Land Development Code (revised July 2016)

STANDARD OF REVIEW AND STAFF ANALYSIS FOR RDDDP AND AMENDMENT TO BINDING ELEMENTS

- a. The conservation of natural resources on the property proposed for development, including: trees and other living vegetation, steep slopes, water courses, flood plains, soils, air quality, scenic views, and historic sites;

STAFF: The proposed development is surrounding by existing development of a similar nature and does not appear to add substantial negative impact on the existing natural resources.

- b. The provisions for safe and efficient vehicular and pedestrian transportation both within the development and the community;

STAFF: Provisions for safe and efficient vehicular and pedestrian transportation within the development and the community have been made. Transportation Planning has approved the preliminary development plan.

- c. The provision of sufficient open space (scenic and recreational) to meet the needs of the proposed development;

STAFF: Site development includes an outdoor amenity area with a stairway connection to an existing walking path on the adjacent open space parcel.

- d. The provision of adequate drainage facilities on the subject site in order to prevent drainage problems from occurring on the subject site or within the community;

STAFF: The Metropolitan Sewer District has approved the preliminary development plan and will ensure the provisions of adequate drainage facilities on the subject site.

- e. The compatibility of the overall site design (location of buildings, parking lots, screening, landscaping) and land use or uses with the existing and projected future development of the area;

STAFF: The overall site design and land uses are compatible with existing and future development of the area. Adjoining properties within the Eastpoint Business Center are developed with a mixture of office, warehouse and commercial uses. The plan includes landscape buffers along the frontages, sufficient parking and sidewalks for pedestrian mobility.

- f. Conformance of the development plan with the Comprehensive Plan and Land Development Code. Revised plan certain development plans shall be evaluated for conformance with the non-residential and mixed-use intent of the form districts and comprehensive plan.

STAFF: The development plan conforms to applicable guidelines and policies of the Comprehensive Plan and to requirements of the Land Development Code (LDC).

TECHNICAL REVIEW

The proposed development plan has received preliminary approvals from planning staff, Transportation Planning and the Metropolitan Sewer District.

STAFF CONCLUSIONS

The Revised Detailed District Development Plan appears to meet standards of review based on staff analysis.

Based upon the staff report and testimony and evidence presented at the public meeting, the Land Development & Transportation Committee must determine if the proposal meets standards established in the LDC for approval of a Revised Detailed District Development Plan.

REQUIRED ACTIONS

APPROVE or **DENY** the Revised Detailed District Development Plan.
