Craig and Wanda, I approve the \$17,398 expenditure for sidewalk and curb repair work near 607 S. Campbell Street per email thread below. It is my expectation this work can be completed by end of November if we process the paperwork now.

Wanda, please process the paperwork this morning to meet today's noon deadline.

Thank you, Barbara.

Councilwoman Sexton-Smith,

There is significantly more concrete work on Campbell St that would be repaired including some items that weren't at 533-535 S 20th St. For example, there were no curb repairs at 533-535 S 20th St but there is a good bit of curb on this repair. There was no driveway on S 20th but there is a significant amount of driveway on Campbell and there is a basement entry and/or coal shoot that is involved here that wasn't at 533-535 S 20th St.

I hear there is an appropriations meeting on the 14th. If you could get this in an approved I should be able to have it repaired before the end of November.

Craig, why does this sidewalk repair cost so much more than the one near 533-535 S. 20th?

Will 608 S. Campbell Street Repair use the historic look used on S. 20th?

And lastly, if D-4 has the funds, when could this repair be scheduled?
