SECTION 7 - CERTIFICATIONS AND ASSURANCES

By signing the first page of the Grant Application, the authorized official signing for the applicant organization certifies and assures to the best of his or her knowledge and/or belief the following Assurances and Certifications. If there is any reason why one or more of the assurances or certifications listed cannot be certified or assured, please explain in writing and attach to this application.

Standard Assurances

1. Applicant understands this application and its attachments as well as any resulting grant agreement, reports and proof of expenditure is subject to Kentucky's open records law.
2. Applicant will establish safeguards to prohibit employees or any person that receives compensation from awarded funds from using their position for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
3. Applicant and any sub grantee will give Louisville Metro Government access to and the right to examine all paper or electronic records related to the awarded grant for up to five years of the grant agreement date.
4. Applicant assures compliance with the grant requirements and will monitor the performance of any third party (sub-grantee).
5. The Agency is in good standing with the Kentucky Secretary of State, Louisville Metro Government, the Jefferson County Revenue Commission, the Internal Revenue Service, and the Louisville Metro Human Relations Commission.
6. Failure to provide the services, programs, or projects included in the agreement will result in funds being withheld or requested to be returned if previously disbursed.
7. Return to Louisville Metro any unexpended funds by July 31 following the Metro Louisville's fiscal year end
8. Provide proof of all expenditures (canceled checks, receipts, paid invoices). The Applicant understands the failure to provide proof of expenditures as required in the grant agreement could result in funding being withheld or request to be returned if previously disbursed.
9. Applicant understands if this application is approved, the grant agreement will identify an award period that begins with the Metro Council approval date, and will end with June 30 of the fiscal year in which the grant is approved. Expenditures associated with this award expected to occur prior to the award period (approval date) must be disclosed in this application in order to be considered compliant with the grant agreement.
10. Applicant understands if we choose to incur expenditures prior to the approval of the application by the Metro Council, there is no guarantee that funding will be reimbursed, as the Council may choose not to award the application.

Neighborhood Development Fund Application Questions

Section 4 - Agency Details

Describe Agency's Vision, Mission, and Services:

The Three Points Beautification Project idea was conceived at the end of 2013. The project manager for this project is a current serving board member on the Schnitzelburg Area Community Council (SACC) and this project is utilizing the resources and support of the SACC, HOWEVER, the project is a collaboration between the Schnitzelburg Area Community Council (SACC), the German-Paristown Neighborhood Association (GPNA), and the Shelby Park Neighborhood Association (letters of support from each of the neighborhood organizations have been attached). The location of the project is unique as it represents a point in which all three neighborhoods meet, thus spurring the title "Three Points" for the area. Due to the project's goal to highlight the three neighborhoods and beautify an intersection that is used heavily as a gateway between the three neighborhoods, the SACC should not be identified as the sole entity behind the project.

The project seeks to enhance the blighted intersection of Goss Avenue and Logan Street, which is located entirely in Metro Council District 4 (David Tandy) at the edge of District 10 (Jim King). A mural, extensive landscaping, infrastructure improvements, and added amenities are included in the scope of this project. Goals of the project aim to: 1) communicate the cultural and artistic spirit of the surrounding communities, 2) instill community pride in residents, 3) improve walkability, 4) calm traffic at the complex intersection, 5) add to Louisville's tree canopy, 6) and help visitors to the area identify nearby neighborhoods. The three neighborhoods involved in the project have very active community groups, include the "hottest" real estate zip codes in Louisville*, and are home to a plethora of small, locally-owned businesses. As these "trendy" neighborhoods grow, tourists and residents of Jefferson County will seek out the area. This cultural growth is beneficial to both the neighborhoods and the city of Louisville, especially considering the financial benefit of increased investment in small businesses, increased property values, and increase in occupants in the neighborhoods.

A large-scale project, such as this, will show an investment is being made in the community and the future and well-being of residents is being considered. It is a strong belief that this project will encourage others to act in good will with embracing more community enhancing projects and to take care of what already exists. Positivity spurs positivity.

This project is located directly outside of the former Goss Avenue Antique Mall/Cotton Mill. There is currently a massive renovation project to convert the old factory into the Germantown Mill Lofts - 180+ loft style apartments developed by Underhill Associates. This will garner a lot more visibility for the already heavily trafficked intersection of the proposed project. The SACC and GPNA are also working together on the Goss Avenue Beautification Project that seeks to improve/update Goss Avenue and make it a bustling "Main Street." Goss Avenue ends at the location of the Three Points Beautification Project (just over the railroad tracks) and the project is clearly seen while looking Northwest, directly down Goss Avenue. This project will compliment the Germantown Mill Lofts Project, the Goss Avenue Beautification, and the other revitalization projects underway and planned in the area.

