Variance Justification:

In order to justify approval of any variance, the Board of Zoning Adjustment considers the following criteria. Please answer all of the following items. Use additional sheets if needed. A response of yes, no, or N/A is not acceptable.

	ne work im doing is on private property. It does not have any affect on the general public.
Expl	ain how the variance will not alter the essential character of the general vicinity.
Si	nce there are already several 2 story homes in the area I feel like the only affect will be positive.
Expl	ain how the variance will not cause a hazard or a nuisance to the public.
ļ	s stated above, everything is on private property. I'm only proposing to add additional bedrooms cisting home.all work will be within the existing foot print.
-	ain how the variance will not allow an unreasonable circumvention of the requirements o coning regulations.
1	Ion't feel the variance is unreasonable since it will be creating a 2 story 3 bedroom house which ready exist several times.
	al consideration:
land	in the general vicinity (please specify/identify). ne variance is needed to allow a structure to be build on topof existing structure which is to close
Ti pr	ain how the variance arises from special circumstances, which do not generally apply to in the general vicinity (please specify/identify). The variance is needed to allow a structure to be build on topof existing structure which is to close operty line. The variance is needed to allow a structure to be build on topof existing structure which is to close operty line.
Ti pr Exp	in the general vicinity (please specify/identify). ne variance is needed to allow a structure to be build on topof existing structure which is to close operty line. It is a structure application of the provisions of the regulation would deprive the application are reasonable use of the land or would create unnecessary hardship.
Ti pr Exp	in the general vicinity (please specify/identify). ne variance is needed to allow a structure to be build on topof existing structure which is to close operty line. lain how the strict application of the provisions of the regulation would deprive the applicate reasonable use of the land or would create unnecessary hardship.
Exp of th	in the general vicinity (please specify/identify). ne variance is needed to allow a structure to be build on topof existing structure which is to close operty line. ain how the strict application of the provisions of the regulation would deprive the application.
Exp of th	in the general vicinity (please specify/identify). The variance is needed to allow a structure to be build on topof existing structure which is to close operty line. The ain how the strict application of the provisions of the regulation would deprive the applicate reasonable use of the land or would create unnecessary hardship. The circumstances the result of actions of the applicant taken subsequent to the adoption regulation from which relief is sought?
