"Pentagon Attempting to Steal Wellness Maintenance; Removing Corrupt Judges; Connie Marshall Stalker Still Not Pursued"

I am Daniel Cobble. First, please recall on April 16, 2015, I updated you on *Operation: Service-member [Wellness Maintenance]* (OSWM). *Wellness Maintenance* is my in-unit support system that addresses **post-traumatic stress, suicides, and sexual assaults** for U.S. service-members. This system may also be modified for Our veterans. Recall the evidence that Gov't is trying to steal away OSWM from me by refusing to issue an "implementation status."

Then, a few weeks later on May 12, we heard the horrific news report of Fort Knox soldier John Jonas, suffering PTSD, shot and killed his 11-yr-old daughter Tasha prior to killing himself in their front yard. Like everyone else, my heart was broken. I shook my head in disgust and wrote the attached May 29 letter to Sen. John McCain. If the President, Congress, and Pentagon were not playing politics with OSWM, then Tasha and her father could have been saved. **If not for my skin color**, I would be touted a hero for this critical contribution to saving lives. But just as Serena Williams is not being fully recognized for winning her 20th Grand Slam on Saturday, America is trying to ignore me, too.

As a nation, we cannot prevail **without some measure of wisdom**. Anyone who understands the basics of leadership, knows that no good will come from this immoral behavior. Just as Our currently bad monetary policy has "opened the door" to China's new international reserve bank, stealing my wellness system will further weaken our military; children, spouses and service-members will continue to needlessly suffer. Again, 11-year old Tasha and her father did not have to die.

Next, on June 25, 2015, Thomas Reed reported the **Notice of Removals** filed on five judges, as attached here again. Two of these judges, **Irv Maze** and **Anne Haynie**, have liens filed against their indemnity bonds; thus, today, they are illegally hearing cases. – With refusal to remove these judges, we are operating invalid government.

And finally, **on March 12, 2015**, Mr. Reed gave you copy of my March 6, 2015 certified letter to Police Chief Robert Conrad, as attached again, providing a photo of a stalker at the residence of Connie Marshall. Since no investigation is affirmed by Chief Conrad, Ms. Marshall still lives under this terroristic threat.

Thank you!

RE: (Fort Knox, KY, May 12, 2015) **Army PTSD Father John Jonas Kills His 11-year Old Tasha Jonas & Himself** (as Murder / Suicide)

- In-unit *Wellness Maintenance* Could've Saved Their Lives

Dear Senator McCain,

I am in receipt of your May 20, 2015 response letter regarding the Pentagon refusing to give me an "implementation status" on **Wellness Maintenance** (OSWM) for our service-members within their units, veterans, and their families. - A ready-reference copy of your letter is attached, hereto.

You say you turned this matter over to Sen. Mitch McConnell, my home state. But as I informed you, Sen. McConnell, Pres. Obama, Sen. Rand Paul, Sen. Elizabeth Warren and others "are also refusing" to respond to this critical matter of Our national security. **It proves Gov't** wants **Wellness Maintenance** for our soldiers, but is determined to "not recognize me" as the legal inventor; i.e., if Americans do not respond, here, to your "immoral leadership" that's weakening Our military and the U.S. before the world.

While you people have used OSWM as a "political football" **since October 2013** (Pentagon's due date for giving me a status), **on May 12, 2015**, Fort Knox, Kentucky soldier John Jonas, in suffering post-traumatic stress (**PTSD**), shot & killed his 11-year old daughter Tasha and himself in their front yard. - Yet, if **Wellness Maintenance** was in-place by now, John's condition would have been "screened" by his unit's SERVICE-MEMBERS STRESSORS IDENTIFICATION & MANAGEMENT PROGRAM (**SSIMP**). He then would be ushered into the unit's SERVICE-MEMBERS STRESS & ANXIETY REDUCTION PROGRAM (**SSARP**). In **SSARP**, John would've undergone *Inflectional Therapy*, proven to diminish **PTSD**, **depression**, and **anxiety**. (When in-unit **SSARP** is applied to mental trauma & grief directly after a mission, it can prevent development of **PTSD**).