The Three Points Beautification Project accomplishes the goals for public purpose, as identified by Louisville/Jefferson County Metro Government: promotion of public health, safety, general welfare, security, prosperity, and contentment of residents within the jurisdiction of Metro Louisville.

Section 5 - Program Narrative

B. Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address:

The project was started in December of 2013 has been in development since. The physical transformation of the intersection will begin in mid July 2014. Landscapers will begin edging and clearing the area of debris during this time. Volunteers from SACC, GPNA, and SPNA will paint the wall with primer at this time as well. The actual mural will be painted between July 28th and August 3rd. Final landscaping will occur after in August when the mural is complete. Bench and trash can installation is dependent on materials being delivered to the site, although the concrete pad that is to be poured on Save-a-Lot's property for anchoring the bench will be completed in mid to late July.

The project serves three neighborhoods directly (German-Paristown, Schnitzelburg, Shelby Park) which, according to 2010 Census data, is comprised of about 46,437 residents. These residents reflect about 7.8% of Louisville Metro's total population.

Attached are 2010 census populations by zip code, as well as USPS information on how many households/businesses are represented by the three neighborhoods based on mail routes.

C. Describe specifically how the funding will be spent, including identification of funding to subgrantee(s):

The cost of funds from Louisville Metro (\$6,500 in total; \$4,000 from Jim King and \$2,500 from David Tandy) will be allocated to the mural design, painting and paint supplies, and the landscaping portion of the project.

Artist Fees: \$3,000.00

Paint/Paint Supplies**: \$ 3,060.00

Landscaping: \$2,000.00

Total: \$8,060.00

Obviously, the full amount received from Louisville Metro Neighborhood Development Funds will not be enough to cover the entire scope of this part of the project, but funds will be solicited via an online

crowd-sourcing fundraising campaign to fill in budget holes. The community will be responsible for funding the completion of this project, making it a truly community supported project.

See attached proposal for full budget.

**Paint costs are estimates and full cost will not be determined until the mural is completed. If paint is purchased and unused, it will be sold back to the paint supplier at the cost in which it was purchased.

F. Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this project specifically:

The project will be working closely with the board members of the German-Paristown Neighborhood Association, Schnitzelburg Area Community Council, and the Shelby Park Neighborhood Association. All neighborhood organizations have had the Three Points Beautification Project discussed at each group's respective open, general public meetings. The project has been well received by all who have heard the proposal. The community will be invited to donate money to the project to fill budget holes or volunteer their time during the actual beautification (volunteers will be priming the wall and cleaning up trash in the area). The project is also a student project for the 2014 Center for Neighborhood's Neighborhood Institute. Outcomes for the project will be shared with future students and through Center for Neighborhood's newsletter and social media platforms.

All other companies involved with the project (Dages Paint, Luv-It Landscaping, M3 Solutions) have been selected in respect to their business being located within the bounds of the project and are in good standing with the three aforementioned neighborhood organizations***. The donation of a trash receptacle by Save-a-lot will help reduce trash in the heavily littered area, and their donation of a bench will show their business is investing in the betterment of the community. Depending on the trash receptacle Save-a-lot decides to donate (given quotes for both a single compartment or tri-compartment receptacle), Feed the Dirt, a local composting organization, will hopefully be able to have a composting bin for organic waste and signage that educates the public on taking a greener approach to what they throw away. Various collaborations with Feed the Dirt are being worked out, but they will definitely be donating compost for the landscaping aspect of the project.

*** The supplier of the bench and trash receptacle is not based in Kentucky, however, it is the supplier that was referred to the project manager by entities of Louisville Metro government. All Recreation is the supplier for the amenities in Emerson Park and for the Goss Avenue Beautification Project. The Three Points Project would like to maintain a cohesive aesthetic with the efforts already underway in the area.

G. Describe the programs benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

Data for this project will be more qualitative, rather than quantitative. Before, during, and after pictures will be taken to show the improvement of the area and use of these photos will be accessible to anyone

involved in the project, including Metro Council. A website is being constructed to show the progress and outcome for the project that will better inform the general public of what is going on with the space. The entirety of the project is open for comments and/or questions. The project will be shared heavily on various social media platforms, especially the Facebook pages of each neighborhood organization and the SACC blog. Social media will be monitored for any comments, questions, and/or reactions.

