Board of Zoning Adjustment

Staff Report

May 02, 2022

Case No: 22-VARIANCE-0031
Project Name: Sylvia Street Variance
Location: 1131 Sylvia Street Avenue
Owner/Applicant: Daniel & Sue DaPonte

Representative: Daniel DaPonte
Jurisdiction: Louisville Metro
Council District: 15 – Kevin Triplett

Case Manager: Heather Pollock, Planner I

REQUEST:

Variance from Land Development Code section 5.4.1.D.2 to allow a private yard area to be less than the required 30% of the area of the lot.

Location	Requirement	Request	Variance
Private Yard Area	2,016.4 sq. ft.	1,652 sq. ft.	364.4 sq. ft.

CASE SUMMARY/BACKGROUND

The subject site is zoned R-5 Residential Single-Family in the Traditional Neighborhood Form District. The property is located on the north side of Sylvia St. near where it intersects with Texas Ave. It is in the Schnitzelburg Neighborhood. The applicant is proposing to build 352 sq. ft. garage off of the rear alley which will reduce the private yard area to be less than the required 30% of the area of the lot.

STAFF FINDINGS

Staff finds that the requested variance is adequately justified and meets the standard of review.

Based upon the information in the staff report, and the testimony and evidence provided at the public hearing, the Board of Zoning Adjustment must determine if the proposal meets the standards for granting a variance established in the Land Development Code from section 5.4.1.D.2 to allow a private yard area to be less than the required 30% of the area of the lot.

TECHNICAL REVIEW

No outstanding technical comments.

INTERESTED PARTY COMMENTS

No interested party comments were received by staff. The applicant submitted the Non-Public Hearing Affidavit with signatures from all 1st tier adjoining property owners.

RELATED CASES

There are no related cases.

STANDARD OF REVIEW AND STAFF ANALYSIS FOR VARIANCE FROM SECTION 5.4.1.D.2

(a) The requested variance will not adversely affect the public health, safety or welfare.

STAFF: The requested variance will not adversely affect the public health, safety or welfare, because the structure must be constructed to comply with all building codes, including fire codes.

(b) The requested variance will not alter the essential character of the general vicinity.

STAFF: The proposed structure will not alter the essential character of the general vicinity as it is going to be built with material that will be in character with the existing residence and surrounding residential neighborhood.

(c) The requested variance will not cause a hazard or nuisance to the public.

STAFF: The requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes and will not adversely impact the safe movement of vehicles or pedestrians,

(d) The requested variance will not allow an unreasonable circumvention of the zoning regulations.

STAFF: The requested variance will not allow an unreasonable circumvention of the zoning regulations as there is additional open space that cannot be counted towards the private yard area calculation. If this area could be counted toward the private yard, then a variance would not be required.

ADDITIONAL CONSIDERATIONS:

1. <u>The requested variance arises from special circumstances which do not generally apply to land in the general vicinity or the same zone.</u>

STAFF: The requested variance does not arise from special circumstances which do generally apply to the land in the generally vicinity or the same zone as the lot is similar in size and shape to the surrounding properties.

2. <u>The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or create an unnecessary hardship on the applicant.</u>

STAFF: The strict application of the provisions of the regulation would create an unnecessary hardship on the applicant as there is additional open space that cannot be counted toward the private yard area, and if it could, a variance would not be needed.

3. The circumstances are the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought.

STAFF: The circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation from which relief is sought as the applicant is requesting the variance and has not begun construction.

VARIANCE PLAN REQUIREMENT

In accordance with LDC Section 11.5B.1.C (Requirement to Follow Approved Plan), a variance shall be approved only on the basis of the plan approved by the Board and shall be valid only for the location and area shown on the approved plan. All construction and operations must be conducted in accordance with the approved plan and conditions attached to the variance.
