Cindy,
You have my permission to sign this NDF in my stead.
Thanks so much.
Cindi

Subject: Blevins Gap Road - Geese Crossing Signage

Good Morning!

I have been able to pull out of the stream of emails items that can be used as **documentation** for this CIF. So, no worries there. However, I will need one email from Public Works stating that they will accept the funding from District 14. I have included in this email below what I am able to use as the documentation but will wait for the email of acceptance. I have attached the CIF packet, please complete and this must be signed as well.

CW Fowler,

This is a case where if you would like to fund the project we will fabricate and install the requested signage. The project cost will be \$510 for materials and installation to install (2) wildlife crossing signs. Below is an image of the sign layout. We will research the possibility of modifying it to look more like a goose and change the layout if possible. As discussed on the phone Friday evening, if you are able to solidify a cost center, we can bill the project to expeditiously we are glad to move this forward as quickly as possible.

CW Fowler,

Here is the MUTCD approved sign which we will use for this installation.

Regards,
