Ms. Dickson:

In response to your request below, we are respectfully reminding you of the previous very similar requests which appear immediately below for which all responsive records have been provided. In the case of Request A, in light of the vague nature of the request, we interpreted your request to be applicable to those persons within LMAS most reasonably likely to hold **such records, including Donald Robinson and Margaret Brosko**. You have been provided with copies of all responsive records meeting that request and search.

In the case of Request B, you have been advised that copies of the extensive responsive records yielded from that search are available for your to review. **You have not availed yourself of that opportunity.** Thus, we would respectfully suggest that until you have reviewed all of the previously requested and provided records, we hold this request in abeyance in the case that it will have been satisfied with your previous duplicative requests.

A) I am requesting any and all email correspondence, text messages, medical records, Chameleon records (including comments) regarding a dog named Sadie, ID number A485350 from the time period of 2-3-13 to 4-4-14.

B) I would like any and all email correspondence between Metro Animal Services employee Heather Adkins and the following individuals: Kim Ward, Margaret Brosko, Alisa Oerther and Tabitha Gray, for the period of June 1, 2013 to May 10, 2014.

To: Open Records

Dear Ms. Allen,

In response to your email of July 3, 2014, I am reiterating my request for emails between Margaret Brosko and the following individuals: Kim Ward, Alyssa Oerther, and Donald Robinson for the period of June 1, 2013 to May 10, 2014.

My previous Open Records request was for emails between Heather Adkins and the following individuals: Kim Ward, Margaret Brosko, Alisa Oerther and Tabitha Gray, for the period of June 1, 2013 to May 10, 2014.

As you can see, these would produce different emails as the parties are different.

Regarding my original request (your "A"), that resulted in a total of four emails, two of which were duplicates. No emails of either Margaret Brosko and Donald Robinson were included.

Regarding your comment that I have not availed myself of the opportunity to review the "extensive responsive records" of my request for the emails of Heather Adkins and various named individuals (your "B"), I am still waiting on the CD to arrive from your department. However, I would like you to note that Donald Robinson was not a party to that request and would not likely be included in those emails anyway.

Therefore, I am respectfully asking you to fulfill the most recent records request for emails between Margaret Brosko and the following individuals: Kim Ward, Alyssa Oerther, and Donald Robinson for the period of June 1, 2013 to May 10, 2014.

Thank you,

Karen Dickson

Ms. Dickson:

~~Today we received your payment in~~ accordance with the copy charges allowed under the provisions of the Kentucky Open Records Act and have mailed the CD on the same day payment was received.

The request as highlighted below could produce thousands of results that may or may not be productive to achieving the public purpose of your request. If you could provide a subject matter or other keywords on which to narrow the search, it will not only allow the search to be performed in a more timely manner but produce more precisely the results you are seeking. We are respectfully requesting that you provide those additional search parameters prior to our engaging Metro resources for another expansive, time-consuming search.

Dee Allen
