Whoa. That seems pretty bad.

Could we get an estimate for its repaving?

Thanks,
Liz

Andrew –

Can you tell me what the rating is for Old Saint Andrews Church Road?

Thanks!

Attached is a spreadsheet with the most up to date ratings for d12. It will reflect all paving that has taken place to date.

Thanks,
Andrew

Tim,
The info on that map is a snapshot of the original ratings and not a live map. All of that information is what the road conditions were Jan-March of 2013. Any updates since then won't be reflected.

Thanks,
Andrew

Andrew,

I'm working off of the interactive "Pavement Data Viewer" map sent on 1/27/14 linked from an email "Letters to the Council" (see attached screencap). Is that info up to date or can you think of a reason for the differing data?

Thanks.

Liz,
That section of Blue Wing Drive was paved last fall. Below is what I'm showing for ratings on Blue Wing. The first number is the updated rating and the second number is the rating as of February 2013 followed by the date paved.

BLUE WING DR	EIDER DR	NO STREET NAME	100	69	10/14/2013
BLUE WING DR	NO STREET NAME	NO STREET NAME	100	51	10/14/2013
BLUE WING DR	NO STREET NAME	MARIE ANNA DR	100	34	10/14/2013
BLUE WING DR	MARIE ANNA DR	DEAD END	78	78	
BLUE WING DR	MALLARD DR	EIDER DR	79	79	

Thanks,
Andrew

Andrew –

Our office was reviewing the most recent District 12 paving ratings to see if any of those needing immediate attention coincided with CDBG areas. Tim Johnstone (copied here) noticed that Blue Wing Drive was rated 26-40 on the latest scale. However, we appropriated MAP funding last fall to pave Blue Wing from Marie Anna Drive to 7502, at the time, it was rated 58/100 according to the old scale. According to the latest ratings map, it seems that the area we appropriated funding for paving in August 2013 is the area that is so poorly rated currently.

Can you help us get to the bottom of this?

Thanks!
Liz
