Jeff,

The price of the requested signs are \$200 each. Please understand, fabrication, installation and maintenance has to be funded by an outside entity. Louisville Metro Public Works won't be able to fund the maintenance/replacement of this type of sign when the time comes. Please let us know if you would like to discuss this matter further. Once we have received the cost center information we will schedule fabrication and installation.

Jeff,

We did fabricate and install the signs. It is not something we typically do or are capable of doing often. The project was funded by Council's office.

Stuart –

This probably isn't your shop. Who do I speak to about street signage? Specifically I am looking for a panhandling sign similar to the one at 3rd Street and the Watterson for installation at Bardstown Road and the Watterson.

Any response is appreciated.
