

Neighborhood Meeting - 1237 Milton St.

4/21/2022 @ 6:30 p.m

People arrived at 6:45 p.m

5 people in total attended - 2 of which do not live in the neighborhood. One person used to live in the house next door and is still friends with others who attended. The other person who does not live in the neighborhood came with her father who does.

The questions asked:

- Would I have a property management company and if so, what does that cover.
- Why did I choose short term rental vs. long term rental.
- How many occupants would I have at any given time.
- Why did I choose Louisville as my location for short term rental
- What are the steps I have to take to get approved for short term rental
