**BUSINESS SESSION**

**CASE NUMBER 16MOD1002**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the proposal meets all applicable policies of the Comprehensive Plan, and

**WHEREAS**, the Board further finds that the proposal is compatible with surrounding land uses and will be adjacent to an existing nursing home. The proposal will be compatible with the general character of the area with respect to scale, drainage, lighting, and appearance, and

**WHEREAS**, the Board further finds that the proposal has been reviewed by Public Works and MSD and both have approved the plan, and

**WHEREAS**, the Board further finds that there are 3 items in the listed requirements for a nursing home. Item A. and B. have been met and item C. is subject to the Board;

**Nursing Homes and Home for the Infirm or Aged**

Nursing Homes and Homes for the Infirm or Aged may be permitted in any district upon the granting of a Conditional Use Permit and compliance with the listed requirements.

- A. All buildings shall be located at least 30 feet from any property line.
- B. One sign, not to exceed 60 square feet and six feet in height, may be placed at each of the major entrances, except in districts where larger signs are allowed.
- C. The Board of Zoning Adjustment added **NO** restrictions to mitigate nuisances or adverse effects; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16MOD1002, does hereby **APPROVE** the Modified Conditional Use Permit to allow revisions to the Conditions of Approval #3 and #4, based on the Standard of Review and Staff Analysis for Conditional Use Permits, and **SUBJECT** to the following Conditions of Approval:

**BUSINESS SESSION**

**CASE NUMBER 16VARIANCE1032**

**00:11:25** On a motion by Vice Chair Jarboe, seconded by Member Howard, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the proposed garage would be approximately 14' feet from the side yard of the northern neighbors fence, approximately 110' feet from the rear neighbors parking lot (Hike's Point Christian Church), and poses no issues other issues for the adjacent parcels on the south or east, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since many homes in the general vicinity have attached garages, detached garages, car ports, and/or no garage, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since the garage as situated at the rear of the property has distances of approximately 14' feet from the northern properties fence and approximately 110' feet from the Hikes Point Christian Church parking lot, to the west of the proposed garage, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the proposed garage is situated on the applicants parcel to the rear and has approximate distances of 14' feet from the northern properties fence and approximately 110' feet from the western property's (Hike's Point Christian Church) parking lot, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since homes in the general vicinity have detached garages, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would create an unnecessary hardship on the applicant since the applicant is requesting the variance to comply with applicable Land development codes and would like additional storage space and space for vehicles, and

**WHEREAS**, the Board further finds that the circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought since the applicant has taken no action to construct the proposed garage; now, therefore be it

**00:28:09 Public Hearing reopened to hear further testimony from the applicant.**

**00:28:20** Mr. Purnell stated there will be no issues maintaining the structure. Mr. Purnell explained how the structure will be constructed and maintained. Mr. Purnell responded to questions from the Board Members (see recording for detailed presentation).

**00:32:05 Board Members' deliberation**

**00:32:27** On a motion by Vice Chair Jarboe, seconded by Member Howard, the following resolution was adopted:

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare since the proposed covered patio will be adjacent to the rear of the adjacent property located at 515 Altagate Road which has no structures within a distance of approximately 60' feet. The applicant has the signatures of the adjacent property owners that would be impacted but such an addition, and

**WHEREAS**, the Board further finds that the requested variance will not alter the essential character of the general vicinity since the existing wall and covered patio area will match with existing materials (also matching the residence). The proposed construction will be located on the side and rear of the property and minimal view from the cul-de-sac, and

**WHEREAS**, the Board further finds that the requested variance will not cause a hazard or nuisance to the public since the construction is located along the side and rear of the property having no public access and minimal exposure to view from the street, and

**WHEREAS**, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since encroachment into

the minimum side yard setback will not impact adjacent property owner at 515 Altagate Road. The proposed covered patio area abuts an empty unimproved portion of the neighbor's lot with no other structures within approximately 60' ft. The proposed roof will not extend above existing residence's roofline or obstruct views of adjacent neighbor's, and

**WHEREAS**, the Board further finds that the requested variance does not arise from special circumstances which do not generally apply to land in the general vicinity or the same zone since the proposed covered patio is unique to the vicinity as many homes in the area have decks and pools but none have attached unfinished living space as the applicant is proposing, and

**WHEREAS**, the Board further finds that The circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought since the applicant has not constructed the proposed covered patio; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment in Case Number 16VARIANCE1031 does hereby **APPROVE** the Variance from the Land Development Code Section 5.3.1 table 5.3.1 to allow a proposed outdoor living area (roofed) to encroach into the minimum side yard setback (**Requirement 5', Request 1', Variance 4'**), based upon the staff report including the applicant's justification for Item 2 on page 2 under Standard of Review and Staff Analysis for Variances and the applicant's explanation and illustration.

