NOW, THEREFORE, BE IT ORDAINED BY THE LEGISLATIVE COUNCIL OF THE LOUISVILLE/JEFFERSON COUNTY METRO GOVERNMENT AS FOLLOWS:

SECTION I: The Development Plan, attached hereto as Exhibit A, is hereby adopted.

SECTION II: That the Council finds as follows:

A. All statements of fact set forth in the recitals to this Ordinance are found true and correct and are incorporated herein by reference.

B. The Development Area, as depicted in Exhibit B, is a contiguous parcel of property, approximately 0.7668 acres in size, and is less than three (3) square miles in area as required by the Act.

C. The Development Area constitutes previously developed land as required by KRS 65.7043(2).

D. The establishment of the Development Area shall not cause the assessed value of taxable real estate in all development areas located in Louisville Metro

to exceed 20% of the assessed value of all taxable real property in Louisville. To date Louisville Metro has established several other development areas with a combined taxable real property assessment at the time they were established of approximately \$1.543 billion. The taxable real property assessment of the Development Area for calendar year 2021 is approximately \$4,376,120, and that amount combined with the previous development areas established by Louisville Metro totals \$1.547 billion, while the total taxable real property assessment for Louisville exceeds \$71.6 billion, 20% of which is \$14.3 billion.

E. The conditions within the Development Area meet three (3) of the seven (7) factors of blight as set forth in KRS 65.7049 and are as follows:

1. **A substantial loss of residential, commercial, and industrial activity or use has occurred within the Development Area.** The Development Area consists of six parcels, and all but one of the structures on those parcels are currently vacant. The majority of the structures have been vacant for more than 20 years and all of the vacant structures have been vacant for at least eight years.

2. **Substantial abandonment of residential, commercial, or industrial structures.** The Development Area consists of six parcels, and all but one of the structures on those parcels are currently vacant. The majority of the structures have been vacant for more than 20 years and all of the vacant structures have been vacant for at least eight years. While portions of those structures will be demolished, 58 feet of the existing buildings, along with the facades, will be renovated and preserved.

3. **A combination of factors substantially impairs or arrests the growth and economic development of the city or county and impedes the**

development of commercial or industrial property due to the Development Area's present condition and use. Development of the Project site without assistance as provided by the Act is not feasible due to the large scale costs associated with the redevelopment of the proposed Project, particularly if 58 feet of the existing buildings are to be renovated and preserved. No other adequate funding mechanism affords the proposed improvements absent the incentives provided under the Act. These improvements cannot be facilitated with private investment alone. The aesthetic improvement resulting from the redevelopment of the proposed Project will have a positive impact on Louisville Metro and the surrounding area, especially the impact on West Main Street.

F. The Development Area will not reasonably be redeveloped without public assistance, including incentives as provided by the Act. The high cost of site redevelopment expenses needed for the Project makes public incentives critical to the financing of the Project.

G. The public benefits of redeveloping the Development Area justify the public costs proposed. The investment in the Development Area will result in significant returns through increased property valuations for the surrounding area, facilitate secondary and tertiary re-development within the area. The Development Area has a 2021 taxable assessment of approximately \$4,376,120 but currently generates \$12,776 in ad valorem real property taxes to Louisville Metro because two of the six parcels in the Development Area (assessed at \$1,735,100) are exempted from ad valorem real property taxes because the owner of those parcels qualified for the property tax exemption pursuant to Section 170 of the Kentucky Constitution. The Project will increase capital

investment by approximately \$100,000,000, which will provide significant new taxes to Louisville Metro and the other taxing districts. While Louisville Metro will pledge 80% of the incremental increase of the local ad valorem real property taxes from the Development Area, up to a cap of \$6,380,405, to provide redevelopment assistance to the project, it will retain 20% of the new incremental increase of the local ad valorem real property taxes and 100% of the local occupational taxes from the Development Area. Therefore, even when considering the requested incentives for the Project from Louisville Metro, the Project will be financially beneficial to Louisville Metro. The Project will also serve as a catalyst for additional development in the area surrounding the Development Area. The Developer has also committed to a community benefits agreement, which will be memorialized in a Memorandum of Understanding (“MOU”) substantially similar to the draft MOU attached as Exhibit D.

