Re: 20-NONCONFORM-0001
7318 Dixie Highway
Louisville, Kentucky 40258

This letter will serve notice that your nonconforming use rights application for a professional office at the property known as 7318 Dixie Highway did not provide sufficient documentation that nonconforming rights were established and/or not abandoned for the requested use. The subject property lies within the M-2 Industrial Zoning District.

Staff did not receive or find any documentation supporting the lawful existence of a professional office on the subject property at any time. Staff did find documentation supporting the establishment of nonconforming rights for a grocery store prior to the zoning provisions prohibiting such use being established; however the use is no longer a grocery store and has changed several times to other uses not in the same classification as required.

Under the Land Development Code and KRS 100.253 staff is presuming abandonment of any nonconforming rights. This administrative decision, based upon information provided in the application and Develop Louisville files, may be appealed to the Board of Zoning Adjustment within 30 days of the date of this letter.

Sincerely,

Chris French
Planning & Design Supervisor

Out of Sight - Out of Mind - Out of Business
 The importance of keeping firm and product names in the public eye is recognized by all
 business men. It is astonishing to see how a firm or product, however meritorious, will slip
 into the limbo of the forgotten if not persistently advertised.
 The City Directory is the natural medium for keeping a business or product name in the spotlight.
