A motion was made by Committee Member Winkler, seconded by Committee Member Dorsey, that this Ordinance be recommended for approval.

Daniel Frockt, Office of Management and Budget, addressed some questions that were previously asked regarding the funding in this Ordinance that will create \$6M in reoccurring costs for the next Budget. He provided an update on the Budget status for Fiscal Year 2021 and Fiscal Year 2022. For Fiscal Year 2021, he stated that November and December had a positive impact so the forecast had improved. For the Fiscal Year 2022, he stated that they were not expecting to have to reduce the existing compliment of personnel or services to balance the budget, in part due to the amount of drop off in revenue that was budgeted having not materialized.

Daniel Frockt also addressed the CARES Act funding, including the closing out of the original funding account and the second round of CARES Act funding that will be coming pursuant to the new Federal legislation, and what it means for the programs funded by such.