After completion of the project, a “grand reveal” block party will be planned for the public to view the final project. All neighborhood organizations will have representation present, and possibly booths to provide more information about their respective organizations. News outlets and other entities (including Metro Council and their aids) will be invited to partake in the ceremony, giving further documentation that the project has been completed and the public supports the project.

Community input will be solicited via community meetings following the completion of the project in the fall. Questionnaires could possibly be utilized to gauge community satisfaction and gain other information that would be pertinent to Metro Council, the community organizations, or for planning of future projects. It would also be a benefit to meet with local businesses and see if their business has been affected by the beautification. One business owner in the area thinks the mural will be a great landmark, or relative location, for giving directions and could help funnel traffic to certain areas, especially if a visitor is coming from downtown.

We will also be able to observe increased investment and maintenance of surrounding properties. Investment in this area will have a positive correlation to other projects underway or being conceived in the area. Over time, property values will rise, population in the three neighborhood areas will increase, more small businesses will sprout up, and more investments will be made to the infrastructure of the area. These outcomes will be observed over many years.

Section 6 - Program Budget Summary

Does your Agency anticipate a significant increase or decrease in your budget from the current fiscal year to the budget projected for the next fiscal year?

Three Points Beautification funds will be funneled through the Schnitzelburg Area Community Council's PNC Bank account. As it is a capital project serving three neighborhood organizations, the project is being completed without conjunction to the Schnitzelburg Area Community Council's annual operating budget. This project should not reflect in a change to the operating budget of the Schnitzelburg Area Community Council. Any financial questions pertaining to the Schnitzelburg Area Community Council's budget should be directed toward the SACC treasurer: Kathy Lang (502) 931.2014 klang1033@gmail.com

Three Points Beautification

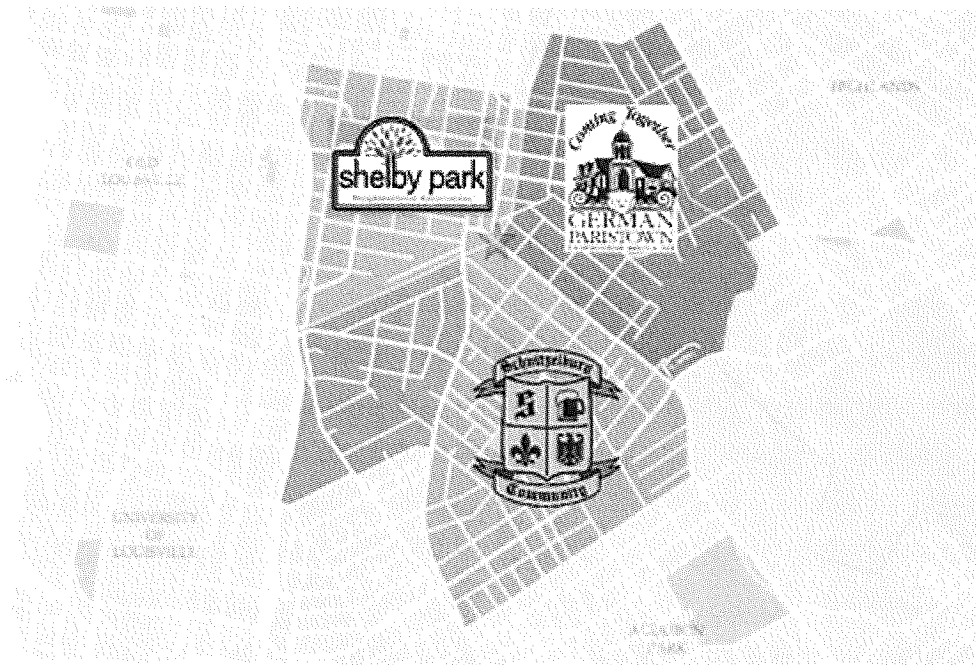

Project Proposal

Executive Summary

Objective

Complete a beautification project at the intersection of Goss Avenue and Logan Street that will enhance the revitalization projects already underway in the community and to improve its functionality to residents in the area. This intersection is where three neighborhoods meet: German-Paristown, Schnitzelburg, and Shelby Park. All neighborhood organizations (German-Paristown Neighborhood Association, Schnitzelburg Area Community Council, and Shelby Park Neighborhood Association) have been contacted and fully support the project. A major project underway in the Schnitzelburg neighborhood that will directly impact this project in terms of increasing both foot and automotive traffic is the the Germantown Mill Lofts project that will add over 180 new residents to this area. Investment in the Three Points Beautification Project is an investment in the community.

