Sept. 14

I held a neighborhood meeting last night to discuss my Air Bnb, short term rental license. (CUP)

The neighbors expressed concerns about noise & parking issues. After hearing their concerns, my husband and I ordered 2 RING security cameras for front and back doors.

We also ordered 3 NoiseAware decibel monitors.

On our listing, we strictly forbid parties and require guests to make no noise after 10 pm. We hired a management company and shared their phone numbers and ours so if anything is wrong, we will respond immediately. Our investment is important, we will abide by all rules + expect guests to do so.
