**Web Site:**  
<http://www.artransport.com/arlogistics.asp>

**Business/Project Description:** A&R Logistics was established in 1969 in Ottawa, IL and currently maintains their headquarters in Morris, IL. A&R is the leading provider of bulk plastic and dry flow-able transportation and logistics services. Today they operate over 700 trucks, 1,000 pneumatic trailers, and numerous strategically located packaging facilities and warehouse facilities across the U.S. Because of Illinois' high business costs and difficult environment to operate as a corporation, A&R is seeking to maximize its efficiencies and start a two phase approach to moving significant parts of their operations from Morris, IL with an end goal of relocating the entire Corporate HQ in the future. In April 2013, A&R chose to move their corporate HQ to Louisville.
