A motion was made by Council Member Piagentini, seconded by Council Member Dorsey, to suspend Rule 6.06. The motion carried by a voice vote.

A motion was made by Council Member Benson, seconded by Council Member Fowler, that this Ordinance be approved.

Council Member Flood explained that this property was cited for running a car dealership out of an auto body shop and the rezoning brings the property into compliance.

Council Member Dorsey shared that she had spoken to Council Member Shanklin, whose District this is in, and that Council Member Shanklin was in support of this rezoning since it was on a major corridor and would not have a significant impact on the community.

A motion was made by Council Member Benson, seconded by Council Member Fowler, that this Ordinance be approved.

Council Member Flood explained that this rezoning allowed for a 4,000 square foot office building to be located on this property and that a garage in the back is to be demolished. She also mentioned that there was a binding element regarding the installation of a concrete boarding pad and a bench pad by the Developer who, upon completion of the construction, will notify TARC so that they can install a standard bench at this development.

Council Member Ackerson, whose District it is in, described the property as currently being a home that is being replaced with an office building and that it will not affect the residential area because it abuts a commercial zone. He asked for support of this rezoning.

The motion carried by the following vote and the Ordinance passed:

Yes: 24 - Green, Dorsey, Sexton Smith, Purvis, James, McCraney, Coan, Hollander, Mulvihill, Kramer, Blackwell, Fox, Fowler, Triplett, Reed, Parker, Piagentini, Benson, George, Engel, Peden, Flood, Yates and Ackerson

A motion was made by Council Member Triplett, seconded by Council Member Benson, that this Ordinance be approved.

Council Member Ackerson stated that he was not present for this vote in Committee and that he understood there was some controversy regarding this legislation and deferred to his colleagues that were in attendance at that meeting.

Council Member Reed noted that Indian Hills is in both his District and Council Member McCraney's District. He explained that the Estates of Locust Grove, which is made up of six homes, approached the Mayor of Indian Hills about annexation. He encouraged approval and later noted that it passed out of Committee unanimously.

Council Member McCraney noted that there was not any controversy but that a statement about annexation was made at the Committee meeting regarding how important it is to make sure that Louisville is not losing out. She spoke of her support for the annexation.

A motion was made by Council Member Peden, seconded by Council Member Fowler, that this Ordinance be approved.

Council Member Coan explained the this change to the Noise Ordinance is a follow up to the Vendors Ordinance that was recently passed. There was concern about regulating generators and how it should apply across the board and not just to vendors and vehicles, so the Noise Ordinance has been amended to address the issue. He noted that it passed out of Committee unanimously but was put on Old Business because it was amended in Committee. The amendment made sure that the use of generators that exceed 70 decibels, with some exceptions, were prohibited in the right of ways. He asked for everyone's support.

The motion carried by the following vote and the Ordinance passed:
