Good Morning,
Councilwoman Fowler would like to subsidize another \$4,000.00 for overtime hours, to be used to help patrol the streets in District 14 for speeding, and any other traffic violations.

Would you please except the funds of \$4,000.00.

Sincerely,
Cindy Thieneman

Subject: Overtime

New business deadline is Monday. I'm thinking we need to put in another \$4000 in for overtime.. it's not going to last long with all the complaints we are getting. I wonder if some of the speed humps will come to pass. Omar Khyamm would be a good one. Anyway can you do the paperwork? It takes so long I thought we would get a head start..

Thanks
Cindi

Cindy,

I'm good on the additional funds as well as the streets that you all want officers to run radar. I will check with Xiang Stover to see if it has been set up on our end to be able to code the OT correctly and use the appropriate funds. Once I know it is there I will start setting up the OT details. I will get with Rachel to see if the speed machine has been on any of these streets previously. If it has I can take a look at the data collected to see what time of the day is showing the most issues. Once we start these details I will send you all the info from it. Thanks

Hello Lieutenant Nichols,
I had previously sent the below emails to Sergeant Keeling and was advised, you would be my point of contact for the overtime hours for speeding.
We keep getting request for taking radar on streets. That is why the councilwoman is subsidizing another \$4,000.00 for a total of \$11,000.00 for this cause. These 2 NDF are separate from the other overtime funds that was provided for the weekend detail.

I have another street to include **Paramount Dr.**

This will make a total of 13 streets we now have on our list, that we would need detailed reports.
I believe taking radar in later afternoon and early evening would be a good option, however, I am leaving this to the experts. We would like to make sure providing this money for overtime was a wise decision.

Thank you for what you and other officers of the third division do to try and keep our neighborhoods safe.
Sincerely,
Cindy Thieneman
