Chris – I'll make sure to note the amount and that Beth can speak to this in CM Blackwell's notes for next week.

Thank you,
Liz

Liz,

I think Beth needs to amend the total dollar amount, it's 1250.00 too much.

Also, please allow Beth Stenberg to speak to this item for our office. Thanks!

CM Blackwell approves this addition to the agenda.

Thanks,
Liz

Jess, please place CIF112916PW18 on the next agenda for reconsideration. PW&A told CW Parker they needed \$14,605.09 for their part of that project, but they discovered they underestimated that estimate by \$2,500. Therefore, the amount needs to be changed from \$14,605.09 to \$17,105.09.

CM Blackwell, will you please approve for this to be added to the Dec 13 agenda since the project is underway and the funding is needed.

Thank you,

Beth

Beth, As a Follow up to our phone conversation yesterday, I'm sending you a summary Table showing funding & Expenditure info for D18 projects.

Please note that the remaining balance in Hurstbourne/Bunsen project is less than what I initially reported(\$3,444.79-\$1,200= \$2,244.79). I had to keep \$1,200 in Hurstbourne/Bunsen account to cover for the cost of bench which has been ordered but not yet installed.

Also, \$50,000 shown as Hurstbourne/Shelbyville /Shelby Campus project total is the estimated cost and NOT the actual cost of the project. Our Contractor has not yet submitted the final invoice for this project.

Hope the information below is helpful and answers your questions. Let me know if you have any additional questions.
