It is \$10,000 max per project. The 4 you are talking about are all over \$20,000 so you can get up to \$40,000 for those projects..

Ms. Stenberg,

If we pave \$80,000 in alleys. How much of alley match money can we get?

CW, this is the only request for an alley found in my records and the records of public works. Please advise on how you want this handled.

Donna,

After reviewing the alleys I found that they are currently concrete to which I am proposing that we overlay the concrete with 2 inches of asphalt. I am providing each alleys estimated segment below includes ramps to be replaced at the entrances/exits which are maintained by Metro.

I estimate the alley running from 25th to 23rd between W Hill and Bolling to be: \$35,000

Thank you so much Matthew, however there should be alley estimates on record. Do you know who would have that?

I can do them. I am planning on taking care of a few more estimates today. So please provide me with the alley in question providing a to and from street. I will also need to know the streets it runs parallel to.

For instance, I would need something like "alley running from S36th to Louis Coleman Ave between Greenwood Ave and Grand Ave.

Thanks,

Matthew R. Haines, PE

Do either of you do alley estimates? I cannot remember. I need alley paving estimates in District 3 sent to me. Please advise.
