

Proposed Development for 800-810 S. 13th Street

The owners of the property located at 800-810 S. 13th Street are proposing a 7,200 square foot building to store and repair heavy trucks used in their existing business. The lot is currently vacant and contains a 22,134 square foot asphalt area. The building will be located on a portion of the existing asphalt and proposed parking and vehicle use area will also be on the existing asphalt.
