SECTION 3 – AGENCY DETAILS

Describe Agency's Vision, Mission and Services:

We envision a community where households have affordable energy bills within safe, healthy, and financially stable homes.

Project Warm's mission is to provide basic repairs and upgrades as energy conservation services and education to promote energy saving practices in the community.

Founded in 1981 as a 501 (c) 3 non-profit organization, Project Warm provides free weatherization services to households of seniors, disabled, and low-income individuals. It also provides self-help educational programs (and free weatherization materials), to all citizens throughout Louisville Metro. Project Warm accomplishes its mission by leveraging the talents of a small staff in collaborative efforts with other agencies and organizations, and the involvement of citizen volunteers.

Project Warm Services are divided into three complementary programs:

FIRST-LINE WEATHERIZATION is our year round service focused on air-sealing, door and window repair and weather-stripping. In addition, when necessary, missing window panes are replaced, disconnected heating ducts are reconnected and sealed, and minor drywall repairs performed. The work is performed by one staff weatherization specialist and nine, skilled, RSVP volunteers.

PROJECT WARM ENERGY MANAGEMENT WORKSHOPS are conducted October through February in partnership with neighborhood governmental and community organizations throughout the Metro area. The workshops include training in effective home energy management and free weatherization materials for attendees to use. In addition, from February through May, Project Warm provides weatherization services and energy management education to LIHEAP clients enrolled in the Affordable Energy Corporation's "All Season's Assurance Plan" (ASAP).

THE PROJECT WARM BLITZ, held on two days in early November, involves teams of volunteers recruited and trained from businesses, congregations and schools fanning out throughout the community to prepare homes of seniors and disabled citizens for winter by installing simple weatherization fixes.

First Line Weatherization is the program for which we are submitting this funding request.

SECTION 5 – PROGRAM/PROJECT NARRATIVE

A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

The First Line Weatherization program runs year round, July 1 through June 30.

Many clients live in older neighborhoods in Metro Louisville where residences were built before energy-efficiency was a priority and addressed by building codes. Many of these homes need repair of doors and window components, structural weather sealing (caulking, weather stripping, door sweeps, etc.) and insulation. Many of these older homes have aged heating and cooling systems that cost more to operate.

Many First Line clients are elderly people on fixed incomes, and a majority are single mother heads of household

National studies and local data analysis, show households in these demographic groups (low and fixed-income) pay on average 20% of their income towards utility bills, which is five times greater than the average of 4%.

Weatherization is an important element in decreasing financial stress, improving budgets, and helping people to continue living independently.

Neighborhood Development Funds would offset 10 % of staff payroll, a portion of the cost of supplies used, and a portion of vehicle mileage costs related to performing the work.

B: Describe specifically how the funding will be spent including identification of funding to sub grantee(s):

This grant request will support office technology upgrades and our First Line Services only. No sub grantees.

A)Purchase of two computers - one laptop, software, and monitors.

B)Support for our First Line Service: materials, staff, costs and vehicle expenses. Year round service that provides home energy repairs. One staff and a cadre of skilled volunteers. Work includes weather stripping doors, replacing missing window panes, repairing holes in walls, floors, and ceilings, and installing interior window storms among other things.

E: Describe the program's benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

Some benefits are:

- 1) Less drafty home equals more comfort and lower utility bills for both summers and winters.
- 2) Weatherstripping and new locksets equals a safer home.
- 3) Information on importance of carbon monoxide detectors ensures resident(s) safety
- 4) Information on importance of changing furnace/AC filters lowers utility costs and adds to healthier home environment.
- 5) Installing clothes dryer vents adds to a healthier home.
- 4) Use of Home Inspection Checklist informs households and work crew about conditions in the home. The checklist opens up a dialogue between clients, staff, and volunteers and leads to awareness of steps resident can take to manage their energy usage, lower bills, stabilize budget, be responsible for own well-being.

- 1) On a selected number of cases, Project Warm analyzes household energy usage data before and after work is completed for a 12 month period (based on actual energy usage data from LG&E).
- 2) Collects information from phone surveys and follow-up in-home interviews to assess residents' pre- and post-weatherization experiences.
- 3) Collect workshop evaluations from participants.
- 4) Collect head of household self-assessments.
- 5) Record volunteer debriefing interviews.
- 6) Track referrals for follow-up service and home walk-through assessments.

F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this program/project specifically.

Community collaborations are an essential part of the way Project Warm works in the Metro area. Here is a strong sample.

- o Metro Community Action and LIHEAP – we provide energy workshops for participants,
- o Family Economic Success – we are a partner for family self-sufficiency
- o Affordable Energy Corporation's "ASAP" program– we provide weatherization service and energy management workshops
- o Kentucky Refugee Ministries – cultural orientation on home energy management
- o Catholic Charities--Refugee Services, education and cultural orientation on home energy management
- o Neighborhood Places – we schedule workshops throughout the Metro area to serve clients
- o YouthBuild Louisville – agency collaboration and hands on assessment and weatherization training for students
- o JCPS - Family Resource Centers -- provide weatherization education and supplies school families.

Dear Sir or Madam:

This letter is in response to your request for a copy of your organization's determination letter. This letter will take the place of the copy you requested.

Our records indicate that a determination letter issued on July 8, 1982, granted your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in section 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Energy Conservation Associates, Inc.
[REDACTED]

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

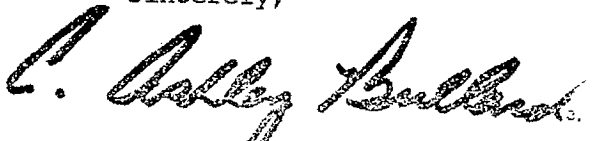

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

Please direct any questions to the person identified in the letterhead above.

This letter affirms your organization's exempt status.

Sincerely,

C. Ashley Bullard
District Director