Goals

- Beautify the blighted area and make it a representation of the culturally diverse and artist community;
- Paint a mural that incorporates the idea of the “Three Points” - communities coming together;
- Give residents pride in their community and show “investment” is made for their future and well-being;
- Create signage that allows visitors to the area to understand where they are, what neighborhoods surround them, and help them navigate between the neighborhoods;
- Become a “hotspot” for visitors that will be beneficial to small, local businesses and Louisville as a whole;
- Add greenery that will serve as both aesthetically pleasing and functional and increase Louisville’s tree canopy;
- Improve walkability and safety for pedestrians;
- Partner with organizations in the community that will increase the communities involvement.

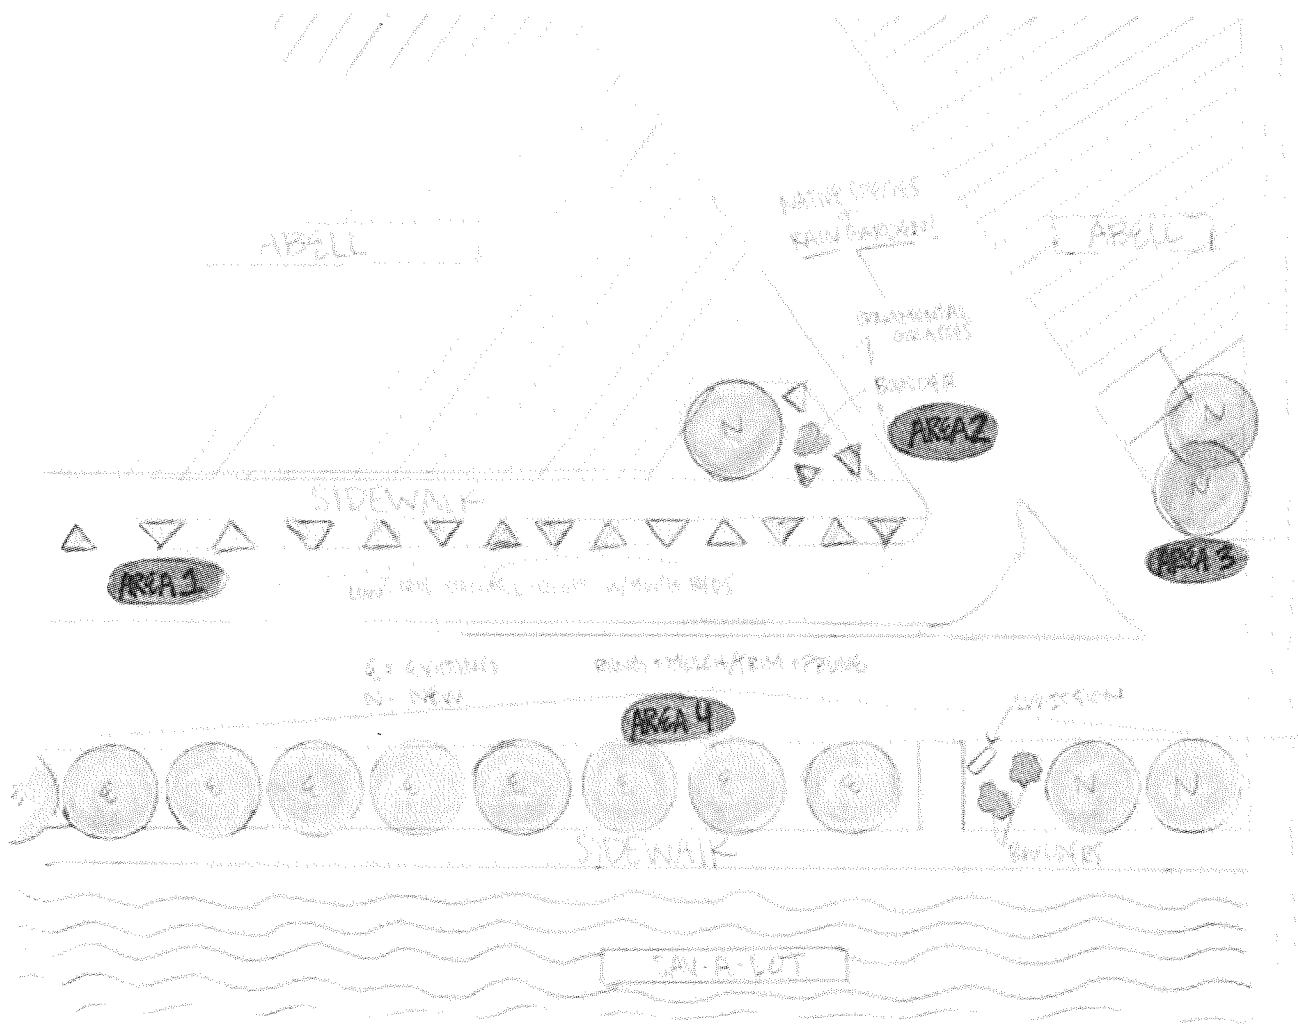

Solution

- Abell Elevator has granted permission for the side of their building facing Logan Street to be painted with a mural. The building extends to a long concrete wall that will also be included in the mural. Henry Cunningham and Chris Chappell (no relation to Project Manager, Jennifer Chappell) have signed on as the artists undertaking the mural. They are currently collaborating on a design that will be modern, bold, and reflective of the community. So far, the concept has been described as “portraits in black and white scales with colorful graphic elements that will create transparent effects and add depth to the wall.” A smaller “mural” will be painted on the side of the blue storage shed across from Abell’s main building. It will have arrows pointing in the direction of various neighborhoods and have a simple map to show visitors which neighborhood is where (Each neighborhood will be represented by a different color that is reflective of their neighborhood crest/logo. German-Paristown = purple; Schnitzelburg = yellow; Shelby Park = green). With each of the neighborhoods embracing branding, this will act as a facilitator to increasing visitor traffic in each neighborhood that will hopefully increase business for local shops.

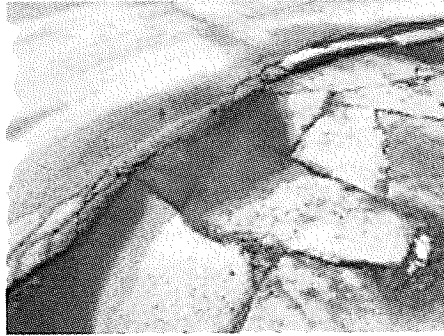

- Paint for the project will be supplied by Dages Paint Company (1140 East Oak Street).
- The German-Paristown Neighborhood Association, Shelby Park Neighborhood Association, and the Schnitzelburg Area Community Council have all been very supportive of the project and are lending help in any way possible. Letters of approval from each of the three aforementioned organizations have been received and are attached to this proposal.

