HILLRIDGE SUBDIVISION

Hillridge Subdivision was developed in the 1970's by Don Ridge's Hillridge LLC. in an unincorporated portion of Jefferson County. On January 1, 2003 it became a part of the City of Louisville as a result of the city/county merger.

Hillridge borders Jeffersontown to the north at Hillridge East Subdivision, to the east at Southern Breeze Subdivision and to the south at the 8800 block of Watterson Trail. It consists of 305 lots of which 293 have houses and 12 are open lots. Of those 12 lots, one belongs to a homeowner as an oversized backyard. The remaining 11 lots are owned by DS Ridge LLC (formerly Hillridge LLC).

DS Ridge LLC has not responded to our request for a yes or no vote. These lots which are currently on the market, once held the Hillridge Wastewater Treatment Plant, which is no longer in existence. We consider it to be in the best interest of Hillridge and Jeffersontown to OMIT these 11 lots from the Annexation request. Doing so will not create a "doughnut hole" in Jeffersontown. Those lots will continue to border Louisville with two lots facing Stony Brook (at the north east corner of Stony Brook and Watterson Trail) and nine lots bordering those two previously mentioned, in a continuous L Shape.

As early as 1974 Hillridge attempted to be annexed into Jeffersontown with two attempts thereafter. However, according to long time residents, previous attempts lacked cohesion with no real communication of the pros and cons with the residents. Additionally, the third attempt could not be considered as it was presented during Louisville Metro's 12 year annexation moratorium.

This current effort began in March of 2016 when a "Hillridge Neighborhood Meeting" was held. Jeffersontown's Mayor Dieruf spoke to approximately 100 residents, explaining pros and cons that annexation might bring. Signatures were collected on "Petition Sheets" that evening. Immediately after, a team of volunteers armed with the facts began canvassing door to door. Open conversation were held with neighbors, fielding any concerns they had. For those neighbors who could not be found at home, numerous visits were made with flyers being left behind. Others were contacted via Facebook and Nextdoor.com. As a result, this packet contains a variety of media by which the signatures were obtained. These efforts have been ongoing since late March 2016.

As of August 16, 2016 date of submission of this packet, the votes stand at:
