## **District Development Plan Justification:**

In order to justify approval of any district development plan, the Planning Commission considers the following criteria. Please answer all of the following items. Use additional sheets if needed. A response of yes, no, or N/A is not acceptable.

- 1. Are there any natural resources on the property, including trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites? And are these natural resources being preserved?**

The property is currently being used as a parking lot. There are no natural resources remaining on the site.

- 2. Is safe and efficient vehicular and pedestrian transportation provided both within the development and the community?**

Access to the site will be gained through the existing driveway into the site that connects with the parking lot and access drives to the proposed restaurant. There will be no direct access to the public right of way.

- 3. Is sufficient open space (scenic and recreational) to meet the needs of the proposed development being provided?**

The proposed development meets all code requirements for open space and landscaping.

- 4. Are provisions for adequate drainage facilities provided on the subject site in order to prevent drainage problems from occurring on the subject site or within the community?**

The site will drain into a proposed storm sewer on the north side of the site. The site drainage plan prepared by the project Civil Engineer meets all City, County and State standards for drainage.

- 5. Is the overall site design (location of buildings, parking lots, screening, landscaping) and land use or uses compatible with the existing and projected future development of the area?**

The site design is compatible with the existing development of the area and will set a favorable standard for future development.

- 6. Is the proposal in conformance with the Comprehensive Plan and Land Development Code?**

The proposal is in conformance with all provisions of the Comprehensive Plan and the Land Development Code.