- Extensive landscaping will be done to the area courtesy of Luv-It Landscaping. Luv-It landscaping will clear and edge the existing area before adding trees, shrubs, and decorative materials. Trees added in the project will add to Louisville's tree canopy and will help absorb some of the noise from passing trains on the nearby railroad tracks. Low lying shrubs will be placed in front of the completed mural. Their work will also include a rain garden near the Abell Elevator building that will aid in rain catchment for the currently impermeable surface that retains a substantial amount of water. The possibility of adding something "green" to the median remains open.

- Sidewalks will be repaired and repaved for pedestrians. Public Works has provided Jim King's office with an estimate to complete the job. Once it goes through the appropriations process it will be in place to be completed by the contractor associated with Jim King's office. It is still too early in the process to have an estimate on when it will be completed. Current sidewalk conditions:

- Partnerships with local businesses and organizations are underway that will give the public a chance to interact with the environment after the project is completed:
 - Save-A-Lot grocery store (1311 South Shelby Street) is another partnership in the works that, if approved by their corporate office, will provide a bench and trash can near the opening of their parking lot on Logan Street. The street furniture company, All Recreation, has generated multiple quotes for different bench and trash receptacle packages which have been forwarded to Tara Jasper at the Save-a-lot corporate offices c/o Buehler's Food Inc.
 - If agreement for donation has been reached, M3 Solutions will construct the proper concrete anchor/pad that will secure the bench and receptacle to the site.
 - Feed the Dirt, a local composting start-up, will be involved to promote "green," or sustainability, education. One of the possible incorporations would be growing an edible plant grown from their compost (possibly a climbing loofa plant that will be grown along the Save-a-lot fence). Another incorporation is dependent on the degree that Save-a-lot will donate. Save-a-lot has received an estimate for a tri-compartment receptacle that will have designated bins for trash, recycling, and organic material. This tri-compartment receptacle is considerably more expensive than the regular 32 gallon receptacle, but this would enable Feed the Dirt to provide signage that explains what organic material is and how it can be used to create compost.

