Hi Mr Lockett,

My name is Cody Wheeler. I live in Middletown, KY in Copperfield. I recently became aware of a development complex that is proposed to go in [behind the IGA on Beckley Station Road](#).

I would like to strongly oppose this development allowed to proceed, as this is already a very highly-trafficked and unsafe road to drive on, and this would only exacerbate that situation even more. On top of that, our community in Middletown prides itself on being a low-key, quiet, upscale, and safe place to live. This area is in the heart of homes of families that have been built for 30+ years. It will be a gross eyesore and criminal hazard to this area. It is not an area where apartments should be stuck in the middle of.

I have also come to understand that the business practices of the developers are not only unethical but borderline criminal.

Please consider reviewing this development and stopping it before it gets any further and greatly impacts the lives of thousands of families in Middletown.

I appreciate your consideration.

Cody
