Ms. Clark,

In an email from Metro Codes and Regulations I learned of a Conditional Use Permit Pre-Application for Derby Park RV Resort located at 2900 7th Street Road and shows a case number of 23-CUPPA-0054. From my understanding of the property that camping has existed on the site for several years and now the owners are wanting a CUP to officially allow camping on the property.

If the CUP is granted the Shively FD requests that any recreational burning is allowed, they get approval from APCD that these types of recreational fires are allowed and follow all regulations set by APCD as well as Chapter 10 of NFPA 1, 2018 Edition. In addition, the development of the RV parking/campground SHALL follow NFPA 1194, which is the Standard for Recreational Vehicle Parks and Campgrounds, 2021 Edition. This is for the design and layout of the camping area and spacing of any RV's.

If you have any questions or need additional information, please feel free to contact me.

Thanks,

Mike Allendorf
