We can do it for about \$7,000. To my knowledge, there is match funding still available.

Thanks,
Andrew

OK.

Andrew – do you have any idea on cost? Ideally we'd love to use alley match money.

Kyle,
If D9 is interested in paving that alley, we can take care of it when we pave Ewing and Payne and there would be some cost savings by doing it at the same time.

Thanks,
Andrew

Andrew,

Yes, it's behind Walgreens.

Thank you,
Kyle

Kyle,
If the other half is in good condition we would consider it. Is it behind the Walgreens at Ewing? I would recommend paving all of that alley from Ewing to Keats.

Thanks,
Andrew

Andrew,

Would MPW ever consider paving a half of an alley? This is a unique situation since the alley is in much better shape everywhere except behind Walgreens.

Thanks,
Kyle

Kyle,
To pave the alley from Ewing to Keats between Frankfort and Payne would be \$17,000.
To pave the alley from Keats to Jane between Frankfort and Payne would be \$14,000.
To pave them at the same time would be \$29,000.
If you need anything else, let me know.

Thanks,

Andrew

Subject: Alley Paving Estimate

Andrew,

How quickly could I get an alley paving estimate for the alley behind 2368 Frankfort Avenue between Ewing and S. Keats and then Ewing and S. Jane? There are two stretches, want to get estimate for 1st stretch behind Walgreens and then another for the entire 2 areas.

Thanks so much,
Kyle
