SECTION 3 – AGENCY DETAILS

Describe Agency's Vision, Mission and Services:

Vision:

Children Have Options In Choosing Experiences (C.H.O.I.C.E.) Incorporated founded in 1987. C.H.O.I.C.E. Inc. is a comprehensive, community-based prevention and early intervention program designed to guide "high risk"/"at-risk" youth and adolescents into making more positive life choices. C.H.O.I.C.E. believes that the incidence of substance abuse, violence, and negative behaviors will decrease among young people if they have a greater degree of self-esteem and the ability to cope with life's challenges. In order to achieve this goal, students need to have current information and education about drug abuse and dependency and its effect on interpersonal skills.

Mission:

C.H.O.I.C.E., Inc.'s purpose is to provide the needed services that will allow youths and adolescents to reach their maximum potential via a positive, healthy drug-free lifestyle.

Services:

The C.H.O.I.C.E. program is directed toward young people, ages 9 to 19, from mixed social-economic and ethnic backgrounds. The program assists young people in joining together to enhance their ability to make positive choices; increase their sense of self-regard; decrease the incidence of ATOD (alcohol, tobacco and other drugs) abuse; and other unhealthy risk behaviors. This is accomplished through a 28 week two-tiered program comprised of prevention education and bolstering resiliency factors within the young person. CHOICE provides a safe place for children to express their emotions and deal with unhealthy situations in a positive way. We focus on teaching youth and adolescents skills that will be required of them in the 21st Century, including critical thinking, communication, problem-solving, collaboration and teamwork.

SECTION 4 - PROGRAM/PROJECT NARRATIVE

A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

C.H.O.I.C.E. Inc. is requesting funding for one: "Dare to Dream" Sports Leadership and Mentoring school based program for females at Iroquois High School and one female mentee group at Young Elementary being served indirectly. All programs are set to begin August 17, 2015 and ends June 3, 2016.

The C.H.O.I.C.E. "Dare to Dream" Sports Leadership and Mentoring Program was developed in 2002 at Iroquois High School. The program is comprised of female athletes. The program will be conducted in 2015-2016 school year, one class period per week, during school hours at the participants' home school. The mentoring process is both one-on one and group oriented. This 28 week program address the 14 components of prevention and promotes comprehensive risk-avoidance messages for youth and adolescents. Section 4 - PROGRAM/PROJECT NARRATIVE

A - CONTINUED

Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):

Whitney Young Elementary Mentee Group - Indirect Services:

The mentee group at Young Elementary consist of 3rd, 4th and S^{II} graders. The group will focus on assisting young girls in bolstering resiliency skills, dispelling fears associated with transition to middle school, addressing issues of concerns to girls as they begin to progress through adolescence. Decision making and coping skills are a major teaching focus. There is also an emphasis on positive self-regard and enhanced self-esteem to encourage a decrease in alcohol, tobacco and other drug use potential, as well as, the confidence and resiliency needed to face a bully. Provide positive role models to help guide them through this period and in hopes of forming long lasting positive bond.

The program gives the mentors confidence to participant in other school activities and a sense of services that will improve the well-being of all. Parental consent must be obtained. The grant will directly serve 15 mentors from Iroquois High School and indirectly 15 female mentees from Whitney Young Elementary School.

This program serves to bolster resiliency skills and decrease the impact of negative influences on our young people. Behavioral assessment and current data shows that students that have completed a C.H.O.I.C.E. program have reduced absenteeism; feel positive about learning and confident in making better choices for themselves. In addition, it has been observed that students in the program have bonded more effectively with family and community as they successfully program through school and toward adulthood. A favorable attitude toward problem behavior resolutions, lack of positive role models, lack of commitment to school and academic failure (starting in late elementary school) are but a few of the dynamics that will be addressed by this program. Group confidentiality will be adhered to by all group members and the group facilitators(s). The confidentiality cause encourages participating young people to be more comfortable and safe within the group atmosphere and encourages more "truthful conversation" than otherwise would not be possible. The "Dare to Dream" Mentoring program provides hope to participants most in need and stability for those in crisis. The 40 developmental assets for healthy communities and youth are incorporated.

C.H.O.I.C.E. over the years have observed and data support that working with children of poverty and children from minority population, it is important to provide programs and services that are community-based and culturally competent as well, with program that services responding to cultural, racial and ethnic difference of the population (Sroul & Friedman, 1986) C.H.O.I.C.E. was founded on the belief that adolescence is a dynamic and challenging time of life, during which education, support, and guidance from adults and peers can nurture positive youth development.

