Subject: Comment for conservation subdivision record

Hi Brian,

I have the following comment regarding revisions in the LDC draft made after the 7/7/16 Planning Commission meeting:

Page 7.11-8 – 7.11.5 Development Design Standards, Item C. regarding Purpose of the Part as established in Section 7.11.3. I believe this item should be retained in the regulations. The referenced criteria must be considered as a part of the review process. This section will give Planning and Design Services means to assure that conservation subdivision plans are in accord with Goals, Objectives and Plan Elements of Cornerstone 2020. The criteria listed in this section of the LDC are essential to achieving balanced, well-designed conservation subdivisions that are compatible with existing neighborhoods.

Thank you for your attention to this comment.