**CASE NUMBER 16CUP1013**

A. If using an existing residential building constructed contemporaneously with the surrounding neighborhood, its exterior appearance shall not be substantially altered.

B. New construction within an area having an established front building setback shall be constructed at the average setback line or the minimum front yard of the form district, whichever is less. Structures adjacent to residential uses or zoning districts shall increase side yards by 10 feet for each story over two.

C. One parking space on site shall be provided for each staff person, plus two spaces for each five residents, or five clients served by the rehabilitation home. Parking shall be reduced to one space per five residents/clients if the rehabilitation home serves persons with disabilities that preclude operation of an automobile.

D. One freestanding sign not to exceed 10 square feet and 4 feet in height shall be allowed. **A sign is not proposed.**

E. The Board shall add any additional restrictions necessary to mitigate nuisances or adverse effects; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1013, does hereby **APPROVE** the Conditional Use Permit to allow a rehabilitation home in an R-5 zoning district, based on the applicant's stated use of the property and the staff report, and **SUBJECT** to the following Conditions of Approval:

**Conditions of Approval**

1. The site shall be developed in strict compliance with the approved development plan (including all notes thereon). No further development shall occur on the site without prior review and approval by the Board.
2. The Conditional Use Permit shall be "exercised" as described in KRS 100.237 within two years of the Board's vote on this case. If the Conditional Use Permit is not so exercised, the site shall not be used for a rehabilitation home without further review and approval by the Board.

No one spoke.

**03:25:45 Board Members' deliberation**

**03:28:40** On a motion by Member Fishman, seconded by Member Bergmann, the following resolution was adopted:

**Conditional Use Permit to allow an indoor recycling center (tire shredding facility) in an EZ-1 zoning district:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the proposal preserves and renovates an existing structure and will incorporate building design that is consistent with the surrounding industrial area. All lighting and landscaping will be code compliant, and

**WHEREAS**, the Board further finds that the proposal is compatible with the general character of the surrounding neighborhoods in terms of height, scale, intensity, lighting, noise and appearance, and

**WHEREAS**, the Board further finds that the proposal has been reviewed by Public Works and MSD and both have approved the plan. The Louisville Fire District #1 did not comment on the proposal, and

**WHEREAS**, the Board further finds that Solid Waste Management Facilities, including composting facilities, construction/demolition debris facilities, firewood production and sales, indoor recycling facilities, outdoor recycling facilities, and solid waste transfer stations may be permitted subject to the conditions and in the zoning districts listed in the following subsections. In addition, the following conditions apply to all of these types of facilities:

**BOARD OF ZONING ADJUSTMENT MINUTES**  
**June 20, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1008**

A. All of the facilities referenced in this sub-section 4.2.46 are required to have a license to operate from the Jefferson County Waste Management District (SWR 20.0). **The site cannot be issued a license until all zoning issues have been resolved.**

B. A specific written or site plan for vehicle cleaning facilities to prevent the tracking of mud, dirt or other debris onto any public roadway shall be reviewed and approved by the Director of Works before public hearing.

C. A continuous fence a minimum of 6 feet high shall be placed along the boundaries of all work and storage areas and provided with gates of the same construction as the fence which shall remain locked at all times when active operations are not taking place and shall be properly maintained until all operations are completed.

D. When adjoining any residential zoning district, the facility may not be operated on Sunday or earlier than 7:00 a.m. or later than 6:00 p.m. on any other day.

E. In addition to these conditions, the following conditions apply to the respective category.

3. Indoor Recycling Facilities, if not in conflict with other laws or ordinances, may be located in the M-2, M-3 and EZ-1 Industrial Districts upon granting of a Conditional Use Permit after the location and nature of such use have been approved by the Board of Zoning Adjustment. The Board of Zoning Adjustment shall review the Comprehensive Plan, the plans and statements of the applicant and shall not permit such buildings, structures, or uses until it has been shown that the public health, safety, and general welfare will be properly protected, and that necessary safe guards will be provided for the protection of surrounding property and person. Recycling and/or storage of the following materials:

Glass and glass products

Paper and paper board and fiber Non-ferrous metals

Ferrous metals (limited to food and beverage containers)

Wallboard Plastic and **rubber products**, and Insulation; may be permitted when developed in compliance with the following conditions:

~~a. The operation including loading and unloading operations is completely enclosed in building(s) approved for such purposes by all applicable fire protection authorities.~~ **The loading area will be outside the building facing Ralph Avenue.**

**June 20, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1008**

b. The operation will not have or require any fire, smelting, fumes, chemicals or other toxic materials, hazardous waste or by-products, and the use and site shall conform to such other requirements and conditions as the Board in the exercise of sound discretion may require for the protection of surrounding property, persons, and neighborhoods values.

c. The building(s) shall be a minimum of 200 feet or a lesser distance if approved by the Board of Zoning Adjustment from any surrounding residential district(s). The Board may substitute additional screening requirements for a reduction of the 200-foot setback

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1008, does hereby **APPROVE** the Conditional Use Permit to allow an indoor recycling center (tire shredding facility) in a EZ-1 zoning district, based upon the presentation and the staff report and **SUBJECT** to the following Conditions of Approval:

**Conditions of Approval**

1. The site shall be developed in strict compliance with the approved development plan (including all notes thereon). No further development shall occur on the site without prior review and approval by the Board.
2. The Conditional Use Permit shall be "exercised" as described in KRS 100.237 within two years of the Board's vote on this case. If the Conditional Use Permit is not so exercised, the site shall not be used for an indoor recycling center without further review and approval by the Board.
3. Item #12 regarding Private Access Easement shall be deleted from the site plan.
4. There will be no outdoor tire storage.

**PUBLIC HEARING**

**CASE NUMBER 16CUP1008**

**03:31:20** On a motion by Member Fishman, seconded by Member Bergmann, the following resolution was adopted:

**Waiver to reduce the required landscape buffer area along the roadway:**

**WHEREAS**, the Louisville Metro Board of Zoning Adjustment finds that the waiver will not adversely affect adjacent property owners since the landscape requirements will be met, and

**WHEREAS**, the Board further finds that Guideline 3, policy 9 of Cornerstone 2020 calls for the protection of the character of residential areas, roadway corridors and public spaces from visual intrusions and mitigate when appropriate. Guideline 3, policy 24 states that parking, loading and delivery areas located adjacent to residential areas should be designed to minimize the impacts from noise, lights and other potential impacts, and that parking and circulation areas adjacent to streets should be screened or buffered. Guideline 13, policy 4 calls for ensuring appropriate landscape design standards for different land uses within urbanized, suburban, and rural areas. Guideline 13, Policy 6 calls for screening and buffering to mitigate adjacent incompatible uses. The intent of landscape buffer areas is to create suitable transitions where varying forms of development adjoin, to minimize the negative impacts resulting from adjoining incompatible land uses, to decrease storm water runoff volumes and velocities associated with impervious surfaces, and to filter air borne and water borne pollutants, and

**WHEREAS**, the Board further finds that the extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant since the reduction will allow the drive aisle to be maximized for loading and truck maneuvering, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulations would deprive the applicant of the reasonable use of land because a portion of the drive aisle would have to be eliminated, and

**WHEREAS**, the Board further finds that the waiver will not adversely affect adjoining property owners. Currently, the site is not landscaped in any way. The applicant will provide plant material and a 5' Landscape Buffer area to screen maneuvering and parking areas within the site. The subject property is also in an industrial area with few properties that have been brought up to contemporary standards, and

**June 20, 2016**

**PUBLIC HEARING**

**CASE NUMBER 16CUP1008**

**WHEREAS**, the Board further finds that the waiver will not violate the Comprehensive Plan. The subject property will be used for indoor recycling, fostering sustainable business practices. The subject property will also be, at the conclusion of the redevelopment effort, more in keeping with Cornerstone 2020 and the Land Development Code than the existing condition, and

**WHEREAS**, the Board further finds that the extent of the waiver is the minimum necessary to afford relief to the applicant. The applicant is proposing to provide as much landscaping as possible along Ralph Avenue in light of the need to maneuver vehicles around the proposed building. The odd shape of the site also contributes to the lack of room for a larger buffer area, and

**WHEREAS**, the Board further finds that the strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land. The subject property is ideally located for the proposed use but the proposed use requires maneuvering area on the site that constricts the area available for buffers; now, therefore be it

**RESOLVED**, that the Louisville Metro Board of Zoning Adjustment, in Case Number 16CUP1008, does hereby **APPROVE** the Waiver to reduce the required landscape buffer area along the roadway (**Requirement 10', Request 5', Waiver 5'**), based on the Standard of Review and Staff Analysis for Waivers, the discussion, the presentation and the justification from the applicant.