Funding

As a civic centered project, we are looking to acquire funds from the community through Neighborhood Development Funds (NDF) and a fundraising campaign.

The Schnitzelburg Area Community Council will be the organization channelling funds from the source to the project. They will use their bank account at PNC Bank to hold funds until it is appropriate to disperse them. All transactions will be recorded and receipts kept.

Jim King, Metro Council President and District 10 Councilman, has agreed to donate \$4,000.00 to the project, as of February 2014. An NDF form is being completed in order to gain these funds. The project lies on the boundary of District 10.

David Tandy, District 4 Councilman, was contacted to solicit funds and potentially match Councilman King's donation. The entirety of the project lies in District 4. David Tandy has agreed to donate \$2,500.00 to the project, as of May 2014. These funds will be added onto the NDF form that is being completed for District 10.

The completed NDF form will be filed by June 2nd at the Clerk's office for the Appropriations Committee to review it on June 11th. Because the requested amount is over \$5,000, it will go to the full Council on June 19th for approval. If the grant is approved, a grant agreement will be issued that will need to be completed and returned. Once returned, it will take about 4 weeks to get the check, which puts the check being "in hand" in mid to late July.

Since Neighborhood Development Funds may not cover the entire cost of the project, the project has been green-lighted to be featured on a website called Neighbor.ly that will be used to solicit funds from the general public during the month of June. Neighbor.ly's concept is similar to Indi Go-Go or Kickstarter in that anyone can go online and donate any amount to a project or idea they like. The difference lies in that projects featured on Neighbor.ly must be civic-minded projects that enhance a community. The projects must be backed by a civic organization, a neighborhood group, or a non-profit organization. If the total amount is not raised by the end of the Neighbor.ly campaign, we will still have access to whatever funds we were able to raise.

Levels of perks have been added to the Neighbor.ly project, so that people who donate will receive something in return. Perks include receiving a digital thank you (\$10), having your name put onto the wall (\$25), receiving a t-shirt (\$50), sponsoring a tree (\$100), and original art from the artists (\$500+).

It is a priority for the project to engage the community and make the whole feel invested in the project.

Budget

The following is a rough budget for the project. Prices for items such as paint, primer, paint supplies, bucket truck rental and other miscellaneous expenses will not be finalized until a later time. Attached to the proposal are most invoices for the project costs that are identified below.

Description	Quantity	Unit Price	Cost

**This cost will be donated by Save-a-Lot Grocery Store

Schedule

Date	Task
December	Project started. Permission granted from Abell Elevator to put mural on the side of their building and small building across from main building.
January	Artists contacted and "hired."
February	Councilman King agrees to fund \$4,000.00 for project. Meet with Luv-It Landscaping to review site; received quote. Project is "green-lighted" by Neighbor.ly.
March	Artists visit site and begin conceptual materials for mural. Jim King's office received work from Public Works that sidewalks are on agenda to be paved.
April	Meet with All Recreation at site to discuss bench and trash receptacle options; received two quotes. Material sent to Save-a-Lot corporate store for approval of donation. Received letters of support from all three neighborhood organizations.
May	Councilman Tandy agrees to fund \$2,500.00 for project. Complete and send in NDF applications for 6/2/14 review (attend NDF seminar 5/14/14). Meet with Dages Paint. Proposal sent out to all parties involved in project and included on attached contact list.
June	Neighbor.ly site launched. Bench and trash can need to ordered. Concrete pad/anchors for bench placed?
July	Paint and paint supplies received from Dages. Priming of the mural will occur in mid to late July with full mural being painted during week of July 28th through August 2nd. Light landscaping preparation will occur before any paint goes on the wall.
August	Landscaping will be completed after mural has been completed.
September	PROJECT COMPLETE!

To whom it may concern:

GPNA is in strong support of Jennifer Chappell's concept for the Three Points Beautification Project. We believe the area chosen for the mural and landscape upgrades is most fitting and, when in place, will give explanation of how the three historic neighborhoods actually join together at a given point.

