November 11, 2020

To Whom It May Concern:

Portland Now, Inc. (The Portland Neighborhood Association) has seen the project called "*The Audubon*" that will be housed in the historic warehouses on the Northeast corner of 15th and Lytle Streets. We hereby state that we have no objections to the project based on the presentation that was made to us at our November 2019 meeting. PNI requests additional updates/presentations at least quarterly once financing is secured, and as the project moves forward. We also request to be notified in the event of any large scale changes to the project.

Sincerely,

Mike Neagle  
President ([president@portlandnow.org](mailto:president@portlandnow.org))
