RE: Conditional Use Permit (2318 Bolling Avenue, Louisville, KY 40210)

Dear Service Provider:

This letter is being forwarded in reference to the above-mentioned application, requested as part of the application process. This is the summary of the neighborhood meeting held on January 11, 2023.

There were two people who attended the meeting. These individuals were from the neighborhood and expressed very few concerns regarding the proposed plan for the dwelling. Overall, each person was very pleased and excited about the program being in the area.

Area of Concerns

The primary concern expressed was who (gender) and where these individuals would come from. The second concern involved supervision, and whether supervision would be 24 hours daily. After explaining women would be already referred and assessed from primary agencies, whom would perform detox services and provide criteria aiding in placement in the program, each participant was pleased. Additionally, participants were advised 24-hour supervision is mandatory for usage under AODE and Behavioral health guidelines. Participants were pleased to hear clients would be under supervision and under strict adherence to rules and regulations.
