#### Communications with Applicant, Completion of Application

The application was received on March 25, 2016 after a Stop Work Order was issued. The application was considered complete and needing Committee review on March 28, 2016.

The case was heard by the Cherokee Triangle Architectural Review Committee on April 13, 2016 at 4:30 pm, at 444 South Fifth Street, conference room 101. The committee agreed to defer the case for 60 days until the applicant could seek out paint stripping procedures and have them evaluated and come back to the committee with results. Staff and Committee member Christopher Quark met with applicant on June 9, 2016 for the evaluation of the paint removal process. The committee will proceed with case on the June 22, 2016 meeting of the ARC at 4:30 p.m. at 444 South Fifth Street, conference room 302.
