emergency arises; and
- (g) to the extent that it considers it practical to do so, the Board shall govern and direct, and oversee the management and affairs of, the Corporation during an Emergency in a manner which is consistent with the Congressional Charter and these Bylaws. It is recognized, however, that it may not always be practical to act in this manner in an Emergency. Accordingly, this Emergency Bylaw is intended to empower and hereby empowers the Board with the maximum authority possible under all applicable laws, including 36 U.S.C. §§ 300104(g)(1)(B) and (g)(2), to conduct the interim governance and directing, and oversight of the management and affairs of, the Corporation in an Emergency in what the Board considers to be in the best interests of the Corporation.
