1. [O-409-20](#)

AN ORDINANCE APPROPRIATING \$10,000 FROM DISTRICT 19 NEIGHBORHOOD DEVELOPMENT FUNDS, THROUGH THE OFFICE OF MANAGEMENT AND BUDGET, TO THE CITY OF MIDDLETOWN TO PROVIDE NEEDED SAFETY EQUIPMENT FOR THE MIDDLETOWN POLICE DEPARTMENT.

Sponsors: Primary Anthony Piagentini (R-19)

[O-409-20 NDF90920COM19.pdf](#)

A motion was made by Committee Member Peden, seconded by Committee Member Kramer, that this Ordinance be recommended for approval.

Council Member Piagentini stated that the City of Middletown has only had a police force for the last few years. This funding will be used to purchase non-lethal equipment, in which the police department has not been equipped with for circumstances that have happened with crowd control, and have had to rely on surrounding police departments to assist with this type of circumstance. The Middletown Police Department is moving toward becoming more self-sustaining. The City of Middletown is appropriating half of the cost.

Committee Member Fox stated that the City of Middletown already has budgeted 63% of the overall budget on Public Safety. The city still has full coverage from the Louisville Police Department. He also stated that it is less expensive to hire someone who has retired from a previous police force.

Committee Member Peden stated that some areas are not afforded the luxury of having their own police department. He stated that it is unfair for some areas are able to do this.

Committee Member George asked Council Member Piagentini which police department assisted with the civil unrest. He was unable to state which department this was, as there were several areas that needed assistance during the civil unrest in the outlying areas. Committee Member George also asked if the members of the police department would receive training on the items once purchased. Council Member Piagentini stated that some of the members of the police department are previous Louisville Metro Police Department officers and have had training in the past, and he will contact the police department or Mayor of Middletown for clarification for those that have not had training.

Committee Member Kramer stated that he has been a member of the Appropriations Committee several years and it is not uncommon for appropriations to be spent on fire department equipment, home owner's associations and police department equipment. He noted that Neighborhood Development Funding has been appropriated in the past to Louisville Metro Police Department.

The motion carried by the following vote and the Ordinance was sent to Old
