Kyle,

We are going to do two waves of repairs on one of these roads, Hillcrest Ave. We are going to use Precision Concrete Cutting (PCC) first to remove as many repairs as they can. Then we are going to remove and replace the trip hazards that are left. Would you label this appropriation "Removing Sidewalk Trip Hazards on Hillcrest Ave" so that I have the flexibility to use this money on either the first or second wave? PCC will begin tomorrow and the appropriation may not come through in time to pay their invoice.

MPW will receive this money.

Thanks!  
Craig

Craig,

We are low on funds this year, but we can do \$1,000 toward the Hillcrest and Pennsylvania sidewalks. Will MPW accept the \$1,000 for the project?

Thanks,  
Kyle

I just figured out a way to use the \$1,000 only on PCC regardless of when the appropriation is finalized. It will cost approximately \$6,910 to remove sidewalk trip hazards from Hillcrest Ave using Precision Concrete Cutting. Public Works will fund \$5,910 and the contributions from Council District 9 will cover the remaining \$1,000.

Thank you for your patience,

*Craig Allen*

Got it – can you please send me an estimate for repairs that I can include with the request?

I would just spend the \$1,000 Council Hollander will appropriate removing trip hazards on Hillcrest Ave.
