To Whom It May Concern:

I am writing to request a reconsideration of determination regarding my property located at 1834 Sherwood Ave, Louisville, KY 40204. I had previously attended a Board Meeting on July 22, 2019 for this decision, at which point it was determined that this property is NOT my primary residence.

My reason for requesting this reconsideration is that I have new documentation, I had not been adequately prepared previously, and a board member was not there on the day of our previous meeting.

I have obtained my Voter's Registration and will be supplementing a printout with my Request for Reconsideration. I also felt like I was unprepared at the original meeting. I had been advised that I would be ok without an attorney; I felt like an attorney present would have helped me to convey my message properly. I was blindsided by some of the "evidence" my neighbors had produced, to which I feel like an attorney would have helped me to explain my case better. I was unaware of the capacity of this meeting and completely intimidated by the process. I am also aware that a board member was not present on the day of my ruling, that could have sided in approval of my case.

Given all of these factors, I humbly request a reconsideration for an attempt to convey my case properly with new evidence, attorney assistance and full attendance from board members. I sincerely appreciate your time in considering my request and would look forward to an opportunity to present to the members again at your convenience.

Sincerely,

Ashley Santos
