### REQUEST(S)

- **Urban Neighborhood Planned Development Option**

### CASE SUMMARY/BACKGROUND

The applicant is proposing to utilize the Planned Development Option available within the UN zoning district to convert an existing structure into 4 dwelling units. The subject site is within the Traditional Neighborhood form district in the Portland neighborhood of Louisville Metro. Off-street parking will be provided from the alley known as Tyler Ave. On-street parking is available in the area, and TARC service is available near the site along Portland Ave and N 29<sup>th</sup> St.

### STAFF FINDING

The proposal would permit additional housing options in an area that is near a variety of services, amenities and employment opportunities.

### TECHNICAL REVIEW

Multifamily dwellings may be permitted within the UN zoning district provided that: (i) the Planned Development Option Area is subject to design guidelines approved by the Louisville Metro Planning Commission and the legislative body (the "Legislative Body") having jurisdiction over the Planned Development Option Area (the "Approved Guidelines"). The design guidelines may establish lot size not normally permitted by the traditional neighborhood form district; and (ii) the design of the dwellings is in accordance with the Approved Guidelines.

MSD and Transportation Planning have approved the preliminary development plan.

The Board of Zoning Adjustment will consider a variance to permit the proposed parking area to encroach into a required side yard at the August 29 meeting.
