For the fiscal year 2009, the LFPL operating budget is \$17,100,000, or \$24.10 per capita. To fully implement the master facilities plan, the operating budget will need to increase from \$17,100,000 in FY 2009-10 to \$28,921,889 in FY2019-20. The projection of operating budget, shown below, illustrates the impact of the library expansions and

includes all additional staff salaries and benefits at new and expanded libraries, annual additions of new books and materials, utilities, telephone data lines, security, custodial services, supplies, and all other miscellaneous services and maintenance line items. The projections assume a 3% annual inflation rate.