Sen. McCain, please help protect Our suffering soldiers, vets, and their families by requiring Congress to press the Pentagon for an "implementation status" on OSWM.

PLEASE DO NOT PUT ANOTHER SERVICE-MEMBER'S CHILD IN DANGER.

Thank you! Very sincerely,

Daniel Cobble

- PETITION LETTER -

(Send to your federal, state, & local elected officials. See "starter list.")

RE: Don't Play Politics with Operation: Service-member Wellness Maintenance (OSWM); Protect the Children & Spouses, Our Service-members & Veterans.

Today's Date _____

TO: Official's Name _____

Address _____

Dear Elected Official,

Please require the Pentagon to provide an "implementation status" on **Operation: Service-member Wellness Maintenance** (OSWM). OSWM addresses the problems of service-members' **post traumatic stress (PTSD), suicides, harassment, & sexual assaults**. Implement OSWM (or the approved parts of OSWM) if you have determined **Wellness Maintenance** will help Our soldiers.

-- As it appears by the documentation on record, recognize Daniel Cobble as the inventor / designer of OSWM, **with his final submission to the Army on Sept. 11, 2013**. This is the least we can do for Mr. Cobble's service to Our nation, his helping to protect Our service-members, veterans, & their families.

If the Pentagon is improperly withholding implementation of OSWM, it dishonors this sacred American value, and possibly harms our military services. Such as OSWM **was not** available to protect **11-year old Tasha Jonas** who was killed by her suicide father, soldier **John Jonas**, suffering PTSD on May 12, 2015 (Fort Knox, KY). Require Pentagon leadership to be at its best, so as to "rise above" the persistent low morale reported by the Army. This, of course, also affects Our national security.

-- *Thank you!*

- **Thank You for caring** for Our service-members, veterans, and for justice!

5 ATTACHMENTS

Dear Chief Conrad,

As you well know, Ms. Connie Marshall has been receiving the many, longtime, racist emailed death threats from persons affiliated with the LMPD. Last year we submitted to you copy of our **March 4, 2014 Request for Investigation** [of these death threats on Ms. Marshall] to the Louisville F.B.I. (to Special Agent-in-Charge Perrye K. Turner).

Whereby, attached, please see Ms. Marshall's Jan. 9, 2015 **1)** photograph[-flyer] of a perpetrator at her home. Said perpetrator is referenced as an "agent" in both the attached **2)** Feb. 11, 2015 & **3)** Feb. 27, 2015 emailed death threats. In said 2-27-2015 death threat, for exmample, it so states, "**take down the pictures of our agent...**" [from your website]. Here, **we now have material evidence, the face of a perpetrator** connected to these longtime death threats. For I, too, am threatened in the 2-11-2015 email.

The emails' explicit language of racism exemplifies the Ku Klux Klan within the LMPD / Metro Government . . . such as, "This is a slave state."

Another attachment is the Feb. 11, 2015 **4)** anonymous email to the Metro Council posing as Ms. Marshall, attempting to cancel her speaking to the Council meeting on Feb. 12, 2015. But Ms. Marshall protested and was allowed to speak.

I first reported these 2015 developments to LMPD on Feb. 14, 2015. Then, on **Feb. 22, 2015** I further gave to LMPD Officer Lance T. Kelly (Badge 7134) said photograph[-flyer] and said anonymous email to the Metro Council. See attached the "incomplete" **5) LMPD Police Report #80-15-011883** that does not even specify Ms. Marshall as a "victim." And, the **LMPD Sixth Division has not** contacted me or returned my phone calls regarding its investigation. - Chief Conrad, LMPD has a legal obligation to investigate this terroristic threatening, intent to murder, etc, and presence of the Ku Klux Klan in our government.

- Thank you!
