REQUEST

- Waiver of Chapter 8.3, Table 8.3.2 of the Land Development Code (LDC) to allow more than 3 signs per façade.

CASE SUMMARY/BACKGROUND/SITE CONTEXT

The subject site is plan certain under docket 9-64-04 and is located in Pleasure Ridge Park on Raggard Road between Greenbelt Highway and Terry Road.

Walmart is remodeling the exterior of the building on Raggard Road, which will include replacing the existing attached signage with new attached signage. Currently, it has 7 attached signs on the front façade and 8 attached signs on the side façade. Walmart proposes to replace the 7 attached signs on the front façade with 5 signs, the 8 attached signs on the side façade with 4 signs. Chapter 8 of the LDC allows 3 attached signs per façade, except that multiple use buildings may have one sign for each business. In this case, the Subway sign and the liquor store sign do not count against the total number of signs Walmart can have on the front façade. Thus, Walmart would like to have 2 more attached signs than allowed on the front façade and 1 more attached sign than allowed on the side façade.

LAND USE/ZONING DISTRICT/FORM DISTRICT TABLE

	Land Use	Zoning	Form District
Subject Property			
Existing	Retail	C-2	SW
Proposed	Retail	C-2	SW

STANDARD OF REVIEW AND STAFF ANALYSIS FOR A WAIVER of Chapter 8.3, Table 8.3.2 of the LDC to allow more than 3 signs per façade:

- (a) The waiver will not adversely affect adjacent property owners; and

STAFF: The waiver will not adversely affect adjacent property owners since the proposed signage reduces the existing signage both in number and size.

- (b) The waiver will not violate specific guidelines of Cornerstone 2020; and

STAFF: The waiver would not violate specific guidelines of Cornerstone 2020 since the proposed signage is very similar to the existing signage.

- (c) The extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant; and

STAFF: The extent of the waiver of the regulation is the minimum necessary to afford relief to the applicant since the additional signage is necessary to identify the location of services offered within the building.

- (d) Either:

(i) The applicant has incorporated other design measures that exceed the minimums of the district and compensate for non-compliance with the requirements to be waived (net beneficial effect); OR
(ii) The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of the land or would create an unnecessary hardship on the applicant.

STAFF: The strict application of the provisions of the regulation would deprive the applicant of the reasonable use of land or create an unnecessary hardship since the proposed signage reduces the existing signage both in number and size; is very similar to the existing signage; and is necessary to identify the location of services offered within the building.
