The attached pdf is the result of the inspection for bin locations.

Locations 10, 13, 14, 24, 25, 26, 27 & 28 will probably need concrete pads poured.

Location 16 at Barret and Goddard doesn't have a spot for a bin but we can reevaluate after the multiuse path project is complete.

Location 18 at 1001 Baxter is too narrow for a bin.

Location 19 on the cemetery side of Baxter across from Lucia is not a good spot.

Location 22 at 2209 Taylorsville Rd is too narrow for a bin.

**Subject:** Request for New Litter Bins

Folks,

As some of you will recall, I surveyed my District 8 last year to identify gaps in our public litter bin system:

<https://louisvilleky.gov/government/metro-council-district-8/keep-district-8-clean-beautiful#17>

Finally, after a lot of work, I have a list of 28 new litter bins (and money to pay for them) that I would like to be deployed pending everyone's approval. Please see attached and let me know your thoughts. It appears that 11 of the 28 new bins would be at TARC locations – so are those to be treated differently in terms of type of litter bin/TARC's responsibility to help pay for them/etc.?
