Yes No

Do you have any contract or matter pending before any Louisville Metro Government agency?

Yes No

Have you ever been sued by the former City of Louisville, Jefferson County or Louisville Metro Government?

Yes No

Additional Notes

I feel the my time spent over the past decade at the American Printing House for the Blind has given me an understanding and experience that would be of great benefit to the committee. I work with blind people on a daily basis and regularly attend seminars around the country related to mobility, accessibility, ADA and new technology designed to better the lives of blind and sight impaired individuals. Currently, I am on a team of app developers who are on the cutting edge of high-tech mobility with our Nearby Explorer app. Our work has been written up by the Washington Post, LA Times and Wired magazine among others. We have worked with Louisville's Chief of Civic Innovation and Technology, Grace Simrall, to set the Nearby Explorer app's beacon network up in City Hall, Metro Hall and Hall of Justice, shortly. We have also done all museums and convention centers in Louisville and are expanding into Cincinnati, shortly. I feel my combination of experience and knowledge base I have available to me would make me a great candidate for this position. I love my job and would be honored to be in a position where I might serve our vulnerable public in a way that will make their lives better. Mayor Fischer has stated that he would like Louisville to be the country's most accessible city. I would greatly appreciate the opportunity to help him attain that goal. Thank you very much for taking time out of your busy schedules to review my qualifications, and your consideration in this matter. Sincerely, Lem Mason Louisville, KY 502.939.4182