Outcome evaluation will be use to determine pre and past group educational and behavior change. A pre/post educational learning assessment will be given to ascertain the change in knowledge base on each student in the group utilizing the overall learning objectives of the program. In addition, a behavioral evaluation will be completed by facilitators and significant others (e.g., counselors) at least three (3) times during the group experiences to assess change.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

No

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(i)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

. If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours:

Robert T. Johnson District Director

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

 - 2. Certify that you are not subject to backup withholding, or
- 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- · A partnership, corporation, company, or association created or organized in the United States or under the laws of the United
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership

Whitney Young Family Resource Center "-Building Bridges Towards Success"

Metro Council

Greetings Metro Council,

I am the Family Resource Coordinator at Whitney Young IB World School. The Family Resource Center (FRC) works to remove barriers to students' learning. The FRC promotes resources and support to families that enhance functioning, growth and development of individuals and the family unit. The FRC provides different programs throughout the school year, to help support academic success of students and remove nonacademic barriers. The FRC is funded through the state budget and as budgets are getting slimmer every year, if programs such as C.H.O.I.C.E were not funded by outside sources the FRC grant would not be able to support this program cost.

C.H.O.I.C.E has been providing programs to our female students at Young since 2008. Since the start of the program here we average 13-15 girls during a school-year. We have seen our girls self-esteem and behaviors impacted by the mentor/mentee program. Our girls are always excited when we have the opportunity for them to meet with their mentors. So on behalf of the students that participated in C.H.O.I.C.E. at Young we want to say Thank You for your sponsoring this program. We hope that with sponsors like yourself that we can continue to offer such a valuable program to our students here at Young. Thank you again for your sponsorship. We have graciously benefited from your assistance with the C.H.O.I.C.E. program at our school.

Sincerely,

Mrs. Birch, FRC MSSW

To Whom It May Concern:

As Councilman of Louisville Metro Council District 22 since 2003, I can attest to the effectiveness of the C.H.O.I.C.E. program. I have supported and worked with this nonprofit organization for more than 10 years.

In this capacity, C.H.O.I.C.E. Inc. has provided prevention and early intervention services to "high-risk"/"at-risk" youth and adolescents for over 26 years that target alcohol, tobacco and other drug abuse; delinquency; violence and gang behaviors; school failure; teen parenthood and other high risk behaviors that impede healthy progression to adulthood. This organization does an exceptional job of collaborating with other agencies to strengthen the services provided.

C.H.O.I.C.E. has been recognized locally and nationally as a program that has made a successful impact with young people, families and in the community at large through providing current information and education regarding drug abuse and dependency and its effect on interpersonal skills which result in young people making positive, alternative, lifestyle choices.

Currently C.H.O.I.C.E. provides an all male, "Dare to Dream" Sports Leadership and Mentoring program at Fern Creek Traditional High School with gender specific mentees from Watterson Elementary School, a program that is co-sponsored by District 22. The Jefferson County Public School system supports C.H.O.I.C.E. in providing the group services during school hours at the student's home school.

C.H.O.I.C.E. is a program that uniquely focuses on "high-risk" and "at-risk" youth and adolescents by bolstering resiliency which leads to a reduction in risk factors. It is a resource that our schools have found to be very beneficial in giving "high-risk" and "at-risk" students a safe environment and an opportunity to develop coping skills and allows them an avenue towards making better choices, healthier lifestyles and more productive futures.

I will continue to financially support and work with C.H.O.I.C.E. Inc. so that their services can be utilized with youth and adolescents and empowering them to make alternative, healthy, lifestyle choices. C.H.O.I.C.E. is in need of additional financial support because of the very successful programs they provide and which are much-needed in our community.

Again, we are excited about the opportunity this program will provide to the young people, families and the Louisville Metro area.

To Whom It May Concern:

The Louisville Metro Housing Authority is pleased to have partnered with C.H.O.I.C.E. Inc., (Children Have Options In Choosing Experiences) for more than 20 years to provide support services as a prevention strategy to LMHA's at-risk youths. The services offered have been in collaboration with the Jefferson County Public Schools, namely at Meyzeek and Noe Middle schools.

Over the years, hundreds of students at these schools have participated in group sessions that cover a range of topics including positive decision-making, coping skills, self-esteem, AIDS education, assertiveness vs. aggressiveness, refusal skills, school success/behavior/attendance, family issues, relationships, multicultural heritage explanation, etc. By developing these skills, students can feel more secure in their "choice" not to use drugs or alcohol, or not to exhibit negative behavior. The program is so popular among students that there is always a waiting list for participation.

The C.H.O.I.C.E. program is highly recommended and has received national and local recognition for its efforts. This reflects the quality with which the program is administered by Ms. Shannon and the other C.H.O.I.C.E. staff and volunteers.

The Housing Authority has enjoyed the partnership with C.H.O.I.C.E over the years and look forward to working with them in the future. If you have any questions or need additional information, please do not hesitate to contact me at 502.569.3422.

Sincerely,

Diane Foster