German-Paristown Neighborhood Association
1094 East Kentucky Street
Louisville, Kentucky 40204

An interesting aspect of the discussion that has taken place around this project is the success those talks have generated in an added way. The leaders of SACC, GPNA and SPNA have agreed to work in a collegial manner on this and on broader area issues. Each of us ask you both as proven city and neighborhood leaders to consider how well this overall beautification project and the major new mural tie to the improvements happening in the area immediately north and east of the project area. Consider the city's recent votes that have allowed the Old Antique Mall on Goss to move forward to see it converted to a major new housing development with numerous other additions that once in place will allow neighborhood access. We are all aware of the city's role in right now moving forward to develop an exciting new plan that calls for the city and neighbors to partner in agreeing upon and then overseeing major changes and new upgrades along the CSX Railway Corridor. This corridor runs adjacent to the project area and the historic dual tracks run through the 3 neighborhoods.

Finally there is the Goss Avenue Beautification Project that is in its early phase of implementation. It is a cause that is coordinated via Councilman King, GPNA and SACC and it too is happening now. So the best timing that connects best with all this activity is to move on Jennifer's project now.

GPNA asks the councilmen to step forward to help make this important concept a reality. We want most for the drawing to be taken from paper only and become completed.

Thanks for your consideration.

Sincerely yours,

Steve Magre

Metro Councilman

Dear Councilman,

The Schnitzelburg Area Community Council would like our support of the Three Points Beautification project to be known. We believe the project including a mural, new landscaping, and infrastructure improvements will greatly improve the aesthetics of the intersection on Goss Avenue and Logan Streets and enhance the neighborhoods that respectively meet at the intersection. We wholly support the emphasis this project puts on bringing three historic neighborhoods together: German-Paristown, Shelby Park and Schnitzelburg.

As this intersection is a "gateway" into Schnitzelburg, we feel the project will be instrumental into welcoming people into the neighborhood and creating awareness of our great neighborhood.

Furthermore, we believe this project will complement the Goss Avenue Beautification Project currently underway and the massive renovation of the former Goss Antique Mall into the Germantown Mill Lofts. As developers invest in the community, we would like to see surrounding areas be invested in as well. With the positive momentum from projects such as this, we look forward to an enriched community.

As the SACC offers support of the Three Points Beautification, we hope you will be able to support the project as well. We look forward to the final product of this project and the positive contributions it will make to the community.

Sincerely yours,

Mike Morris

Subject: Three Points Beautification Project

Dear Administrator,

On behalf of the Shelby Park Neighborhood Association, I am writing to support the funding of the project that Jennifer Chappell has initiated. The Three Points beautification project is physically located within the boundaries of our incorporated neighborhood association. We believe that funding from the Neighborhood Development Fund is an appropriate use of Metro dollars to improve the connection between the Schnitzelburg, German-Paristown and Shelby Park neighborhoods.

This project coincides with our current effort to improve entrances to our neighborhood as a means to drive interest in improving our shotgun housing stock.

Thank you for your assistance. I trust we can expedite this project so as to encourage others to work within our neighborhood.

Best,

Chip Rogalinski, President
Shelby Park Neighborhood Association

Dear Carrie Peers:

I have completed the Neighborhood Development Funds application for the Three Points Beautification Project and would like you to review the application so it can be filed by June 2nd. I believe I have included everything, but if you feel it is missing additional information, please don't hesitate to ask for anything.

I'm enclosing copies of:

- The completed NDF form and additional narrative pages;
- Supporting documentation for neighborhood demographics;
- The Three Points Beautification Project Proposal, including a comprehensive contact list of people associated with the project;
- Letters of support from various neighborhood organizations;
- Copies of invoices I have received for the project.

If you have questions, please call me at 502.641.7534 or shoot me an email. Since time is of the essence, I look forward to hearing from you soon.

Thanks for all your help with the project. On behalf of myself and the community, it is greatly appreciated!

Sincerely,

JENNIFER CHAPPELL

ARTICLES OF INCORPORATION

FOR

D. Schnitzelburg
The Schnitzelburg Area Community Council, Inc. Commonwealth of Kentucky

The undersigned, the majority of whom are citizens of the United States of America, desiring to form a non-profit corporation law of the Commonwealth of Kentucky, do hereby certify:

46536

ARTICLE I

The name of the corporation shall be The Schnitzelburg Area Community Council, Inc.

ARTICLE II

Unless sooner terminated as provided by law, the Area Community Council shall have perpetual existence from the time the certificate of incorporation has been issued by the Secretary of the State of Kentucky.

