A motion was made by Committee Member Fowler, seconded by Committee Member Piagentini, that this Ordinance be recommended for approval

The following spoke to this item:

- Chair Blackwell
- Vice Chair Kramer
- Committee Member Parker
- Committee Member Arthur
- Committee Member Fowler
- Committee Member McCraney
- Lee Burchfield, Louisville Free Public Library

The following was discussed:

- The item would be tabled after the discussion, as the Administration has asked to speak to the Committee regarding which funds would not be spent and returned to the account
- Some projects were not sufficiently funded and some funds could not be spent in the time period required by the Federal Government
- Rather than being rushed later to spend the unused funding as the deadline approaches, priorities will be established and as funds became available they would be assigned to the designated priority projects
- Possible priority projects: Library projects need additional funding to be completed; funding for Harbor House Life Center; funding for housing and economic development at Starks Building; renewable energy/solar projects on Government property; and Veteran’s housing
- Federal funds to be used for Homeless Task Force and whether that’s been considered in regards to these funds
- Administration will be speaking to their vision for these Federal funds
- Reason for subsidizing housing rather than encouraging the Starks Building developers to apply to the Affordable Housing Trust Fund
- Discussion of the type of affordable housing
- Veteran’s housing project
- Three capital projects that are partially funded at the Parkland Library, Portland Library, and Fern Creek Library
- Library having discussed its operating and capital needs with the new Administration
- Assessment of the buildings owned by Metro Government as solar panels are being considered
- Needs for the Starks Building project

A motion was made by Committee Member McCraney, seconded by

Committee Member Piagentini, that this Ordinance be tabled.
