

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.

2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.

3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.

4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:

a. The development plan must receive full construction approval from Construction Review, Louisville Metro Public Works and the Metropolitan Sewer District.

b. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a certificate of occupancy. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.

c. A Tree Preservation Plan in accordance with Chapter 10 of the LDC shall be reviewed and approved prior to obtaining approval for site disturbance.

d. A minor subdivision plat or legal instrument shall be recorded creating the lot lines as shown on the development plan. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; transmittal of the approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.

e. A defined reciprocal access easement agreement in a form acceptable to the Planning Commission legal counsel shall be created between the subject property and the two Mercer properties to the east and recorded. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; a copy of the recorded instrument shall be submitted to the Division of Planning and Design Services prior to obtaining a building permit.

f. A reciprocal access and crossover easement agreement in a form acceptable to the Planning Commission legal counsel shall be created between the three subject property lots and recorded. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; a copy of the recorded instrument

shall be submitted to the Division of Planning and Design Services prior to obtaining a building permit.

g. The materials and design of proposed structures shall be substantially the same as depicted in the rendering as presented at the November 18, 2021 Planning Commission meeting. A copy of the approved rendering is available in the case file on record in the offices of the Louisville Metro Planning Commission.

5. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system audible beyond the property line.

6. No idling of trucks shall take place within 200 feet of residential structures. No overnight idling of trucks shall be permitted on-site.

7. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.

8. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.

9. Should Kentucky Transportation Cabinet approval of the right-in-right-out on Preston Highway not be provided, the applicant shall revise the plan and return to the Development Review Committee for approval of a revised plan.

10. The applicant shall reimburse the Okolona Fire Protection District, Station 2 (the "Fire Station"), located at 10508 Old Preston Highway (the "Site") up to \$10,000 for an intersection control device, provided the Fire Station still remains at the Site and has not made plans to relocate from Site once the certificates of occupancy are issued for Chick-Fil-A and Thorntons.

11. The applicant shall complete off-site right-of-way improvements once construction permits are issued and they must be complete before any certificates of occupancy are issued for Chick-Fil-A and Thorntons, provided same are required by KYTC (pursuant to KYTC standards), for (1) the southbound left turn lane at the intersection of Preston Hwy. and Interchange Drive, (2) the right deceleration lane on the northbound right-in/right-out on Preston Hwy., and (3) the northbound right-turn lane at the intersection of Preston Hwy. and Interchange Drive.

12. Fuel tanker trucks shall enter and exit the site, and fill the underground tanks, as demonstrated at the 11/18/21 Planning Commission public hearing.