ARTICLE III

The objects and purposes of the Area Community Council shall be:

- a. To unite property owners, tenants, business people and others interested in the area.
- b. To encourage civic improvements and betterments in the area.
- c. To promote community activities and interests of an educational or civic nature.
- d. To encourage residential and business property upkeep in the area, and to eliminate vandalism and littering.
- e. To encourage better fire and police protection, traffic flow and traffic law enforcement in the area.
- f. To be concerned with youth problems of the area.
- g. To encourage reasonable and adequate zoning, and to ensure uniform enforcement of codes.
- h. To encourage a spirit of friendliness and cooperative community spirit in the area and in relations with other groups in the Schnitzelburg Area and throughout the City of Louisville.
- i. To support any other activities which advance the common good and general welfare of the community and its people unless these activities are excluded by IRC Sec. 501 (c) (4) or IRS regulation.

ARTICLE IV

(4.1) The said Area Community Council is organized exclusively for the promotion of social and civic welfare as described in IRC Sec. 501 (c) (4). In view of that fact, no part of the net earnings of the Council shall be distributable to its members, directors, officers, and other private persons as income; however, the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article Three hereof.

(4.2) No substantial part of the activities of the Area Community Council shall be the carrying on of propaganda, or otherwise attempting to influence legislation, unless the social welfare and civic objective require legislation as per the regulations concerning IRC Sec. 501 (c) (4) or intervene in any political campaign on behalf of any candidate for public office.

(4.3) Notwithstanding any other provision of these articles, the Area Community Council shall not carry on any other activities not permitted to be carried on by a corporation exempt from Federal Income Tax under Sec. 501 (c) (4) of the Internal Revenue Code of 1954.

(4.4) Upon dissolution of the Area Community Council, the Board of directors shall, after paying or making provision for the payment of all the liabilities of the Area Community Council, dispose of all the assets of the Area Community Council exclusively for the purposes of the Area Community Council in such manner, or to such organization or organizations established and operated exclusively for social welfare or civic purposes as shall at the time qualify as exempt organization or organizations under Sec. 501 (c) (4) Internal Revenue Code of 1954 as the Board of Directors shall determine. Any such assets not so disposed of shall be disposed of by the Court of Common Pleas of the county in which the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for such purposes.

ARTICLE V

(5.1) The registered office and place of business of the corporation shall be: William Keely, 529 Krawick, Louisville, Jefferson County, Kentucky 40217.

(5.2) The name and address of its resident agent for the service of process shall be: William Keely, President, 529 Krawick, Louisville, Kentucky 40217.

ARTICLE VI

The officers, directors, or members of the Area Community Council shall not be personally liable for payment of debts, liabilities, or obligations of the Council to any extent whatsoever.

ARTICLE VII

(7.1) The initial board of directors shall consist of thirteen members on the board and four officers selected from the board.

Check appropriate box for federal tax classification: <input type="checkbox"/> Individual/sole proprietor <input type="checkbox"/> C Corporation <input type="checkbox"/> S Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶ _____ <input checked="" type="checkbox"/> Exempt payee <input type="checkbox"/> Other (see instructions) ▶ _____	
Address (number, street, and apt. or suite no.) P. O. Box 17306	Requester's name and address (optional)
City, state, and ZIP code Louisville KY 40217	
List account number(s) here (optional)	

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

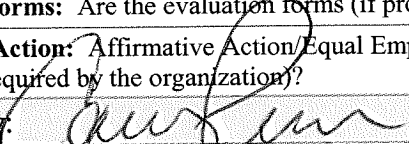

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Subject: Three Points NDF

Beth,

Mike printed out your email and gave it to me last night at our SACC meeting.

The Three Points NDF is dated for June and it required those timelines, HOWEVER, this project CANNOT move forward without the NDF money. Therefore, the date has been pushed back since the NDF process has taken longer than expected. This is NOT a reimbursement and once we get the money, it will be spent within 60 days or less of receiving it. Do I need to change anything on the form?

I desperately need to know when we are getting the money. As I said, this entire project is being planned around when we are getting these funds. We were supposed to start at the end of July, then it was the end of August, and now it is ?????? One of the artists has an internship in NYC and is flying here to work on the project. We would all like to know when we should expect this money. In your email to Mike it made it seem like we won't be getting any money until the middle to end of September. I need a timeline!!!

If you have any questions please give me a call at the number below or email me. I work a block away from Metro Hall, so I can walk over to your office if need be.
