---

I reside on Clay Avenue very near where this project is projected to build. I can assure you this will create a major traffic & safety issue for the entrance/exit to hotel to exit to Clay Avenue. It is extremely difficult to exit Clay Avenue to Preston Hwy now and this add even more problems. Residents are also extremely concerned for safety of children attending Okolona Elementary. This hotel plan appears to be the type that will draw guests similar to InTown Suites nearby which is a major concern considering the drug situation they deal with daily. There is also a concern of providing a location for children to be kidnapped much easier due to the proximity to the school. In addition to all of this, the noise level from the hotel will turn a basically quiet neighborhood to a very noisy one.
