Susan, can you shed some light on this? Does it need to be rescinded?

My records show that after this item was approved District 15 found out that these funds were no longer needed, and they advised to let the item just die. So there would be no need for a budget revision. However, I do not believe this was ever rescinded. I believe, if I remember correctly, that there was some confusion on if we needed to even rescind it or not. (I am so glad we are working on getting a set rule on this matter). However, I reviewed following Appropriations agendas and the item was never rescinded.

Would you like me to place this on the upcoming appropriations agenda to be rescinded?