H. The area immediately surrounding the Development Area has not been subject to growth and development through investment by private enterprise independent of public support. The proposed improvements within the Development Area will have a positive effect on the surrounding area, which faces stagnation in development without them.

I. The pledge and use of a portion of Louisville Metro’s incremental revenues, as defined in the Local Participation Agreement, derived from the Development Area to provide redevelopment assistance to the Project and the Development Area will increase capital investment in Louisville Metro, and therefore constitutes a public purpose.

SECTION III: The Development Area as illustrated and described in Exhibit B is designated as a development area pursuant to the Act and shall be named the 811-823 West Main Street Development Area. The Development Area shall be established as of the effective date of this Ordinance and shall terminate on the earlier of (a) the termination of the Local Participation Agreement, attached hereto as Exhibit C, or (b) 25 years from the date hereof, provided that in no case the termination date will be more than twenty (20) years from the activation date.

SECTION IV: That the Metro Development Authority, Inc., a Kentucky nonprofit, nonstock corporation (the "Authority"), (a) is designated as the Agency, pursuant to the terms of the Act, (b) shall be the recipient of the Released Amount under the Local Participation Agreement and (c) shall be required to oversee and administer the implementation of the Project within the Development Area.

SECTION V: That the Mayor is authorized to negotiate and enter into a Local Participation Agreement, substantially in the form attached hereto as Exhibit C, with the Authority for the release to the Authority of a portion of the new ad valorem real property taxes expected to be derived by Louisville Metro from the Project to be constructed in the Development Area ("Released Amount").

SECTION VI: That the Office of Management and Budget is designated as the department in Louisville Metro to oversee the payment of the Released Amount and to review all documentation concerning the Project, its progress, costs and development. The Office of Management and Budget shall annually submit to the Council a report concerning the Development Area ("Report"). The Developer shall provide to the Office of Management and Budget, on a timely basis, all information required by the Office of

Management and Budget to prepare the Report. The Report shall include but not be limited to:

- A. An accounting of all payments made to the Authority pursuant to the Local Participation Agreement;
- B. An analysis and review of development activity within the Development Area;
- C. The progress made toward meeting the stated goals of the Development Area; and
- D. An accounting of the Approved Project Costs and other Project Costs incurred by the Developer.

SECTION VII: That the Council authorizes Louisville Metro to pay annually to the Authority, the Released Amount which shall be calculated as provided in the Local Participation Agreement, not to exceed a sum equal to 80% of the Louisville Metro Ad Valorem Real Property Tax Increment, as that term is defined in the Local Participation Agreement subject to the following condition: in no event shall the total of the Released Amount paid to the Authority over the term of the Local Participation Agreement exceed \$6,380,405 as set forth in the Local Participation Agreement.

SECTION VIII: That the Authority shall establish a Special Fund pursuant to the Act for the Development Area as set forth in the Local Participation Agreement.

SECTION IX: That the Mayor and other appropriate Louisville Metro officials, and each of them, for and on behalf of Louisville Metro, are hereby authorized, empowered and directed to do and perform any and all things necessary to effect the execution of the Local Participation Agreement, the performance of all obligations of Louisville Metro

under and pursuant to the Local Participation Agreement and related documents, and the performance of all other actions of whatever nature necessary to effect and carry out the authority conferred by this Ordinance and the Local Participation Agreement. The Mayor and other appropriate Louisville Metro officials, and each of them, are hereby further authorized, empowered and directed for and on behalf of Louisville Metro to execute all papers, letter, documents, undertakings, certificates, assignments, forms, instruments and closing papers that may be required for the carrying out and effectuation of the authority conferred by and for the purposes of this Ordinance and the Local Participation Agreement, or to evidence said authority and purposes, and to exercise and otherwise take all action necessary to the full realization of the rights and purposes of Louisville Metro under the Local Participation Agreement and related documents and to perform all of the obligations of Louisville Metro under the Local Participation Agreement and related documents.

SECTION X: The provisions of this Ordinance are hereby declared to be severable, and if any section, phrase or provision shall for any reason be declared invalid, such declaration of invalidity shall not affect the validity of the remainder of this Ordinance.

SECTION XI: This Ordinance shall take effect upon its passage and approval or otherwise becoming law.
