

Proposed Usage Plans for 1117 Logan St, Louisville, KY 40204

I am the owner of 1117 Logan St, and I would like to rezone the building from OR-2 to C-2. There are currently three separate spaces with their own private entrances; two are currently outfitted as residences. My future vision for the building is to allow for some or all of the units to be occupied by local business owners such as hair stylists, tattoo artists or massage therapists.
