**Subject:** Crums Lane New S/W Estimate

CW Dorsey / Kalifa,

Please find below the estimates for the new sidewalk connector piece along the north side of Crums Lane (behind Southland Terrace shopping center). The project estimate is **\$50,000**. This all includes costs for a new 5' wide concrete sidewalk, detectable pavers, seeding and protection, and a contingency for anything unforeseen. TARC has agreed to a 50-50 partnership on this project, so there will be an additional boarding/bench pad included with this project. We will also fix this nasty drainage situation here (see pic below).

If you have any questions about these estimates please feel free to contact me.

Thanks,

**Steve Kurowsky, PE**
